BOARD OF TRUSTEES

At the date of this Report

Showing date of first appointment.

Appointed by Government.

1.	W. H. NEILSON, Esq., O.B.E., V.D., M.A., M.A.I., M. Inst. C.E., M.I. Mech. E., (*Chairman*)		14th September 1925.
2.	Sir LAWLESS HEPPER, Kt. ..	..Director of Development ..	.. 16th May 1911.
3.	H. B. CLAYTON, Esq., C.I.E., I.C.S. (*on leave*)	..Municipal Commissioner ..	.. 28th November 1913.
	H. K. KIRPALANI, Esq., I.C.S. (*Acting*)	Do. ..	.. 8th April 1926.
4.	The General Officer Commanding, Bombay District (Major-General E. S. GIRDWOOD, C.B., C.M.G.) ..	....	18th June 1926.
5.	Sir ROBERT McLEAN, Kt., (*on leave*)	..Agent, G. I. P. Railway ..	.. 5th May 1922.
	T. G. RUSSELL, Esq. (*Acting*)	Do. ..	.. 27th March 1926.
6.	Captain E. J. HEADLAM, C.S.I., C.M.G., D.S.O., R.I.M.	..Director, Royal Indian Marine ..	7th July 1922.
7.	A. M. GREEN, Esq. I.C.S., (*on leave.*)...	Collector of Customs	.. 27th December 1922.
	W. W. NIND, Esq. (*Acting*)	Do.	.. 15th February 1926.
8.	Sir ERNEST JACKSON, Kt., C.I.E. ..	Agent, B. B. & C. I. Railway	.. 7th June 1924.

Elected by the Chamber of Commerce.

9.	F. C. ANNESLEY, Esq. ..	..Messrs. Killick Nixon & Co.	1st April 1921.
10.	A. K. GRAHAM, Esq. (*on leave*)	..Messrs. Graham's Trading Co., Ltd. ..	19th November 1920.
	R. D. ENGLAND, Esq. (*Acting*)	.. Do. ..	27th March 1926.
11.	Sir LESLIE HUDSON, Kt. ..	..Messrs. Mackinnon, Mackenzie & Co.	1st August 1924.
12.	T. E. CUNNINGHAM, Esq. (*on leave*)	..Messrs. Turner, Morrison & Co., Ltd.	1st April 1923.
	E. MILLER, Esq. (*Acting*) ..	..Messrs. The Asiatic Petroleum Co. (India), Ltd.	31st March 1926.
13.	V. A. GRANTHAM Esq. (*on leave*)	..Messrs. Forbes, Forbes Campbell & Co.	1st April 1925.
	J. R. ABERCROMBIE, Esq. (*Acting*)	..Messrs. Wilson Latham & Co., Ltd. ..	29th March 1926.

Elected by the Indian Merchants' Chamber.

14.	Sir PURSHOTAMDAS THAKURDAS, Kt., C.I.E. M.B.E., (*on leave*) ..	..Messrs. Narandas Rajaram & Co. ..	4th February 1914.
	VITHALDAS KANJI, Esq. (*Acting*)	..Messrs. Vissanji Khimji & Sons ..	27th May 1926.
15.	The Hon'ble Mr. MANMOHANDAS RAMJI	..Messrs. Vussonji Munjee & Co. ..	1st April 1908.
16.	LALJI NARANJI, Esq.	..Messrs. Mulji Jetha & Co.	1st April 1923.
17.	MATHURADAS CANJI MATTANI, Esq...	..Messrs. Canjee Dwarkadas & Co. ..	1st April 1925.
18.	LAKHMIDAS ROWJEE TAIRSEE, Esq	Messrs. Lakhmidas & Co.	1st April 1925.

Elected by the Bombay Municipality.

19.	The Hon'ble Sir PHIROZE SETHNA, Kt., O.B.E. (*on leave*)	..Messrs. Phiroze C. Sethna & Co. ..	10th August 1916.
	MEYER NISSIM, Esq. (*Acting*)..	..Messrs. Meyer Nissim & Co.	27th August 1918.
20.	FAZUL IBRAHIM RAHIMTULLA, Esq.	Messrs. Fazulbhai Ibrahim & Co. ..	7th February 1921.

Elected by the Millowners' Association.

21.	N. B. SAKLATVALA, Esq. C.I.E.	..Messrs. Tata Sons, Ltd.	1st April 1923.

Principal Officers of the Board

At the date of this Report.

W. R. S. SHARPE .. ..Deputy Chairman.

Engineering Department.

J. McCLURE, M. INST. C.E. ... ..Chief Engineer. (*On leave.*)
G. E. BENNETT, M.Sc., M. INST. C.E. ...Deputy Chief Engineer (*Acting Chief Engineer*).
F. G. CARRON, M. INST. C.E. ... ...Executive Engineer (Construction). (*Acting Deputy Chief Engineer*).
A. G. MILNE, A.M.I.C.E. ... .Acting Executive Engineer (Construction).
C. W. WALES, M. INST. C.E. ... ..Executive Engineer (Dredging). (*On leave.*)
A. HALE-WHITE, M.A., A.M.I.C.E. ..Executive Engineer (General Works) (*Executive Engineer, Dredging*).
B. C. ROWLANDSON ... ...Executive Engineer (Railway) (*Executive Engineer, General Works*).
G. E. TERREY, A.M. I.C.E... ... ...Acting Executive Engineer (Railway).
R. McMURRAY, M.I. MECH. E. ... ...Mechanical Superintendent.

Port Department.

CAPTAIN E. V. WHISH, O.B.E., R.I.M. ..Port Officer.
COMMANDER P. G. GLANVILLE, R.I.M. ..Assistant Port Officer.
W. S. HOSEASON, F.R.M.S... ..Harbour Master.
H. E. JOHNSON .. ..Senior Dock Master.

Secretary's Department.

N. M. MORRIS.. ... ...Acting Secretary.
T. B. HAWKINS ... ...Acting Deputy Secretary.

Accounts Department.

C. P. GAY .. ..Chief Accountant. (*On leave.*)
J. F. PEREIRA, B.A.... ... .Acting Chief Accountant.
W. D. READ .. ..Deputy Accountant.
W. E. McDONNELL .. ..Acting Deputy Accountant.

Docks Department.

C. N. RICH, B.A... .. ..Docks Manager.
F. A. BORISSOW .. ..Deputy Docks Manager. (*On leave.*)
W. G. H. TEMPLETON .. .. .. Do. do. do.
F. SEYMOUR WILLIAMS .. .. .. Do. do. do.
P. A. DAVIES .. .. Do. do. do. (*Office*).
E. C. JOLLEY .. ..Acting Deputy Docks Manager.

Land and Bunders Department.

F. H. TAYLOR, F.S.I., M.R.S.I. .. ..Manager.
B. C. DURANT.. .. ..Deputy Manager.

Railway Department.

J. R. REYNOLDS, C.I.E. .. .. ..Manager.
D. G. M. MEARNS .. ..Deputy Manager. (*On leave.*)
E. G. LILLEY, B.A. .. ..Deputy Manager.
A. F. WATTS .. .. Do. do.

Stores Department.

H. E. LEES .. ..Controller of Stores.

Medical Department.

DR. W. NUNAN, B.A., M.D., B.CH. .. ..Administrative Medical Officer.
DR. F. D. BANA, M.B., M.R.C.S., D.P.H., D.T.M. & H. .. ..Medical Officer, Prince's Dock Dispensary.

Bombay Port Trust.

ADMINISTRATION REPORT FOR THE YEAR 1925-26.

General Remarks on the year's working.

THE original estimates of receipts for the year 1925-26 were based on the anticipation of a slight improvement in trade conditions as compared with the preceding year. The returns for the first few months fulfilled this expectation, but the improvement was not maintained and the receipts in the later months fell considerably short of budget expectations. To counterbalance the fall in revenue the energies of all departments were concentrated on retrenching working expenses in every possible direction. The proposals submitted by the Special Retrenchment Officer (Mr. H. N. Heseltine, C.I.E.), who completed his expenditure investigation in March 1925, were fully considered by the Board and detailed schemes for staff retrenchment in all departments were put into operation during the year. It will necessarily take some time before the full effect of these retrenchment measures is felt as they include revisions of clerical grades and abolition of a number of posts the incumbents of which have been granted such leave as was due to them preparatory to retirement. Proposals for effecting further economies by standardisation and simplification of procedure in all departments were also put in train. It is estimated that the retrenchment effected in annual expenditure as a result of this special campaign will ultimately amount to over Rs. 12 lakhs. In addition redoubled efforts were made to curtail expenditure on maintenance, stores and repairs, to an absolute minimum with the result that the actual expenditure for the year shows a saving of Rs. 20.38 lakhs on the original expenditure estimates and Rs. 6.29 lakhs on the revised estimates.

2. The receipts under all heads, including Rs. 47,59,801 from surtaxes, amounted to Rs. **2,84,13,548** against the original estimates of Rs. 2,96,75,000 and the revised estimates of Rs. 2,81,68,800. As compared with the actuals of Rs. 2,73,76,984 for the preceding year, 1924-25, the receipts for the year under report show an increase of Rs. 10,36,564 but of this Rs. 4,72,178 is merely nominal, being due to the alteration in the method of accounting the Hamallage and Sanitary Department recoveries at the docks, which have been shown under revenue receipts during 1925-26 instead of being credited in reduction of expenditure as in previous years. Details of the receipts are given in paras. 18 to 30 and Appendix A. The total expenditure (excluding special expenditure met from special receipts) aggregated Rs. **2,76,53,225** (*vide* details given in para. 31 and Appendix B), the result of the year's working being a surplus of Rs. 7,10,291 under General Account, available for transfer to the Revenue Reserve Fund, and Rs. 50,032 under Pilotage Account for transfer to the Vessels Replacement Fund, Pilotage Account. Excluding liabilities budgetted for 1925-26, but paid after the close of the year, the result of the year's working was a net surplus of about Rs. 4 lakhs. Having regard to the trade conditions prevailing during the year, this result must be considered as satisfactory.

3. The total tonnage of cargoes dealt with at the docks and bunders during the year was 6,460,000 tons against 6,459,000 tons in 1924-25. The following figures show the comparison in detail :—

	Imports.		Exports.	
	1924-25.	**1925-26.**	1924-25.	**1925-26.**
Docks	2,192,000	**2,283,000**	2,630,000	**2,580,000**
Bunders	1,226,000	**1,193,000**	411,000	**404,000**
Total ..	3,418,000	**3,476,000**	3,041,000	**2,984,000**

4. An outstanding feature of the trade of the year under review was the record increase in the importations of petrol, which amounted to 7,444,000 gallons as against 6,254,000 gallons in 1924-25. The Trustees reduced the wharfage on bulk petrol from 1 anna 6 pies to 1 anna 3 pies per gallon with effect from August 1925.

5. The Docks Hamallage (Labour) Department satisfactorily met all demands for labour during the year and it is pleasing to record that the docks labour was not affected by any unrest or industrial dispute. The average number of labourers engaged daily was 2,506 against 2,680 in 1924-25 and the highest number employed on a single day was 4,157 against 5,109 in the previous year. The total tonnage of goods handled during 1925-26 amounted to 4,087;104 tons, the inclusive labour charges averaging 3.91 annas per ton as compared with 3.94 annas per ton in 1924-25.

6. The docks revenue collections for 1925-26 excluding recoveries from Hamallage and Sanitary Departments amounted to Rs. 149.45 lakhs as against actuals of Rs. 148.57 lakhs during the previous year. There was no enhancement in dock charges on goods or vessels, with the exception of an increase of 33⅓ per cent. in cranage charges from 1st April 1925, levied in view of the fact that the outgoings exceeded the earnings by approximately 50 per cent.

7. As a precaution against the introduction of the Mexican boll weevil into India through the medium of imported American cotton bales, regulations were formulated by Government, in consultation with the Trustees, for the fumigation of all American cotton, the importation of which into British India was restricted to the port of Bombay and to the fair season months, November to May. An enclosed area was set apart on the Mazagon-Sewri Reclamation exclusively for the landing and delivery of fumigated cotton and the Trustees undertook, on behalf of Government, to transport the cotton from the importing vessels to the fumigation depot and to collect the special fumigation charges from importers. Under these arrangements 14,355 bales imported in 21 vessels were dealt with and fumigated without any delay to the importing vessels and with a minimum of inconvenience to importers. In response to the wishes of the trade, the Government of India

have now decided as an experimental measure to permit the importation and fumigation of American cotton during the monsoon months ; special arrangements being made for fumigation to be carried out in Prince's Dock.

8. There was a slight improvement over the preceding year in the number of vessels occupying the dry docks, the number of vessels docked being 200 against 193 in 1924-25. The total tonnage increased to 713,973 tons, being 36,734 tons more than the previous year. The departmental working of the dry docks was carried out successfully and economically throughout the year.

9. The Ballard Pier berth was used by 178 vessels as against 170 during 1924-25. Postal and passenger trains to and from the station connecting with the incoming and outgoing mail steamers were run regularly during the year, the number of special trains being 301 against 271 in the previous year. The temporary hotel accommodation provided at the station for the convenience of ocean-going passengers was made use of by 3,156 adults and 458 children as against 3,325 adults and 556 children in 1924-25.

10. The additional passenger berth on the Alexandra Dock Harbour Wall accommodated 48 vessels against 57 in the previous year.

11. The total tonnage dealt with at the Bunders was 1,596,814 tons against 1,637,000 tons during 1924-25, the principal decreases being in coal, chunam, sand, cotton and kerosene oil in bulk.

12. In response to a representation from the East India Cotton Association, the Trustees sanctioned a reduction of Rs. 504 per annum on each godown at the Mazagon Cotton Depot with effect from 1st September 1925. The concession amounts to a reduction of Rs. 89,712 a year in the rentals of the 178 godowns at the depot, of which 169 were occupied at the close of the year. Out of 241 jethas at the depot 90 were not taken up during the last season, but more than half of these were subsequently occupied for short periods on casual tenancy.

13. The transfer of the manganese ore trade from Wari Bunder to the new depot on the Mazagon-Sewri Reclamation was effected during the year under report.

14. There was a slight increase in the foreign inward and outward traffic on the Port Trust Railway, which aggregated 500 lakhs of maunds against 477 lakhs during 1924-25. The principal increases occurred in the inward traffic in cotton, charcoal, grain and seeds. Local traffic was about the same as in the preceding year, although there was a small increase in cotton railed to the docks for export. The bulk of the cotton for export continued to be conveyed from the depot to the docks by carts and lorries, in spite of the reduction in the railway rates. The popularity of the motor lorry with exporters is due to its greater mobility of operation and saving of time, especially in the case of small shipments. The competition of the motor vehicle is being increasingly felt by railways all the world over. The question has been very fully discussed with the East India Cotton Association and

proposals are now under consideration to offer further inducements to exporters to use the railway for transporting their cotton to the docks. It is an acknowledged fact that the cart and lorry rates are much lower than when the trade was located at Colaba and that they would return to their former high level if the railway facilities were closed down, an alternative which the Trustees may have to consider if exporters do not make more use of the railway.

15. During the year under review the Bombay Chamber of Commerce held an investigation into the cost of handling goods imported and exported *via* Bombay, with a view to determining whether the Bombay port charges are causing any diversion of border line trade to other ports. The Chamber's report was exhaustively considered by the Trustees and their conclusions were submitted to the Chamber, and also to the Indian Merchants' Chamber and other kindred Associations, in the form of a note showing the fluctuations in the annual volume of trade at the various Indian ports and in the principal commodities handled at the Port of Bombay and commenting on the Port Trust charges and the various causes which, in the Trustees' opinion, conduce to divert trade from Bombay. The final conclusions were as follows :—

(1) At a time of world-wide industrial and trade depression it is obvious that a port like Bombay, whose prosperity is so largely dependent on its great local industries, must suffer to a relatively greater extent than distributing ports which are not in themselves industrial centres and which rely chiefly for their trade on the agricultural produce of the hinterland. Considering the depression in the textile industry and the restriction of overseas trade in all industrial commodities, it is considered that Bombay's trade returns for the past two years may be regarded as satisfactory and that there is no reason to take a pessimistic view as to the future of the port.

(2) It cannot be denied that there has been some diversion of trade from Bombay during the past four years, chiefly in exports of cotton and seeds *via* Karachi and manganese ore *via* Calcutta.

(3) The chief factors which operate against Bombay as a port of export are—

(*a*) the terminal tax of Re. 1 per bale on cotton ;

(*b*) heavy capital expenditure on port and terminal railway facilities and high Municipal taxation ;

(*c*) disparity of railway rates on manganese ore to Bombay as compared with Calcutta ;

(*d*) high rents, establishment, labour and insurance charges.

(4) The remedies which suggest themselves are—

(*a*) continuance of a policy of drastic economy in all branches of the Port and Railway administration and curtailment of capital works to the essential minimum, with a view to reduction in port and transportation charges ;

(*b*) replacement of terminal tax on cotton by some more equitable form of taxation ;

(*c*) allotment of a larger share of terminal goods traffic to the Port Trust Railway, in order to lower the ratio of working costs and thereby reduce terminal and local charges ;

(*d*) extended use by exporters of the facilities provided by the Port Trust for storage and for railing export cargo from depots to docks ;

(*e*) reduction of insurance charges, especially on cotton.

In reply to the Trustees' note, the Committee of the Chamber express general agreement with the conclusions stated and the remedies suggested but observe that they regard with concern the heavy capital debt of the Port, especially as the bulk of the increased trade which may be expected to result from agricultural development in the Presidency is likely to go to Karachi, although the cost of the big irrigation schemes under construction will to a large extent fall on the Bombay tax-payer. The Committee further point out that, in addition to the growing competition of Karachi, the export trade of Bombay is also likely to be affected by the development of Marmagoa and other small coastal ports and by the ultimate completion of the Vizagapatam Harbour scheme. While welcoming the Trustees' assurance that no effort will be spared to enforce the strictest economy, the Committee emphasise their view that no fresh capital expenditure should be undertaken until there is a marked improvement in trade. They also suggest that the Port Trust should undertake a yearly review of comparative rates and charges and trade fluctuations at the various Indian ports. It is proposed to carry out this suggestion as far as the existing machinery for collection and compilation of statistics will permit and also to enlist the assistance of the railways and the co-operation of the other port authorities concerned.

16. A conference of the Chairmen of the major Indian ports was held in Calcutta in February 1926 to consider the advisability of organising a permanent Association of Indian Port Authorities on the lines of the British Association. It was unanimously agreed that such an association would serve a useful purpose and would facilitate consultation and co-operation on questions of mutual interest or matters requiring common action. The proposals have been approved by the Trustees.

17. Capital Expenditure during the year was restricted to essential works and amounted to Rs. 42.21 lakhs, of which Rs. 8.87 lakhs was expended on dredging plant ; Rs. 7.57 lakhs on the deepening of the Alexandra Dock entrance channel ; Rs. 5.17 lakhs on the construction of a transit shed at No. 9 berth, Alexandra Dock ; Rs. 2.73 lakhs on a new caisson for the Merewether Dry Dock and Rs. 2.33 lakhs on the reclamation for coal north of the existing Coal Bunder. No new loan was raised by the Trustees during the year, the expenditure being financed from loan balances in hand.

REVENUE (Details).

18. The year's Revenue, *excluding Special Receipts*, compares with that of previous years as follows :—

Average of three years ending	1919–20	.. ..	Rs.	1,89,31,042
Do. do.	1922–23	.. ..	,,	2,33,25,834
During the year	1923–24	.. Rs. 2,60,71,811		
Do.	1924–25	.. ,, 2,73,76,984	Average ,,	2,72,87,448
Do.	1925–26	.. ,, 2,84,13,548		

Compared with the last five years the result of the working of the past year is as follows :—

Result of the year's working compared with previous years (Appendix 'A').

	Income.			Expenditure.		Surplus.	Deficit.
	Revenue Proper. Rs.	Surtax. Rs.	Special Receipts. Rs.	Expenditure Proper. Rs.	Special Expenditure. Rs.	Rs.	Rs.
1920–21 ..	2,20,31,745	2,65,816	5,58,218	2,21,57,968	5,14,701	1,83,110	....
1921–22 ..	2,04,44,158	12,73,431	7,89,615	2,27,80,453	7,89,615	....	10,62,864
1922–23 ..	2,09,96,302	49,66,049	8,71,019	2,57,74,652	8,26,502	2,32,216	....
1923–24 ..	2,14,27,766	46,44,046	9,26,766	2,61,90,386	9,36,012	....	1,27,820
1924–25 ..	2,26,01,556	47,75,428	9,48,694	2,73,20,809	9,65,025	39,844	....
1925–26 ..	**2,36,53,748**	**47,59,801**	**9,53,590**	**2,76,53,225**	**10,03,623**	**7,10,291**	....

A comparative statement for the past five years giving the details of revenue under the various departmental sections and heads is printed as Appendix A of this report.

Revenue Reserve Fund.

19. The surplus for the year under report amounting to Rs. 7,10,291 has been appropriated to the Revenue Reserve Fund, which will thereafter stand as follows :—

Total as per Administration Report, 1924–25	Rs.	69,05,002
Add—Revenue Surplus, 1925–26	,,	7,10,291
Amount transferred from Securities Depreciation Fund	,,	3,84,039
*Total	Rs.	79,99,332

*Invested in public securities of the par value of Rs. 71,39,800	Rs.	71,02,957
Cash balance	,,	8,96,375
Total ..	Rs.	79,99,332

Taking the securities at their market value and adding the amount set aside in the Securities Depreciation Fund against depreciation of Revenue Reserve Fund securities, the actual value of the Revenue Reserve as at 31st March 1926 amounts to about 73¾ lakhs of rupees.

Bunders and Land Revenue.

20. The revenue from the bunders was about Rs. 1 lakh over, and from the land estate Rs. 2½ lakhs below, the original budget expectations. The decrease in the revenue from the land estates was due to a falling off in receipts from monthly tenancies.

Wharfage Fees.

21. Wharfage fees on merchandise at the docks and bunders amounted to Rs. 82,35,436, being an increase of Rs. 6,00,761 as compared with the corresponding figure for 1924-25. The increase is principally due to the larger importations of bulk petrol. Transhipment fees on cargo amounted to Rs. 1,27,904, a decrease of Rs. 37,022 as compared with the fees for the year 1924-25.

The following figures show the comparison of import and export wharfage for the last three years :—

Year.	Import Wharfage.	Export Wharfage.	Total.
	Rs.	Rs.	Rs.
1923-24	42,12,152	30,52,069	72,64,221
1924-25	46,08,199	30,26,476	76,34,675
1925-26	**49,51,751**	**32,83,685**	**82,35,436**

Dock Dues on Vessels.

22. The receipts from dock dues on vessels amounted to Rs. 5,98,499, an increase of Rs. 20,689 as compared with the year 1924-25.

Ground and Shed Rents at the Docks.

23. Ground and shed rent receipts at the docks aggregated Rs. 5,78,164, a decrease of Rs. 3,21,792 as compared with the year 1924-25. The reduction is due to quicker clearances of cargoes from the transit sheds.

Surtax in the Docks, Bunders & Pilotage Departments.

24. The amount collected on account of surtaxes on rates in the different departments were as follows :—

	Rs.
Wet Docks	43,79,759
Bunders	2,93,086
Pilotage Account	86,956
	47,59,801

Land Estate Ground Rents.

25. Ground rent receipts at the bunders and from the land estates amounted to Rs. 28,12,461, a decrease of Rs. 57,633 as compared with the previous year. The decrease is due to less demand for temporary occupations. The following figures afford a comparison :—

	Rents realised.		
	From leaseholds.	From monthly tenancies.	Total.
	Rs.	Rs.	Rs.
1921-22	11,18,955	14,68,488	25,87,443
1922-23	14,49,291	15,72,444	30,21,735
1923-24	15,44,361	15,27,450	30,71,811
1924-25	15,76,083	12,94,011	28,70,094
1925-26	**16,15,680**	**11,96,781**	**28,12,461**

The total area of land let on leasehold at the end of the year was 1,388,006 square yards against 1,366,584 yards at the close of 1924-25. The number of leases existing on Port Trust estates on 31st March 1926 for which bills are rendered was 546 against 542 on the 31st March 1925.

Mereweth e r and Hughes Dry Docks Receipts.

26. The revenue from the Merewether and Hughes Dry Docks amounted to Rs. 3,83,337 as against Rs. 3,49,102 in the previous year, or an increase of Rs. 34,235. The gross tonnage dealt with was 713,973 tons against 677,239 tons in the previous year, or an increase of 36,734 tons. The expenditure on working the Dry Docks was Rs. 2,51,725 as against Rs. 3,07,592 in the previous year, or a decrease of Rs. 55,867. The proportion of working expenses to receipts during 1925-26 is the lowest on record.

Port Trust Railway Receipts.

27. The receipts of the Railway during the year amounted to Rs. 27,87,942 as against Rs. 27,50,310 in the previous year, an increase of Rs. 37,632. Terminal charges were paid during the year by the two railways

at 6 pies per maund, the rate provisionally fixed by Government pending their orders on the report submitted by Mr. C. W. Lloyd Jones, C.I.E., the special officer appointed by the Railway Board to investigate this question. The report together with the opinions of the Railways and the Port Trust on the proposals put forward is now under consideration by Government.

The traffic earnings collected on account of the G. I. P. and B. B. & C. I. Railways and paid over to them totalled Rs. 3,38,68,000 as against Rs. 3,27,40,000 in 1924-25.

Interest and Miscellaneous Receipts.

28. The receipts under this section amounted to Rs. 14,73,137 as against Rs. 12,86,342 in the preceding year. The increase is principally due to the profit on remittances of interest on Sterling loans owing to the favourable rates of exchange prevailing during the year.

Port Department.

29. The revenue of the Port Department amounted to Rs. 5,35,481 as against Rs. 5,27,066 in the previous year, an increase of Rs. 8,415.

Pilotage Account.

30. The Pilotage receipts, including interest on investments of the Vessels Replacement Fund, totalled Rs. 4,89,376 as against Rs. 4,74,777 in 1924-25. Pilotage, transporting and pilots' attendance fees realised Rs. 3,49,797 against Rs. 3,41,887 in the previous year. The receipts from surtax amounted to Rs. 86,956. The Pilotage Account closed with a surplus of Rs. 50,032 which has been transferred to the Vessels Replacement Fund.

REVENUE EXPENDITURE (Details).

Comparison of Expenditure with previous year and with Budget.

31. The total expenditure charged to Revenue under the several heads of account is compared with the actuals of 1924-25 and the revised budget estimates for 1925-26 in the following statement :—

——	Actuals, 1924-25.	Revised Budget, 1925-26.	Actuals, 1925-26.	Actuals, 1925-26, in comparison with			
				Actuals, 1924-25.		Revised Budget, 1925-26.	
				More.	Less.	More.	Less.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.

Special Expenditure ..	9,48,694	9,23,900	9,53,590	4,896	..	29,690	..
Grand Total.. ..	2,82,69,504	2,92,05,843	2,86,06,815	12,65,605	9,28,294	60,307	6,59,335
Net Difference ..	..	..	..	3,37,311	..	..	5,99,028

The principal increase occurs under Debt charges and is due to payments in respect of the loan of Rs. 50 lakhs borrowed in 1924-25 for the progress of works and to the payment of the first equated instalment in respect of the loan of Rs. 160 lakhs taken in 1923-24. The increase under General charges is due to Engineering Establishment and charges being shown under this section instead of being allocated to the various revenue expenditure sections as in previous years. Under Land and Bunders the increase is due to repairs and maintenance on the extended properties of the Trust.

A comparative statement showing the expenditure under the respective sections during the past five years is printed as Appendix B of this report.

DEBT.

32. In view of the depressed condition of trade and the necessity to avoid any increase in debt charges, the Trustees curtailed their Capital programme by postponing all works not immediately essential. No new loan was therefore necessary during the year under report.

Total Debt.

33. The total debt of the Board at the close of the year amounted to Rs. 22,60,68,505 of which Rs. 7,80,02,829 was due to Government and Rs. 14,80,65,676 was on account of the Foreshore Securities and Debenture Loans due to the public. Details are given on page 6 of the accounts.

Total Expenditure on Capital Account.

34. The total expenditure on Capital account since the constitution of the Trust (pages 3 and 8—15 of the accounts) amounts to Rs. 23,25,87,713 from which Rs. 11,73,994 (being receipts from sale of old plant, etc., paid to Government in reduction of debt to 31st March 1914) has to be deducted, leaving Rs. 23,14,13,719. The cost of the old lightship "Colaba," the Kennery and Dolphin Lighthouses, and certain other properties originally made over to the Trustees by Government free of charge are not included in this amount and it also does not take into account the invested funds and unspent balances of loans aggregating Rs. 5,66,67,282 as under : —

	Rs.
General Sinking Fund (page 4 of the accounts)	2,61,20,770
Victoria Dock Sinking Fund (page 4 of the accounts)	66,60,359
Revenue Reserve Fund (par value and cash balance uninvested, page iv of this report)	80,36,175
Depreciation, Fire Insurance and other funds for special purposes (page 4 of the accounts)	65,85,863
Cash being amount of unspent balances of loans (page 3 of the accounts)	92,64,115
Rs. ..	5,66,67,282

TRADE AND TRAFFIC STATISTICS.

Aggregate value of trade of year.

35. The value of the trade of the Port as shown in the Customs returns, inclusive of Government transactions, was Rs. 304 crores as compared with Rs. 359 crores in the previous year, a decrease of about 15 per cent.

Appendix 'C' Traffic Statistics.

36. Details of traffic in the most important items of the trade of the Port (Docks and Bunders combined) are given in the comparative statement for the last ten years printed as Appendix C of this report.

The most noticeable features under imports were the record importations of liquid fuel and petrol. The increases in the bulk importations of these commodities over the figures for last year were : liquid fuel, 4,525,000 gallons ; and petrol, 1,190,000 gallons.

Imports of grain increased from 223,000 tons to 359,000 tons, of which 100,000 tons occurred under rice, 31,000 tons under wheat and 5,000 tons under grain of other kinds. Small increases have also to be recorded in the importations of cotton (163,000 bales), timber (8,000 tons), twist and yarn (6,000 bales) and wool (2,000 packages).

A noticeable decrease occurred in imports of bulk kerosene oil which fell from 49,599,000 gallons to 44,616,000 gallons. Other decreases occurred in the imports of coal (16,000 tons), iron and steel (49,000 tons) and bricks, tiles, chunam and sand (32,000 tons).

In the export trade, the most noticeable feature was the increase in liquid fuel from about 12 million gallons to over 19½ millions due to the larger number of oil fuel vessels bunkering at this port. In this connection it is interesting to note that according to Lloyds Register for 1925, oil burners and motor ships represented 31.74 per cent. of the world's total tonnage excluding sailing vessels. Exports of cotton showed an increase of 489,000 bales. Increases also occurred in exports of kerosene oil in cases and in bulk (762,000 gallons), groundnuts (45,000 tons) and rice (14,000 tons). On the other hand, there were decreases in exports of piece-goods (87,000 bales and cases), twist and yarn (23,000 bales) and coal (21,000 tons).

Traffic at Warehouses.

37. The traffic at the warehouses during 1925-26 compared with that of the two previous years was as follows :—

		1923-24.		1924-25.		1925-26.	
		Receipts.	Deliveries.	Receipts.	Deliveries.	**Receipts.**	**Deliveries.**
PACKAGE GOODS—							
Piece-goods and Yarn	Packages	95,906	107,221	130,687	108,561	**133,258**	**141,546**
Miscellaneous Goods	„	197,294	197,126	210,732	211,696	**155,731**	**168,928**
	Total	293,200	304,347	341,419	320,257	**288,989**	**310,474**
WEIGHT GOODS—							
Miscellaneous	Tons	17,999	18,898	13,169	12,371	**8,723**	**9,427**
Metal	„	7,284	9,370	9,411	8,850	**7,905**	**8,219**
	Total	25,283	28,268	22,580	21,221	**16,628**	**17,646**

Owing to the depression in the textile trade, surplus accommodation was available in the docks warehouses, which the Trustees decided to let out on monthly tenancies for the storage of non-hazardous goods, subject to termination at six months' notice. About half of No. 10 Warehouse, Prince's Dock, has accordingly been rented to Messrs. Brooke Bond (India), Ltd., and negotiations are in progress with Messrs. Brunner Mond & Co., Ltd., for renting further accommodation. The system of daily paid labour at the warehouses was displaced during the year by the piecework system and it is hoped that the change will result in a substantial saving in labour costs when the trade returns to normal conditions. The pre-war arrangements for warehousing goods by Port Trust agency, reintroduced last year at the suggestion of the Chamber of Commerce, were cancelled during the year as practically no advantage of the facility was taken by the mercantile community. The stock of piece-goods and yarn on 31st March 1926 was 37,000 packages as against 45,000 packages on 31st March, 1925, 23,000 in 1924 and 34,000 in 1923.

Docks Bonded Warehouses.

38. The traffic at the docks bonded warehouses was as follows :—

		1923-24.		1924-25.		1925-26.	
		Receipts.	Deliveries.	Receipts.	Deliveries.	Receipts.	Deliveries.
PACKAGE GOODS—							
Piece-goods and Yarn	Packages	69,010	55,522	37,221	52,348	37,064	33,236
Miscellaneous	,,	17,384	13,986	13,697	15,996	13,272	14,955
WEIGHT GOODS—							
Miscellaneous	Tons	33,143	31,924	27,625	27,778	24,952	25,581

The balances of piece-goods, twist and yarn at the docks bonded warehouses on 31st March 1926 was 8,896 packages as against 5,068 packages on 31st March 1925.

Sales Warehouse.

39. The sale of uncleared cargoes landed at the docks and bunders was carried out during the year at this warehouse and the total gross proceeds for the 6 sales held amounted to Rs. 24,961 as against Rs. 53,809 in 1924-25. The number of packages sold during the year was 3,599 as against 5,249 last year.

Number of Vessels in Docks and at Harbour Walls. (Appendix D.)

40. The number of steam and square-rigged Government and merchant vessels which entered the docks or were berthed at the harbour walls, and paid dues, are shown in Appendix D.

Statistics of Vessels entered the Port, (Appendix F.)

41. The numbers and tonnage of trade vessels that entered the port during the past ten years as shown in the Customs returns are detailed in Appendix F.

Dimensions of Vessels entering the Docks.

42. Of the vessels which entered the docks 61 were over 470 feet in length and 34 between 450 and 470 feet, as against 49 and 54, respectively, in 1924-25. Of the vessels over 470 feet in length, 20 were over 500 feet long and 26 between 490 and 500 feet.

Dimensions of Vessels entering and leaving the Port.

43. The largest vessel that entered the port was the S.S. "Belgenland," length 670 feet, beam 78 feet, and gross tonnage 27,132 tons. This vessel also left the port with the deepest draft, *i.e.*, 31'-0".

Detention of Vessels.

44. Sixty vessels were detained in the stream for periods varying from 1 day to 4 days awaiting accommodation in the docks. In the case of 53 vessels the detention was for 2 days or less ; 5 vessels were detained for 3 days and 2 vessels for 4 days.

Dry Docks (Appendix E.)

45. The following figures show the occupation of the dry docks :—

		Days. 1924-25.		Days. 1925-26.
Merewether Dry Dock		218¼		284¼
Hughes Dry Dock ..	Inner Section .. 150½	185½	211¼	299
	Outer Section .. 35		87¾	

The number and tonnage of vessels dry-docked during the past ten years are shown in Appendix E.

The inner section of the Hughes Dry Dock was occupied for 87½ days from the 6th December 1925 to 4th March 1926 for erecting the new caisson for the Merewether Dry Dock.

The largest vessel dry-docked during the year was the S.S. " Ranpura " in the Hughes Dry Dock, 16,585 gross tonnage, 548'-4" long, 71'-4" beam.

MISCELLANEOUS.

Harbour Inspection.

46. In pursuance of the general policy of retrenchment, the Trustees' inspection of Port Trust works was not held during the year under report.

Stores Department.

47. The prices of many commodities, including coal, were lower than last year. Contracts for Port Trust supplies were entered into in the case of oils, castings, stationery, provisions, uniform clothing, petrol, liquid fuel and miscellaneous country stores. Other articles were purchased through the medium of casual tenders. Supplies of first-class steam coal from Bengal were obtained during the year from Messrs. Hiralal Himatlal & Co., who secured the contract by open tender. Supplies of 2nd class coal for use on the Port Trust Railway continued to be obtained through the Mining Engineer of the Railway Board.

The cost of the stores purchased by the Controller of Stores and the Chief Engineer during the year was as under :—

		Indigenous.		Foreign. Purchased in India.		Foreign. Purchased through London Agents.
By the Controller of Stores	Rs.	19,21,000	Rs.	8,06,000	Rs.	34,000
By the Chief Engineer..	,,	2,84,000	,,	5,46,000	,,	91,000
Total	Rs.	22,05,000	,,	13,52,000	Rs.	1,25,000

Under the recent orders of the Board in connection with the Retrenchment Investigation, the following articles will in future be included in the list of articles to be purchased on annual contract:—Canvas, textiles, furnishings, hardware, lamps and fittings, metals, paints, ropes and cordage, tools and workshops appliances.

Bunders and Land Department.

Sassoon Dock.

48. The area around this dock promises to become a hive of industry. The motor garages and workshops which were established here on the removal of the cotton trade to Mazagon appear to be flourishing and are attracting competitors.

Apollo Bunder.

49. The public promenade and lay-out of the open space fronting the Gateway of India have been completed by Government. The Bunder was the scene of the departure of H. E. Lord Reading and the arrival of the new Viceroy, Lord Irwin.

Ballard Estate.

50. Two plots had to be re-entered upon by the Trustees during the year owing to the intended lessees failing to carry out their agreements. One of the plots re-entered during the previous year has been leased again. Two leasehold buildings on this estate have been voluntarily surrendered to the Trustees and negotiations are in progress to lease one of them, while the other building is partly occupied. The demand for office accommodation on this estate is gradually increasing.

Elphinstone Estate.

51. The new Salvage Corps Station opposite Prince's Dock is nearly completed.

With effect from 1st January 1926, the rebate of 15 per cent. previously allowed on rentals in the Ryan Grain Market was withdrawn.

Mazagon Cotton Depot.

52. The new Cotton Exchange premises in the depot erected at a cost of over Rs. 18 lakhs were formally opened by His Excellency the Governor of Bombay, Sir Leslie Wilson, on 1st December 1925. The temporary exchange buildings were subsequently demolished and the site, which had been allotted to the Association free of rent, was returned to the Trustees.

The Bombay Cotton Merchants' and Muccadums' Association have commenced the erection of their dispensary and offices in Exchange Avenue.

The Municipal Fire Brigade Station in the depot was opened on 17th December 1925.

Grain Depot.

53. The effect of trade depression was reflected in the reduced accommodation taken up at the Grain Depot, only 40,898 square yards being occupied at the close of the year out of the total floor area of 116,111 square yards.

Sewri.

54. The Trustees agreed to allow the Development Directorate to relinquish 8,436 square yards leased to them and to abandon the construction

of four out of the total of sixteen chawls. The remainder have now all been completed.

Pir Pau Pier. 55. An extended use was made of this pier during the year under report. 26 vessels discharged petrol and kerosene oil as compared with 23 vessels in the previous year. The quantities discharged were as under :—

	1925-26.	1924-25.
Petrol, Gallons	**7,443,903**	6,253,311
Kerosene, Gallons	**30,494,648**	24,972,187
	37,938,551	31,225,498

Fires. 56. There were 7 fires on the Trustees' land estate, the same number as in 1924-25. The most serious one occurred at the Charcoal Depot on Quay Street, Mazagon, resulting in damage estimated at Rs. 4½ lakhs, of which Rs. 3,15,000 was covered by insurance.

Transfer of Land Manager's Office to the Administrative Offices. 57. The departmental office of the Land Manager, which had been located in the Prince's and Victoria Docks Traffic Offices since 1890, was transferred to the Trustees' Administrative Offices on Ballard Road in January 1926.

Railway Department.

Traffic. 58. There was some slight improvement in traffic on the Port Trust Railway as compared with last year, chiefly in foreign outward traffic. The number of wagons received and despatched during the last two years compare as follows :—

	Inward.		Outward.	
	1924-25.	**1925-26.**	1924-25.	**1925-26.**
Foreign	84,986	**86,127**	44,683	**53,450**
Local	42,239	**41,146**	43,854	**42,250**
Total ..	127,225	**127,273**	88,537	**95,700**

There were appreciable increases of inward foreign traffic in cotton, charcoal, grains and seeds. In foreign outward traffic the principal increases were in rice, liquid fuel and railway material. The local traffic was slightly less than last year, the principal decreases being in seeds and manganese ore. On the other hand there were increases in cotton, lubricating oil and groundnuts.

59. During the year 35 troop and other special trains were run over the Railway as against 50 in the previous year. In addition, 301 postal and passenger expresses were run to and from the Ballard Pier station as against 271 in the previous year. **Troop and Passenger Trains.**

60. The supply of foreign wagons was satisfactory, but there were occasional delays in obtaining special types of wagons. Under special arrangements, Bombay Port Trust wagons were in certain cases used for traffic to stations on the G. I. P. and B. B. & C. I. Railways situated near Bombay. **Supply of Wagons.**

61. The number of pupils who attended the school and the results obtained during the year were very satisfactory. Owing to the introduction of compulsory education during the year, it was found necessary to increase the accommodation for additional pupils. Four units of quarters at Antop Village were therefore adapted for school purposes, the intention being to use this extra accommodation for junior pupils so as to make it possible to teach up to the 7th Standard in the Wadala School. The expenditure on the school, including cost of annual prizes, amounted to Rs. 4,133 including the cost of furniture for the new school opened at Antop Village. **Railway Vernacular School at Wadala.**

62. Rail-borne merchandise taken direct into the docks amounted to 640,433 tons, a decrease of 9,245 tons as compared with the previous year. The principal decreases were in seeds, 7,407 tons; cotton seeds, 7,719 tons and in manganese ore, 9,887 tons. There was an increase of 30,588 tons in cotton. **Rail-borne Traffic into the Docks.**

63. Eleven accident cases were reported to Government during the year under the provisions of the Indian Railways Act. Five of these involved injuries, one of which proved fatal. In no case was the Railway held to blame. Medical aid was promptly obtained in all cases. **Accidents on the Railway.**

Prince's, Victoria and Alexandra Docks.

64. There were 16 fires at the docks, wharves and sheds and on board vessels and craft while in the docks, against 14 in 1924-25. None of them was serious or involved loss of life. The fire gear of the docks and warehouses was regularly tested during the year and kept up to the usual standard of efficiency. **Fires.**

The opening of the Fire Brigade station on Frere Road at the close of the year 1925 has enabled certain economies in the equipment and staff of the docks fire establishment to be carried out without impairing efficiency.

65. The number of accidents to persons in the docks was 387, of which 27 were fatal, 85 serious and 275 slight, against 391 cases last year, of which 28 were fatal, 97 serious and 266 slight. Of the fatal cases, 2 were caused by falling into holds or lighters, 2 by falling into dock basins, 1 by goods falling out of slings, and 22 were due to other causes. **Accidents to Persons in the Docks.**

66. Ten accidents to vessels in the docks occurred during the year, none of which was serious. In six cases Port Trust officials were held to blame. Accidents to vessels in pilotage charge are referred to in para 74. **Accidents to Vessels in the Docks.**

60-ton Floating Crane "Sarus."

67. There was a considerable increase in the earnings of this crane which amounted to Rs. 61,670 against Rs. 25,556 in 1924-25. The number of packages lifted during the year was 805 against 590 in the previous year. The greatest tonnage lifted in one single day was 143½ tons consisting of 8 packages.

Crime in the Docks.

68. The return furnished by the Commissioner of Police of cognizable crime in the docks for the calendar year 1925, gives the following particulars which are compared with the corresponding returns of the two previous years :—

	1923.	1924.	**1925.**
Persons arrested	6,031	5,752	**6,927**
Number convicted	5,771	5,561	**6,764**
Percentage of convictions	95.7	96.6	**97.6**
Number of cases of theft	399	292	**244**
Number of cases in which property was recovered .	330	244	**209**
Amount of property stolen	48,488	45,256	**15,909**
Amount of property recovered	16,465	18,182	**4,463**
Percentage of value of property recovered ..	33.95	40.18	**28.05**

Shipment of Manganese Ore at non-siding berths in the Docks.

69. The Trustees decided, as a more economical alternative to laying railway sidings to berths in the Prince's and Victoria Docks not equipped with rail connection, that the ore should be taken over at railhead in the docks and thence transported by Port Trust agency to alongside the vessel free of cost to shippers. This concession has been appreciated by the Ore Companies and has also obviated many shiftings of vessels inside the docks.

Oily Water Tank Barge.

70. With a view to encourage the hire of the Port Trust tank barge for discharge of oily water ballast from vessels, the Trustees sanctioned a reduction of the rate of hire from Rs. 250 to Rs. 50 per day or night.

Responsibility for Cargo discharged at Night.

71. On a representation of the Bombay Chamber of Commerce and other public associations, the Trustees agreed to accept liability for loss or damage to cargo discharged by vessels in the docks at night. This decision was legalised by an amendment of the Bombay Port Trust Act and the relevant docks by-laws. The scale of night work fees charged to vessels was enhanced to provide for the cost of additional staff and lighting.

Vernacular School at Wariбunder.

72. The number of pupils on the rolls of the primary vernacular school maintained by the Trustees for the education of the children of dock labourers was 123 on 31st March 1926 against 118 in the previous year. The teaching staff, which consisted of 3 teachers, was supplemented during the year by the engagement of a lady teacher. The school was inspected by the Superintendent, Municipal Schools and a grant of Rs. 470 was made by the Municipality. The net expenditure to the Trustees on the school was Rs. 1,066.

Port Department.

73 During the year 196 day tours and 33 night tours of inspection were made by the special officer in charge of this work. The number of light passes granted was 3,392 against 3,617 in the previous year. 267 lectures were given which were attended by 6,610 tindals and boatmen against 236 lectures attended by 6,365 tindals and boatmen in the previous year. **Inspection of Lights.**

Pilotage Department.

74. There was only one slight accident to a vessel while in Port Trust pilotage charge during the year, the pilot in charge being held to be at fault. **Accidents to Vessels in Pilotage charge.**

75. The installation of a Marconi wireless set at the Port Signal Station and the Prongs and Kennery Lighthouses and the Steam Pilot Vessel was completed during the year. As the wireless communication is liable to interruption from atmospheric and other causes, an electric projector at the Port Signal Station, a gas projector at Kennery Lighthouse and an " Aldis " flashing lamp at the Prongs Lighthouse have been installed, supplemented by heliographs for use by day as a secondary means of communication. **Wireless Communication.**

CAPITAL (Expenditure and Works).

76. The aggregate expenditure on Capital Account during the year was Rs. 42,21,396 apportioned over the various works as follows :— **Capital Expenditure.**

		Revised Estimates.	Actuals.
		Rs.	Rs.
Section I.	Prince's Dock	5,000	**3,366**
	Victoria Dock	8,600	**4,182**
	Merewether Dry Dock	3,11,100	**2,73,299**
	New Works, Ordinary	24,26,000	**16,83,018**
,, II.	Alexandra and Hughes Docks Works	21,73,900	**17,38,799**
,, III.	Port Trust Railway and Depots	6,08,700	**5,18,732**
		55,33,300	**42,21,396**

This outlay was met as follows :—

From	Loan Balances for New Works, Ordinary	**19,46,631**
,,	Alexandra and Hughes Docks loan balances	**17,38,799**
,,	P. T. Railway and Depots loan balances	**5,18,732**
,,	Sale proceeds of Property	**17,234**
		42,21,396

77. The work of providing additional lighting in the docks consequent on the Trustees' undertaking to accept responsibility for goods discharged at night, was taken in hand during the year. **Prince's and Victoria Docks. Additional Electric Lighting.**

78. The material for this caisson, which was ordered from Messrs. Sir W. G. Armstrong-Whitworth & Co., arrived in November 1925 and re-erection was commenced in the inner end of the Hughes Dry Dock. The work was carried on day and night without intermission and the caisson was floated on 4th March 1926 and towed to Prince's Dock where fitting out and painting was done. The work was almost completed at the end of the year. **Merewether Dry Dock. New Caisson.**

Non-propelling Barges and Flats for Dredger "Walrus."

79. Three new barges of 300 tons capacity and three new flats, 400 tons each, which were ordered from Messrs. William Simons & Co. and Messrs. Denny & Co., were received in parts during the year and a start was made with their erection.

Apollo Bunder. Lay-out of old Colaba Cotton Green for Residential purposes.

80. This work was continued during the year and negotiations are now in progress for leasing some of the plots.

Lay-out of Ballard Estate.

81. The tar surfacing of the roads continued during the year and about 150 squares of open spaces were also paved with consolidated metal and covered with tar and chips.

Oil bunkering facilities in the Docks.

82. The work of providing liquid fuel pipe line connections to berths Nos. 2 to 6, Alexandra Dock, was completed during the year.

Extension of Port Trust Workshops at Mazagon.

83. A sub-station with the necessary transformers to provide electric power for the Workshops was completed during the year. The electric lighting of the Machine shops was taken in hand.

New Reclamation for Coal.

84. This new Bunder, which has an area of nearly 18 acres, was completed during the year under report, with the exception of the provision of fire service water mains, which are now being laid by the Municipality. The tile trade has been transferred to the new Bunder from its old position at Darukhana.

Hard for Local Craft at Coal Bunder, Mazagon.

85. This work, which was taken in hand in August 1924 to provide facilities for repairs to small craft, was carried on throughout the year and good progress was made, 350 feet being completed and brought into use.

Widening Reay Road & Jackeria Bunder Road

86. The footpaths and carriage ways of Reay Road were paved and the whole work was completed and handed over to the Municipality for maintenance. The widening of Jackeria Bunder Road was also almost completed by the end of the year.

80′ Tripartite Road at Sewri.

87. The acquisition of land for this road was completed and considerable progress was made with the construction of the Port Trust portion of the road.

Mazagon-Sewri Reclamation.

88. The work of levelling up of the low-lying parts of the reclamation was continued during the year at a cost of Rs. 80,515.

Mazagon Cotton Depot

89. This Depot was finally completed during the year under report. The platforms of four stations were paved with tar macadam and the roofs covered with malthoid.

Wadala Reclamation.

90. An area of 32,143 square yards was surfaced, but further progress on the construction of roads, drains and lighting has been deferred until there is a demand for land on the reclamation. The expenditure during the year amounted to Rs. 1,88,524.

Port Trust Railway.

91. In connection with the proposal to take over certain outward traffic from the B. B. & C. I. Railway Carnac Bunder goods yard, three railway sidings were laid to the Alexandra Dock goods station and a cart weighbridge was installed. The work of providing signalling and interlocking arrangements at the new Manganese Ore Depot was also completed during the year.

Alexandra and Hughes Docks.

92. The expenditure on these docks during the year amounted to Rs. 17,38,799, making a total of Rs. 5,92,79,195 since the commencement of the work in 1904. The following are the principal details of the expenditure during 1925-26 :—

	Rs.
Deepening entrance channel..	7,57,281
Deepening mail steamer berth at Ballard Pier ..	1,96,615
Transit shed at No. 9 Berth	5,17,413
Paving and metalling of wharves	1,11,165
Railway sidings on wharves at Nos. 9 & 10 Sheds.	31,398

93. The deepening of the entrance channel to 28 feet below L.O.S.T. and of the mail berth to 32 ft. is proceeding satisfactorily according to programme.

94. The total quantity dredged during the year on capital and maintenance work, amounted to the record figure 9,148,995 tons. The total expenditure on dredging was Rs. 16,04,772 and the average operating cost per ton (exclusively of depreciation and interest) was 2.80 annas per ton, lifted and deposited, Every effort was made to reduce the working expenditure and the result is reflected in the average cost, which is the lowest on record and .40 annas per ton lower than the previous year's figure.

95. The new three-storied transit shed at No. 9 berth, Alexandra Dock, which will have a total floor area of 130,400 sq. ft., is expected to be ready for occupation by November next.

96. The re-paving of the wharves with stone setts and reinforced concrete is proceeding according to programme. The wharves at Nos. 7, 10, 11 and 12 were paved during the year and the rate of handling of cargoes at these berths has been greatly expedited as a result.

BOARD OF TRUSTEES.

97. During the year under report, 36 general meetings of the Board and 39 meetings of the Committees were held as against 38 and 46 respectively in 1924-25.

Appendix I shows the changes among the members up to the date of report.

STAFF.

Total Staff.

98. The total approximate number of employees engaged during the year as compared with the two previous years was as under :—

	1925-26.	1924-25.	1923-24.
Permanent—Superior	**1,996**	2,149	2,226
,, Inferior	**451**	490	502
Temporary Staff	**10,886**	12,804	13,807
Total ..	**13,333**	15,443	16,535

Housing of Staff.

99. In view of the financial position and the reduction in the number of staff in consequence of retrenchment, no further expenditure was incurred during the year on housing.

Appendix H shows the number of employees housed to the end of the calendar year 1925.

Attendance at Dispensary.

100. The average daily attendance at the Trustees' Dispensary at Prince's Dock was 68.14 against 79.65 in 1924-25 and 82.76 in 1923-24. There were 950 cases of injuries against 901 in the previous year. 1,561 sick certificates were granted. At the Wadala Dispensary for the Railway staff, the average daily attendance was 13.3 against 18.37 in 1924-25 ; 116 cases of accidents were treated and 350 sick certificates were issued against 302 cases of accidents and 559 sick certificates issued in 1924-25. During the calendar year 1925 there were 20 deaths in the superior and 10 in the inferior staff, as against 43 and 6 respectively in 1924.

Chairman of the Board.

101. Mr. P. R. Cadell, C.S.I., C.I.E., I.C.S., was on leave from 14th April 1925 to 3rd June 1925 and from 29th June 1925 to 12th September 1925, when he relinquished the office of Chairman of the Board on appointment by Government as Commissioner in Sind. The Trustees placed on record their sincere appreciation of Mr. Cadell's valuable services to the Port Trust, both as a Trustee for a period of about 8 years, and during his tenure of office as Chairman for $3\frac{1}{2}$ years. Mr. W. H. Neilson, O.B.E., V.D., M.A., M.A.I., M. Inst. C.E., M.I. Mech. E., Chief Engineer to the Board, was appointed Chairman of the Board in succession to Mr. Cadell.

Mr. J. McClure, M. Inst. C.E., Deputy Chief Engineer, was appointed Chief Engineer to the Board *vice* Mr. Neilson.

Death, Leave and Retirement of Officers.

102. The Board received with regret the news of the death, on 4th August 1925, of Mr. P. Glynn Messent, C.I.E., M. Inst. C.E., who held the office of Chief Engineer for a period of 21 years and after his retirement became a partner in the firm of the Trustees' Consulting Engineers and Agents in London.

103. Captain H. Morland, R.I.M., Port Officer, reverted to the Royal Indian Marine on appointment as Deputy Director on 12th December 1925, and Captain E. V. Whish, O.B.E., R.I.M., was appointed Port Officer by Government *vice* Captain Morland.

104. Mr. J. McClure, M. Inst. C.E., Chief Engineer, proceeded on 7 months' leave from 15th March 1926. Mr. G. E. Bennett, M. Sc., M. Inst. C.E., Deputy Chief Engineer, was appointed to act as Chief Engineer *vice* Mr. McClure.

105. Mr. C. Pusey Gay, Chief Accountant, proceeded on 8 months' leave from 1st April 1926. Mr. J. F. Pereira, B.A., Deputy Accountant, was appointed to act as Chief Accountant *vice* Mr. Gay.

106. The Trustees are again pleased to record their appreciation of the good work of their officers and staff in all departments during the year and especially of the whole-hearted manner in which all have co-operated in the efforts to retrench expenditure to the utmost extent without impairment of efficiency. The Trustees have every confidence that these efforts will be fully sustained in the future.

W. H. NEILSON,
Chairman.

5th August 1926.

APPENDIX A.

Comparison of Receipts under the various heads during the past five years ; increases or decreases during 1925-26 as compared with 1924-25 :—

Budget Head.	1921-22.	1922-23.	1923-24.	1924-25.	1925-26.	Increase or decrease during 1925-26 as compared with 1924-25.

Examined and found correct. The Securities in which the Trustees' Surplus Revenue, Provident, Depreciation, Sinking and other Funds are invested, and the Security Deposits of Contractors and others have been checked, and were found to agree with the amounts entered above. The Cash Balance has also been checked and was found as stated.

JOHN SANTOS,
Examiner,
Outside Audit,
Auditor.

DETAILS OF

CAPITAL EXPENDITURE,

1925-26.

DETAILS OF CAPITAL EXPENDITURE IN 1925-26.

SECTION I.

PRINCE'S, VICTORIA AND MEREWETHER DOCKS AND NEW WORKS, ORDINARY—CAPITAL.

Expenditure.	Revised Budget Estimates, 1925-26.	Actual Expenditure, 1925-26.
PRINCE'S DOCK.	Rs.	Rs. a. p.
Additional electric lighting	5,000	3,366 0 0
VICTORIA DOCK.		
Providing sheds with electric lighting (balance of cost)	1,800	1,860 13 0
Additional electric lighting	6,800	2,320 13 0
MEREWETHER DRY DOCK.		
New caisson (part cost)	3,11,100	2,73,298 8 11
NEW WORKS, ORDINARY.		
GENERAL.		
Three non-propelling barges, three flats and one steam tug for "Walrus"	8,49,000	5,57,558 6 3
Winches for "Walrus"	26,300	19,449 10 0
Bucket Ladder Dredger "Barbus" for channels (balance of cost)	1,36,000	1,35,019 10 0
Dredger "Priestman" and two attendant barges	1,75,000	1,75,000 0 0
Preliminary expenses in connection with the Dock Extension (balance of cost)	24,700	25,600 15 7
Special plant for Engineering Department	....	*Cr.* 3,241 13 10
Portable air compressor with drills and tools	12,000	11,867 13 1
Acquisition of land at Cumballa Hill for quarters (balance of cost)	1,100	1,060 0 0
APOLLO BUNDER.		
Lay-out of Colaba Cotton Green and filling in of Oliver's Folly (part cost)	9,100	9,586 12 9
BALLARD ESTATE.		
Lay-out of the Ballard Estate (part cost)	21,400	11,702 8 0
ELPHINSTONE ESTATE.		
Staff quarters at Mazagon, "Anderson" House	....	*Cr.* 74 14 4
Extension of Port Trust Workshops (part cost)	94,200	38,720 8 3
New Fire Brigade Station on Frere Road (P. T. share of cost)	31,000	25,168 5 1
Additional 8" and 10" pipe line for liquid fuel between Alexandra Dock Harbour Wall and Wari Bunder Installation (balance of cost)	6,500	9,156 3 3
Liquid fuel pipe line—extensions in Alexandra Dock (balance of cost)	49,800	44,942 13 5
Do. —connection to G. I. P. Railway installation at Liquid Fuel Depot	11,900	9,678 11 9
MAZAGON AND TANK BUNDER (OLD ESTATE).		
Reclamation for coal north of existing Coal Bunder (balance of cost)	3,14,600	2,32,793 2 9
Widening Reay Road from 60 to 90 feet and paving east and west footpaths (balance of cost)	91,000	59,708 9 6
Widening 60′ road north of Reay Road (Jackeria Bunder Road) to Sewri New Road	74,900	55,549 11 2
Hard for local craft (part cost)	2,46,100	1,55,961 13 7
Exchange of land between the Municipality and the Port Trust including lighting, drainage, etc.	40,000	30,089 12 10
Purchase of a two-storied building at Kala Chowkey	15,600	15,765 0 0
Making Arched Bungalow Road to Municipal requirements	10,700	.....
SEWRI AND WADALA PROPERTIES.		
Antop Village (part cost)	600	.....
80-foot road between old and new Sewri Roads (part cost)	1,07,000	62,339 8 7
Out-fall sewer for above road	26,800	....
Converting two latrines at Sewri to septic tank system	3,200	2,576 12 10
Diverting 8" kerosene old pipe line at Cotton Depot	....	*Cr.* 2,961 8 0
Constructing a road in connection with the lay-out of chawls near Sewri Overbridge	21,400	.....
Acquisition of land from Government at the Salt Department Dockyard for road	10,000	.....
Purchase of pier at Mahul from Government	16,100	.....
Total Rs.	27,50,700	*19,63,864 11 5

* Includes Rs. 73,296 on account of Engineering Staff for supervision which has been apportioned *pro rata* over the several works.

Examined and found correct.

Bombay Port Trust.

ADMINISTRATION REPORT FOR THE YEAR 1926-27.

General Remarks on the year's working.

THE original estimates of receipts for the year 1926-27 were framed on the assumption that there would be a slight improvement in trade conditions as compared with the previous year. Calculations were however vitiated by the extraordinary trade conditions which prevailed throughout the year. The disastrous and prolonged coal strike in England, the civil strife in China and the absence of demand from Europe were factors which acted adversely both on imports and exports. The abnormal American cotton crop, combined with the high level of prices for Indian cotton as compared with the American staple and the late arrival of the crop into Bombay were responsible for a considerable falling off in exports of raw cotton during the year. These causes led to a serious diminution of the Trustees' receipts, and it was obvious that the year's working would show a heavy deficit. To counterbalance the fall in receipts and reduce the deficit to more moderate proportions the energies of the administration and all its departments were concentrated on retrenching working expenses in every possible direction. As a result of these efforts, the actual expenditure for the year shows a saving of Rs. 12.14 lakhs on the original expenditure estimates and Rs. 4.73 lakhs on the revised estimates. As compared with the actual expenditure of the previous year 1925-26, the expenditure for 1926-27 shows a reduction of Rs. 1.45 lakhs, in spite of additional expenditure of Rs. 3.36 lakhs being incurred in 1926-27 on dredging the Pir Pau Channel and of Rs. 1.55 lakhs on dock police, water rates to the Municipality and other items over which the Port Trust have partial or no control.

2. The receipts under all heads, including Rs. 44,11,836 from surtaxes, amounted to Rs. **2,64,02,352** against the original estimates of Rs. 2,87,51,900 and the revised estimates of Rs. 2,62,93,600. As compared with the actuals of the preceding year 1925-26, the receipts for the year under report show a decrease of Rs. 20,11,196 or about 7 per cent. Details of the receipts are given in paras 18—29 and Appendix A. The total expenditure (excluding special expenditure met from special receipts) aggregated Rs. **2,75,07,995** (*vide* details given in para 30 and Appendix B), the result of the year's working being a deficit of Rs. 11,47,082 under General Account which has been met from the Revenue Reserve Fund, and a surplus of Rs. 41,439 under Pilotage Account for transfer to the Vessels Replacement Fund under this account. The revised estimates framed in January 1927 anticipated a deficit of Rs. 16,92,136 under General Account for the year under report and the reduction of the actual deficit to Rs. 11,47,082 was due to an improvement of Rs. 96,749 in the receipts and a saving of Rs. 4,48,305 in expenditure as compared with the revised estimates.

3. There was no increase in the scale of dock or port charges during the year under report, but on the contrary, reductions and concessions were sanctioned, wherever feasible, to afford facilities to the trade. The Trustees await a revival of trade at the Port to enable them to make further reductions in the scales of charges on shipping and goods.

4. The increasing activities of the Kathiawar ports and the diversion of traffic thereto from Bombay and other Ports caused the Trustees, together with the Chambers of Commerce and other Associations, to make a representation to Government. The question has now been decided by the Government of India re-imposing the land Customs cordon at Viramgaum, and it is hoped that this will put a stop to the unfair diversion of trade from this port.

5. The total tonnage of cargoes dealt with at the docks and bunders during the year was 5,593,000 tons against 6,460,000 tons in 1925-26. The following figures show the comparison in detail :—

	Imports.		Exports.	
	1925-26.	**1926-27.**	1925-26.	**1926-27.**
Docks	2,283,000	**2,065,000**	2,580,000	**2,003,000**
Bunders	1,193,000	**1,094,000**	404,000	**431,000**
Total ..	3,476,000	**3,159,000**	2,984,000	**2,434,000**

It will be seen that there was a reduction of 317,000 tons in imports and 550,000 tons in exports as compared with the preceding year. The decrease was heavier in the cargoes dealt with at the docks than at the bunders.

6. A redeeming feature of the trade of the year under review was the record increase in the importations of petrol, which amounted to 10,017,000 gallons as against 7,444,000 gallons in 1925-26. The entire quantity which came from Burma, was expeditiously discharged at the Pir Pao Pier, and pumped into the installations at Sewri. The ferro-concrete jetty at this pier was replaced by a steel jetty at a cost of about Rs. 6 lakhs.

7. The Docks Hamallage (Labour) Department satisfactorily met all demands for labour during the year and it is pleasing to record that the attendance of the labourers continued to be satisfactory and that harmonious working was not disturbed by any industrial dispute. The average number of labourers engaged daily was 2,229 against 2,506 in 1925-26 and the highest number employed on a single day was 3,734 against 4,157 in the previous year. The total tonnage of goods handled during 1926-27 amounted to 3,405,058 tons, the inclusive labour charges averaging 4.13 annas per ton as compared with 3.91 annas per ton in 1925-26. The small increase is due to the heavy fall of about 600,000 tons in exports, which has disturbed the equilibrium between the volume of imports and exports, the cost of handling the latter being slightly less than that of the former.

8. The docks revenue collections for 1926-27 excluding recoveries from Hamallage and Sanitary Departments amounted to Rs. 139.18 lakhs as against actuals of Rs. 149.45 lakhs during the previous year. The principal decreases occurred under wharfage on goods (Rs. 4.19 lakhs), dock dues on vessels (Rs. 0.74 lakhs), cranage (Rs. 0.56 lakhs) and surtax (Rs. 3.41 lakhs).

9. The fumigation of American cotton imported into India through this port continued throughout the year under review and owing to the disparity in prices ruling between the American and Indian varieties, the imports were on a considerably enhanced scale. 138,597 bales were landed and fumigated prior to delivery. In order to render the costs of fumigation cheaper for the trade, Government reduced their proportion of the fumigation charge by four annas a bale and the Trustees responded with a reduction of one anna per bale out of their share of 4 annas per bale from February 1927. The Trustees also waived the recovery of the special storage charge of 8 annas a bale during the monsoon months.

10. There was a decrease in the number of vessels occupying the dry docks, the number of vessels docked being 177 against 200 in 1925-26. The total tonnage decreased to 625,803 tons, being 88,170 tons less than the previous year. The departmental working of the dry docks was carried out successfully and economically throughout the year, the expenditure being the lowest on record. As a convenience to vessels undergoing repairs in the dry docks, the Trustees purchased a portable motor transformer in order to provide vessels with electric current from the shore mains at a suitably reduced voltage.

11. The Ballard Pier berth was used by 169 vessels as against 178 during 1925-26. Postal and passenger trains to and from the station connecting with the incoming and outgoing mail steamers were run regularly during the year, the number of special trains being 281 against 301 in the previous year. The temporary hotel accommodation provided at the station for the convenience of ocean-going passengers was made use of by 2,934 adults and 329 chidren as against 3,156 adults and 458 children in 1925-26. The east wing of the hotel comprising 24 rooms was demolished during the year under report and the ground laid out as a lawn and garden.

The additional passenger berth on the Alexandra Dock Harbour Wall accommodated 55 vessels against 48 in the previous year.

12. The total tonnage dealt with at the bunders was 1,525,358 tons against 1,596,814 tons during 1925-26,the principal decreases being in chunam, firewood, timber, seeds and vegetables and fruits. There were increases, however, under petrol and kerosene oil.

13. On the land estates, there was a falling off in the occupations of sheds and godowns, principally at the Grain and Cotton Depots. The Trustees have now decided to allow the Grain Depot to be used for occupations other than grain, and accommodation has been leased for bone crushing, chemicals and china-clay in bulk. In spite of the reduction of the godown rents at Cotton Depot made last year, there were 22 vacant godowns at the close of the year under review.

14. There was a decrease in the foreign inward and outward traffic on the Port Trust Railway, which aggregated 424 lakhs of maunds against 500 lakhs during 1925-26. The principal decreases occurred in cotton, cotton-seed, manganese ore, grain and seeds. A decrease of 12,862 wagon loads has also to be recorded in local traffic, also under the same items. The bulk of the cotton for export continued to be conveyed from the depot to the docks by carts and lorries, in spite of the reduction in the railway rates introduced last year.

15. In view of the depression in trade and the consequent effect on the Board's revenues, Capital expenditure during the year under review was kept down to an absolute minimum, in order to obviate any increase in debt charges. Expenditure on Capital Account amounted to Rs. 21.81 lakhs, which is the lowest since 1904-05. A sum of Rs. 6.75 lakhs was expended on the construction of the new transit shed at No. 9 berth, Alexandra Dock, Rs. 4.40 lakhs on the deepening of the Alexandra Dock entrance channel and mail steamer berth, Rs. 4.21 lakhs on dredging plant, Rs. 1.27 lakhs on paving and metalling of wharves in Alexandra Dock and Rs. 77,000 on the construction of a new office for the Deputy Manager and Cash Department in Alexandra Dock. No new loan was raised by the Trustees during the year, the expenditure being financed from loan balances in hand.

REVENUE (Details).

16. The year's Revenue, *excluding Special Receipts*, compares with that of previous years as follows :—

Average of three years ending 1920–21	..	..	..	Rs.	2,04,16,756
Do. do. 1923–24	..	..	..	,,	2,45,83,917
During the year 1924–25	..	Rs.	2,73,76,984		
Do. 1925–26	..	,,	2,84,13,548	Average ,,	2,73,97,628
Do. 1926–27	..	,,	2,64,02,353		

Compared with the last five years the result of the working of the past year is as follows :—

Result of the year's working compared with previous years (Appendix 'A').

	Income.			Expenditure.		Surplus.	Deficit.
	Revenue Proper.	Surtax.	Special Receipts.	Expenditure Proper.	Special Expenditure.		
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1921–22 ..	2,04,44,158	12,73,431	7,89,615	2,27,77,995	7,92,082	....	10,62,864
1922–23 ..	2,09,96,302	49,66,049	8,71,019	2,57,74,652	8,26,502	2,32,216	....
1923–24 ..	2,14,27,766	46,44,046	9,26,766	2,61,90,386	9,36,012	....	1,27,820
1924–25 ..	2,26,01,556	47,75,428	9,48,694	2,73,20,809	9,65,025	39,844	....
1925–26 ..	2,36,53,748	47,59,801	9,53,590	2,76,53,225	10,03,623	7,10,291	....
1926-27 ..	**2,19,90,516**	**44,11,836**	**11,56,821**	**2,75,07,995**	**11,98,260**	....	**11,47,082**

A comparative statement for the past five years giving the details of revenue under the various departmental sections and heads is printed as Appendix A of this report.

17. The deficit for the year under report amounting to Rs. 11,47,082 has been met from the Revenue Reserve Fund, which will thereafter stand as follows :— **Revenue Reserve Fund.**

Total as per Administration Report, 1925–26	Rs.		79,99,332
Add—Amount transferred from Securities Depreciation Fund, 1926–27.	,,		3,56,166
	,,		83,55,498
Deduct—Revenue deficit 1926–27	Rs.	11,47,082	
Withdrawals for special purposes, 1926–27 :—			
To meet interest for 3 months ending 31st March 1927 on Loans from Government in 1921–22 and 1923-24 in addition to the annual equated payment	,,	3,14,301	
To meet arrears of rent to 31st December 1925 in respect of new Police Station and quarters ..	,,	1,26,233	
To meet arrears of pay, etc., in respect of Military Assistant Surgeon on the staff of the Port Health Officer	,,	25,734	
			16,13,350
	*Total	Rs.	67,42,148
*Invested in public securities of the par value of Rs. 65,69,700	Rs.	65,15,167	
Cash balance	,,	2,26,981	
Total ..	Rs.	67,42,148	

Taking the securities at their market value and adding the amount set aside in the Securities Depreciation Fund against depreciation of Revenue Reserve Fund securities, the actual value of the Revenue Reserve as at 1st April 1927 amounts to about 63½ lakhs of rupees.

18. Owing to the heavy importations of petrol, the revenue from the bunders does not show any serious falling off as compared with the previous year, the collections for 1926-27 being only Rs. 15,000 less than those for 1925-26. On the land estates, rents from leaseholds and open-air occupations show an increase of Rs. 75,000 over last year, but rents from sheds and godowns have fallen by Rs. 2½ lakhs. **Bunders and Land Revenue.**

19. Wharfage fees on merchandise at the docks and bunders amounted to Rs. 78,59,296, being a decrease of Rs. 3,76,140 as compared with the corresponding figure for 1925-26. The decrease is due to the depression of trade prevalent during the year. Transhipment fees on cargo amounted to Rs. 1,68,183, an increase of Rs. 40,279 as compared with the fees for the year 1925-26. **Wharfage Fees.**

The following figures show the comparison of import and export wharfage for the last three years :—

Year.	Import Wharfage.	Export Wharfage.	Total.
	Rs.	Rs.	Rs.
1924-25	46,08,199	30,26,476	76,34,675
1925-26	49,51,751	32,83,685	82,35,436
1926-27	**51,58,968**	**27,00,328**	**78,59,296**

Dock Dues on Vessels.

20. The receipts from dock dues on vessels amounted to Rs. 5,24,695, a decrease of Rs. 73,804 as compared with the year 1925-26.

Ground and Shed Rents at the Docks.

21. Ground and shed rent receipts at the docks aggregated Rs. 6,35,969, an increase of Rs. 57,805 as compared with the year 1925-26. The increase is due to tardier clearances of cargoes from the transit sheds.

Cranage Fees at the Docks.

22. The receipts from cranage fees at the docks amounted to Rs. 5,07,528 against Rs. 5,63,741 in 1925-26, a decrease of Rs. 56,213.

Surtax in the Docks, Bunders & Pilotage Departments.

23. The amounts collected on account of surtaxes on rates in the different departments were as follows :—

Wet Docks	40,39,212
Bunders	2,85,603
Pilotage Account	87,021
	44,11,836

Land Estate Ground Rents.

24. Ground rent receipts at the bunders and from the land estates amounted to Rs. 28,88,741, an increase of Rs. 76,280 as compared with the previous year. The increase is due to enhanced rents from leaseholds and a slightly higher demand for monthly tenancies, seasonal and casual occupations. The following figures afford a comparison :—

	Rents realised.		
	From leaseholds.	From monthly tenancies.	Total.
	Rs.	Rs.	Rs.
1922-23	14,49,291	15,72,444	30,21,735
1923-24	15,44,361	15,27,450	30,71,811
1924-25	15,76,083	12,94,011	28,70,094
1925-26	16,15,680	11,96,781	28,12,461
1926-27	**16,42,193**	**12,46,548**	**28,88,741**

The total area of land let on leasehold at the end of the year was 1,396,644 square yards against 1,388,006 yards at the close of 1925-26. The number of leases existing on Port Trust estates on 31st March 1927 for which bills are rendered was 549 against 546 on the 31st March 1926.

Merewether and Hughes Dry Docks Receipts.

25. The revenue from the Merewether and Hughes Dry Docks amounted to Rs. 3,30,459 as against Rs. 3,83,337 in the previous year, or a decrease of Rs. 52,878. The gross tonnage dealt with was 625,803 tons against 713,973 tons in the previous year, or a decrease of 88,170 tons. The expenditure on working the Dry Docks was Rs. 2,29,125 as against Rs. 2,51,725 in the previous year, or a decrease of Rs. 22,600. The proportion of working expenses to receipts during 1926-27 though slightly higher than last year compares very favourably with the expenditure in previous years before the introduction of the departmental working of the Dry Docks.

Port Trust Railway Receipts.

26. The receipts of the Railway during the year amounted to Rs. 23,10,984 as against Rs. 27,87,942 in the previous year, a decrease of Rs. 4,76,958. Terminal charges were paid during the year by the two railways at 6 pies per maund, the rate provisionally fixed by Government pending their final orders on this question which is still under consideration by Government.

The traffic earnings collected on account of the G. I. P. and B. B. & C. I. Railways and paid over to them totalled Rs. 2,71,81,000 as against Rs. 3,38,68,000 in 1925-26.

Interest and Miscellaneous Receipts.

27. The receipts under this section amounted to Rs. 13,25,208 as against Rs. 14,73,137 in the preceding year. The decrease is due to smaller receipts of interest on fixed deposits owing to the average official bank rate of interest being much lower in 1926-27 as compared with the previous year.

Port Department.

28. The revenue of the Port Department amounted to Rs. 5,33,058 as against Rs. 5,35,481 in the previous year, a decrease of Rs. 2,423.

Pilotage Account.

29. The Pilotage receipts, including interest on investments of the Vessels Replacement Fund, totalled Rs. 4,93,095 as against Rs. 4,89,376 in 1925-26. Pilotage, transporting and pilots' attendance fees realised Rs. 3,50,303 against Rs. 3,49,797 in the previous year. The receipts from surtax amounted to Rs. 87,021. The Pilotage Account closed with a surplus of Rs. 41,439 which has been transferred to the Vessels Replacement Fund.

To replace the Steam Pilot Vessel "Kennery" hired from Government, the Trustees have placed an order for a new steam pilot vessel estimated to cost Rs. 3.37 lakhs. His Excellency the Governor of Bombay has been graciously pleased to allow the new pilot vessel to be named after Her Excellency as the "Lady Wilson."

REVENUE EXPENDITURE (Details).

Comparison of Expenditure with previous year and with Budget.

30. The total expenditure charged to Revenue under the several heads of account is compared with the actuals of 1925-26 and the revised budget estimates for 1926-27 in the following statement :—

	Actuals, 1925-26.	Revised Budget, 1926-27.	Actuals, 1926-27.	Actuals, 1926-27, in comparison with			
				Actuals, 1925-26.		Revised Budget, 1926-27.	
				More.	Less.	More.	Less.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.

Net Difference ..	..	..	..	58,001	..	..	3,77,314

The increase under Section I, General Charges, is due to higher Engineering charges debitable to Revenue Account in consequence of the curtailment of Capital works, and to the full expenditure on repairs and maintenance of the Chief Engineer's flotilla of barges being now shown under this section. The expenditure on Salvage Plant has also been shown under this section for the first time. The increase under Section II, Bunders and Land, is entirely due to the expenditure of Rs. 3.40 lakhs which had to be incurred in 1926-27 on dredging the Pir Pao access channel and turning circle. The savings over the revised budget estimates shown in the last column of the above statement indicate the economies effected in expenditure in the different departments.

A comparative statement showing the expenditure under the respective sections during the past five years is printed as Appendix B of this report.

DEBT.

31. In view of the depressed condition of trade and the necessity to avoid any increase in debt charges, the Trustees curtailed their Capital programme by postponing all works not immediately essential. No new loan was therefore necessary during the year under report.

32. The total debt of the Board at the close of the year amounted to Rs. 22,57,77,797 of which Rs. 7,71,12,121 was due to Government and Rs. 14,80,65,676 was on account of the Foreshore Securities and Debenture Loans due to the public. Details are given on page 6 of the accounts. **Total Debt.**

33. The total expenditure on Capital account since the constitution of the Trust (pages 3 and 8—17 of the accounts) amounts to Rs. 23,47,60,897 from which Rs. 11,73,994 (being receipts from sale of old plant, etc., paid to Government in reduction of debt to 31st March 1914) has to be deducted, leaving Rs. 23,35,86,903. The cost of the old lightship "Colaba," the Kennery and Dolphin Lighthouses, and certain other properties originally made over to the Trustees by Government free of charge are not included in this amount and it also does not take into account the invested funds and unspent balances of loans aggregating Rs. 5,82,26,816 as under:— **Total Expenditure on Capital Account.**

	Rs.
General Sinking Fund (page 4 of the accounts)	2,87,25,015
Victoria Dock Sinking Fund (page 4 of the accounts)	70,26,123
Revenue Reserve Fund (par value and cash balance uninvested, page v of this report)	67,42,148
Depreciation, Emergency, Fire Insurance and other funds for special purposes (page 4 of the accounts)	86,42,599
Cash being amount of unspent balances of loans (page 3 of the accounts)	70,90,931
Rs.	5,82,26,816

TRADE AND TRAFFIC STATISTICS.

34. The value of the trade of the Port as shown in the Customs returns, inclusive of Government transactions, was Rs. 245 crores as compared with Rs. 304 crores in the previous year, a decrease of about 19 per cent. **Aggregate value of trade of year.**

35. Details of traffic in the most important items of the trade of the Port (Docks and Bunders combined) are given in the comparative statement for the last ten years printed as Appendix C of this report. **Appendix 'C' Traffic Statistics.**

The most noticeable features under imports were the record importations of liquid fuel and petrol. The increases in the bulk importations of these commodities over the figures for last year were : liquid fuel, 6,942,000 gallons ; and petrol, 2,574,000 gallons.

Imports of coal increased from 293,000 tons to 299,000 tons. Imports of kerosene oil in bulk increased by 667,000 gallons, and of case oil by 272,000 gallons. There was an increase of 21,000 bales and cases of piecegoods and 4,000 bales of Twist and Yarn.

Decreases in imports have to be recorded under cotton (11,000 bales), rice (56,000 tons), iron and steel (31,000 tons) and machinery, boilers and railway materials (20,000 tons).

In the export trade, the most noticeable feature was the increase in liquid fuel from 19½ million gallons to a little over 20 million gallons. Exports of coal showed an increase of 25,000 tons. There was an increase of 32,000 bales and cases of piecegoods exported and 17,000 bales of twist and yarn. On the other hand, important decreases occurred in cotton (740,000 bales), wheat (29,000 tons), groundnuts (34,000 tons), kerosene oil in bulk and cases (359,000 gallons), manganese ore (40,000 tons) and seeds (202,000 tons).

Traffic at Warehouses.

36. The traffic at the warehouses during 1926-27 compared with that of the two previous years was as follows :—

		1924-25.		1925-26.		1926-27.	
		Receipts.	Deliveries.	Receipts.	Deliveries.	Receipts.	Deliveries.
PACKAGE GOODS—							
Piece-goods and Yarn	Packages	130,687	108,561	133,258	141,546	**130,008**	**130,739**
Miscellaneous Goods		210,732	211,696	155,731	168,928	**150,053**	**148,254**
	Total	341,419	320,257	288,989	310,474	**280,061**	**278,993**
WEIGHT GOODS—							
Miscellaneous	Tons	13,169	12,371	8,723	9,427	***10,139***	***10,493***
Metal	,,	9,411	8,850	7,905	8,219	***7,471***	***7,344***
	Total	22,580	21,221	16,628	17,646	***17,610***	***17,837***

There was hardly any improvement in the demand for accommodation at the duty paid warehouses. The stock of piecegoods and yarn on 31st March 1927 was 36,000 packages as against 37,000 packages on 31st March 1926, and 45,000 packages on 31st March 1925. In view of the interchangeability of the staff of the warehouses with that of the docks, working hours in the warehouses were revised to conform to the ordinary docks working hours.

Docks Bonded Warehouses.

37. The traffic at the docks bonded warehouses was as follows :—

		1924-25.		1925-26.		1926-27.	
		Receipts.	Deliveries.	Receipts.	Deliveries.	Receipts.	Deliveries.
PACKAGE GOODS—							
Piece-goods and Yarn	Packages	37,221	52,348	37,064	33,236	**20,068**	**25,254**
Miscellaneous	,,	13,697	15,996	13,272	14,955	**24,316**	**20,946**
WEIGHT GOODS—							
Miscellaneous	Tons	27,625	27,778	24,952	25,581	**44,432**	**24,832**

The balances of piecegoods, twist and yarn at the docks bonded warehouses on 31st March 1927 was 3,710 packages as against 8,896 packages on 31st March 1926 and 5,068 packages on 31st March 1925.

In the closing months of the year under review, a brisk demand arose for bonded accommodation, particularly for sugar, and several additional warehouses, inclusive of the sales warehouse, had to be reserved for bonded goods. This demand is reflected in the heavy carry-over of the stock of miscellaneous goods which amounted to 22,870 tons as against 3,269 tons at 31st March 1926.

38. The receipts and deliveries at this warehouse during 1926-27 compared with those of the two previous years were as follows :— **Docks Hazardous Goods Warehouse.**

	1924-25.		1925-26.		1926-27.	
	Receipts	Deliveries.	Receipts	Deliveries.	Receipts	Deliveries.
Packages..	9,693	10,101	8,515	8,578	6,774	6,713

39. The sale of uncleared cargoes landed at the docks and bunders was carried out during the year and the total gross proceeds for the 6 sales held amounted to Rs. 35,926 as against Rs. 24,961 in 1925-26. The number of packages sold during the year was 3,738 as against 3,599 last year. **Sales of Uncleared Cargoes.**

40. The number of steam and square-rigged Government and merchant vessels which entered the docks or were berthed at the harbour walls, and paid dues, are shown in Appendix D. **Number of Vessels in Docks and at Harbour Walls (Appendix D.)**

41. The numbers and tonnage of trade vessels that entered the Port during the past ten years as shown in the Customs returns are detailed in Appendix F. **Statistics of Vessels entered the Port. (Appendix F.)**

42. Of the vessels which entered the docks 67 were over 470 feet in length and 40 between 450 and 470 feet, as against 61 and 34, respectively, in 1925-26. Of the vessels over 470 feet in length, 27 were over 500 feet long and 25 between 490 and 500 feet. **Dimensions of Vessels entering the Docks.**

43. The largest vessel that entered the port was the S.S. "Belgenland," length 670 feet, beam 78 feet, and gross tonnage 27,132 tons. This vessel also left the port with the deepest draft, *i.e*, 31′-10″. **Dimensions of Vessels entering and leaving the Port.**

44. Forty-four vessels discharged liquid fuel at Nos. 18 and 19 berths, Alexandra Dock Harbour Wall and K berth, Prince's Dock, during the year. The number of oil-burning vessels excluding tankers entering the port during 1926-27 was 176. **Vessels discharging Liquid Fuel and burning Oil.**

45. Thirty vessels were detained in the stream for periods varying from 1 day to 5 days awaiting accommodation in the docks. In the case of 25 vessels the detention was for 2 days or less ; 2 vessels were detained for 3 days, 2 vessels for 4 days, and 1 vessel for 5 days. **Detention of Vessels.**

46. The following figures show the occupation of the dry docks :— **Dry Docks (Appendix E)**

		Days. 1925–26.	Days. 1926–27.
Merewether Dry Dock.		284¼	**261¾**
Hughes Dry Dock ..	Inner Section .. 211¼	299	114½ **143**
	Outer Section .. 87¾		28½

The number and tonnage of vessels dry-docked during the past ten years are shown in Appendix E.

The inner section of the Hughes Dry Dock was closed from the 24th February 1927 in connection with the work of strengthening the caisson stops.

The largest vessel dry-docked during the year was the S.S. " Ranchi " in the Hughes Dry Dock, 16,650 gross tonnage, 547′ long, 71′ beam.

As the levy of actual extra expenses for docking and undocking vessels on Sundays was found inconvenient in practice and resulted in delay in the submission of bills, the Board sanctioned a fixed scale of charges based on the tonnage of vessels.

MISCELLANEOUS.

Harbour Inspection.

47. In pursuance of the general policy of retrenchment, the Trustees' inspection of Port Trust works was not held during the year under report.

South African Deputation to India.

On the occasion of the visit of the South African delegation to this city in September 1926, the Trustees arranged a programme of inspection of the Port Trust docks, works and land estates and thereafter entertained the delegation with other distinguished guests to a luncheon at the Ballard Pier Station.

Stores Department.

48. The prices of many commodities, including coal, were lower than last year. Contracts for Port Trust supplies were entered into in the case of oils, castings, stationery, timber, provisions, uniform clothing, petrol, liquid fuel, coke, ropes and cords, furnishings and water fittings, hardware, textiles, tools and workshop appliances and miscellaneous country stores. Few articles were therefore purchased through the medium of casual tenders, but quotations for all items above the value of Rs. 5,000 were invited by public advertisement. Supplies of first class steam coal from Bengal were obtained during the year from Messrs. Bird & Co., who secured the contract by open tender. Supplies of second class coal for use on the Port Trust Railway continued to be obtained through the Mining Engineer of the Railway Board.

The cost of the stores purchased by the Controller of Stores and the Chief Engineer during the year was as under :—

		Indigenous.	Foreign. Purchased in India.	Foreign. Purchased through London Agents.
By the Controller of Stores	Rs.	12,02,000*	Rs. 7,66,000	Rs. 34,000
By the Chief Engineer	,,	3,32,000	,, 4,42,000	,, 1,48,000
Total	Rs.	15,34,000	Rs. 12,08,000	Rs. 1,82,000

*Coal .. .. Rs. 8,16,800.
Miscellaneous .. .. Rs. 3,85,200.

Considerable attention was paid during the year to the reduction of stores held in stock by the Controller of Stores and the Chief Engineer. The Board also passed definite orders that with the exception of a few items like cement, railway sleepers, etc., which the Chief Engineer's Department could purchase and stock more conveniently than the Stores Department, all other purchases should be made by the Controller of Stores.

Bunders and Land Department.

Ballard Estate.

49. The Trustees decided to name one of the two leasehold buildings voluntarily surrendered to them last year "Thackersey House" in commemoration of the valuable services rendered to the Port by the late Sir Vithaldas Damoder Thackersey as a Trustee during the years 1913-22. $3\frac{1}{2}$ floors of this building have been leased to the Postal Department at a rental of Rs. 30,000 per annum and the remainder is being converted into a much needed Institute in connection with the Bombay Port Trust Sports Club.

Elphinstone Estate.

50. An area of 4,779 square yards has been leased near Frere Basin to the Asiatic Petroleum Co. (India), Ltd., for a bulk lubricating oil installation. The Trustees sanctioned a lay-out of plots on this area for the accommodation of lubricating oils, with the necessary road and railway sidings.

Mazagon Cotton Depot

51. The Bombay Cotton Merchants' and Muccadums' Association completed the erection of their dispensary and offices in Exchange Avenue. A small area of additional land was leased to them for the dispensary.

The Fire Insurance Association considered a revision of their tariffs and it is understood that the rate of insurance on cotton stored at the Trustees' Cotton Depot has been further reduced by about 5 per cent. from 1st April 1927 as compared with that in private godowns.

Grain Depot.

52. The following accommodation was let out for occupations other than grain at this depot :—

Area.	Party.	User.
611$\frac{1}{9}$ Sq. yards.	Messrs. J. A. Begbie & Co.	.. Godown for screening and storage of crushed bones and for storing and crushing myrabollams.
4,610$\frac{8}{9}$ Sq. yards.	Messrs. Brunner Mond & Co. (India) Ltd.	.. Godown for storage of chemicals.
6,111 Sq. yards.	Messrs. Sizing Materials Co.	.. Godown for storage of bulk china-clay, etc.

Mazagon-Sewri Reclamation.

53. The Trustees sanctioned the lease of about 122 acres on the reclamation to the New Golf Club, Ltd., at a rental of Rs. 150 per month. The lease is for 10 years, but the Trustees have the right to resume any area required by them on one month's notice.

Pir Pao Pier. 54. An extended use was made of this pier during the year under report. 30 vessels discharged petrol and kerosene oil as compared with 26 vessels in the previous year. The quantities discharged were as under :—

	1924-25.	1925-26.	**1926-27.**
Petrol, Gallons	6,253,311	7,443,903	**10,017,162**
Kerosene, Gallons.. ..	24,972,187	30,494,648	**26,531,307**
	31,225,498	37,938,551	**36,548,469**

Fires. 55. There were 9 fires on the Trustees' land estate as compared with 7 in 1925-26. Fortunately none of them involved any serious loss.

Town Duty. 56. The Town Duty collected on behalf of the Municipality at the docks and bunders during the year under report amounted to Rs. 28,81,599 as compared with Rs. 28,58,208 in the preceding year 1925-26.

Revision of Hard Fees 57. The Trustees revised the " Break-up " Hard fees so as to effect a reduction on the amounts payable in respect of large ships.

Railway Department.

Traffic. 58. In consequence of the depression in trade, there was a decrease in traffic on the Port Trust Railway as compared with last year, both in foreign and local traffic. The number of wagons received and despatched during the last two years compares as follows :—

	Inward.		Outward.	
	1925-26.	**1926-27.**	1925-26.	**1926-27.**
Foreign	86,127	**68,587**	53,450	**49,495**
Local	41,146	**30,069**	42,250	**30,766**
Total ..	127,273	**98,656**	95,700	**80,261**

Troop and Passenger Trains. 59. During the year 86 troop and other special trains were run over the Railway as against 35 in the previous year. In addition, 281 postal and passenger expresses were run to and from the Ballard Pier station as against 301 in the previous year.

Supply of Wagons. 60. The supply of foreign wagons was satisfactory, but there were occasional delays in obtaining special types of wagons. In certain cases, the supply of wagons for traffic to stations on the G. I. P. and B. B. & C. I. Railways situated near Bombay was supplemented by the use of B. P. T. wagons under special arrangements.

61. The Wadala School maintained its reputation in regard to the number of pupils, attendance records and examination results. The branch school at Antop Village completed its first year with highly satisfactory results. The expenditure on the school, including cost of annual prizes, amounted to Rs. 4,891, including the cost of the new school at Antop Village. **Vernacular Schools at Wadala and Antop.**

62. Rail-borne merchandise taken direct into the docks amounted to 479,986 tons, a decrease of 160,447 tons as compared with the previous year. The principal decreases were in seeds, 76,334 tons ; cotton seeds, 60,354 tons ; cotton, 21,682 tons and in manganese ore, 9,984 tons. **Rail-borne Traffic into the Docks.**

63. Eighteen accident cases were reported to Government during the year under the provisions of the Indian Railways Act. Seven of these involved injuries, none of which proved fatal. In no case was the Railway held to blame. Medical aid was promptly obtained in all cases. **Accidents on the Railway.**

There were 32 cases of derailments during shunting operations during the year. Of these 14 were derailments of engines and 18 of wagons.

Prince's, Victoria and Alexandra Docks.

64. There were 10 fires at the docks, wharves and sheds and on board vessels and craft while in the docks, against 16 in 1925-26. None of them was serious or involved loss of life. The fire gear of the docks and warehouses was regularly tested during the year and kept up to the usual standard of efficiency. **Fires.**

65. The number of accidents to persons in the docks was 490 of which 25 were fatal, 89 serious and 376 slight, against 387 cases last year, of which 27 were fatal, 85 serious and 275 slight. Of the fatal cases, 2 were caused by falling into holds or lighters, 6 by falling into dock basins, 10 by goods falling out of slings, and 7 were due to other causes. **Accidents to Persons in the Docks.**

A dock clerk was accidentally drowned in the course of his duties and the Trustees granted a pension of Rs. 22 per mensem for the maintenance of his widow and infant son.

66. Two accidents to vessels in the docks occurred during the year, neither of which was serious. In both cases Port Trust officials were held to blame. Accidents to vessels in pilotage charge are referred to in para 75. **Accidents to Vessels in the Docks.**

67. There was a decrease in the earnings of this crane which amounted to Rs. 54,035 against Rs. 61,670 in 1925-26. The number of packages lifted during the year was 751 against 805 in the previous year. The heaviest single lift made by the crane was a case of machinery weighing 39 tons 18 cwts. **60-ton Floating Crane "Sarus."**

68. The return furnished by the Commissioner of Police of cognizable crime in the docks for the calendar year 1926, gives the following particulars **Crime in the Docks.**

which are compared with the corresponding returns of the two previous years :—

	1924.	1925.	1926.
Persons arrested	5,752	6,927	**8,404**
Number convicted	5,561	6,764	**8,301**
Percentage of convictions	96·6	97·6	**98·8**
Number of cases of theft	292	244	**245**
Number of cases in which property was recovered. .	244	209	**201**
Amount of property stolen	45,256	15,909	**18,326**
Amount of property recovered	18,182	4,463	**13,960**
Percentage of value of property recovered	40.18	28.05	**76.18**

Government have submitted proposals for the reorganization of the docks and harbour police and the incidence of cost between the Trustees and Government. The Trustees' views have been communicated to Government for consideration.

Port Trust copy of Customs Bill of Entry

69. On the representation of the Collector of Customs that the practice at Bombay whereby the Port Trust made use of the Customs duplicate Bill of Entry for the purpose of recording the delivery of import consignments was open to objection, as it inconvenienced the Customs audit and statistical work and was contrary to the procedure observed at Calcutta, Karachi and other Indian ports, the Trustees decided to amend the Docks and Bunder By-laws so as to make it obligatory for importers to prepare a true copy of the Customs Bill of Entry which would be retained for Port Trust use and would bear all Port Trust endorsements. The change has worked satisfactorily and has assisted to expedite disposal of claims for refunds, etc., besides eliminating much correspondence that formerly took place in regard to delay in the return of documents to the Customs House.

Compensation in lieu of Capitation on Troops.

70. In response to representations from the Government of India, the Trustees agreed to fall into line with other Indian major ports in regard to the levy of Port charges on Military personnel, their equipment, baggage, horses, etc., so as to conform to the provisions of the Indian Army Tolls Act, 1901. Under the agreement which came into force with effect from the 1st April 1927, Government vessels are exempted from the levy of Port dues and wharfage on stores and equipment for vessels' own consumption as also wharfage on Military and Naval personnel, their horses (other than remounts), baggage, carriages and other effects forming part of the authorized scheduled equipment of the unit to which such personnel belong. It was further agreed that, in consideration of the abolition of the capitation charge of Rs. 2 per head, the Trustees should levy a charge for compensation for loss of revenue calculated at two annas per ton of gross registered tonnage of the vessels for each day that the vessels are employed in transport work and that the concessional rates of dock dues at Ballard Pier and No. 18 berth Alexandra Dock should be withdrawn. It is estimated that the financial effect of this scheme based on the figures for 1925-26 would represent a loss of approximately Rs. 30,000 per annum to the Trust.

71. The following reductions and concessions in the Docks Scale of Rates were sanctioned during the year :— **Reductions in Charges at the Docks.**

(*a*) Liquid fuel discharged from tankers dry docking for repairs and subsequently re-shipped to be charged full import wharfage only instead of full import and export.

(*b*) Goods certified by the Customs as having been detained for special examination were exempted from the levy of extra fees during the period plus two working days after release.

(*c*) Wharfage rate of Rs. 1-8-0 per ton was adopted to apply to consignments of lubricating oils imported in bulk. The first steamer to discharge bulk axle oil was the S.S. " Palembang " which discharged 2,100 tons through the pipe line, and substantial saving in costs should result from this concession.

(*d*) The note to item 46D (Section I) was amended as a convenience to shippers so as to authorize the levy of wharfage at the net rate of eight annas per ton (plus surtax) on manganese ore shipped and supported by Port Trust Railway weighment certificates.

(*e*) The Board authorized the Docks Manager to allow vessels to work during the midday and evening meal intervals and also from 6 a.m. to 8 a.m. without additional charge in cases of special emergency.

(*f*) The cranage charges for the docks 2-ton, 4-ton, 5-ton and 15-ton steam cranes were reduced by approximately 33⅓rd per cent. in order to attract more traffic to the Port Trust Railway and encourage importers to make greater use of the cranes. The Docks Manager was empowered to waive the full extra fees incurred on imports loaded into railway wagons, owing to short or late supply of wagons, and also the charge for steam cranes requisitioned, but not utilized owing to non-supply of wagons.

(*g*) The wharfage rates on lubricating mineral and vegetable oils (packed) which were based on a 10-gallon unit were reduced and amended to a ' per gallon ' basis, in order to enable the Oil Companies to derive full benefit from the smaller packing of 6-gallon and 8-gallon units principally adopted by the trade.

(*h*) In order to encourage the importation of china-clay in bulk for discharge direct into railway wagons for storage at a central distributing depot at the Mazagon-Sewri Reclamation, the Board approved of a special wharfage rate of Re. 1 per ton against the ordinary rate of Rs. 2 per ton for china-clay imported in casks. The first vessel so dealt with was the

S.S. "Elmpark" which discharged 7,000 tons working continuously with seven quay cranes and fifty special high-sided railway wagons of twenty tons capacity; an outturn of well over 1,000 tons per nine-hour working day was attained.

Vernacular School at Wari Bunder

72. The number of pupils on the rolls of the primary vernacular school maintained by the Trustees for the education of the children of dock labourers was 114 on 31st March 1927, against 123 in the previous year. The school was inspected by the Superintendent, Municipal Schools, and a grant of Rs. 500 was made by the Municipality. The net expenditure to the Trustees on the school was Rs. 2,011.

Port Department.

Inspection of Lights.

73. During the year 169 day tours and 70 night tours of inspection were made by the special officer in charge of this work. The number of light passes granted was 3,367 against 3,392 in the previous year. 256 lectures were given which were attended by 7,027 tindals and boatmen against 267 lectures attended by 6,610 tindals and boatmen in the previous year.

Donation to Sir Leslie Wilson Hospital Fund.

74. The Trustees were pleased to sanction a donation of Rs. 5,000 to the Sir Leslie Wilson Hospital Fund under the provisions of the Indian Ports Act.

Pilotage Department.

Accidents to Vessels in Pilotage charge.

75. There were seven slight accidents to vessels while in Port Trust pilotage charge during the year. On four occasions, the pilot in charge was held to be at fault.

Wireless Communication.

76. The wireless communication between the Port Signal Station and the Prongs and Kennery Lighthouses and the Steam Pilot Vessel was fairly consistent throughout the year. The secondary means of communication by helios and night signalling lamps also worked well at all the stations.

CAPITAL (Expenditure and Works).

Capital Expenditure.

77. The aggregate expenditure on Capital Account during the year was Rs. 21,80,891 apportioned over the various works as follows :—

			Revised Estimates.	Actuals.
			Rs.	Rs.
Section	I.	Prince's Dock	1,300	**1,243**
		Victoria Dock	1,900	**1,882**
		Merewether Dry Dock	21,400	**24,490**
		New Works, Ordinary	9,68,900	**5,92,356**
,,	II.	Alexandra and Hughes Dock Works	16,69,500	**14,70,890**
,,	III.	Port Trust Railway and Depots	1,86,600	**90,030**
			28,49,600	**21,80,891**

This outlay was met as follows :—

	Rs.
From Loan Balances for New Works, Ordinary	5,62,677
,, Alexandra and Hughes Docks loan balances	14,70,890
,, P. T. Railway and Depots loan balances	90,030
,, Sale proceeds of property	57,294
	21,80,891

Prince's and Victoria Docks.

78. The work of providing additional lighting in the docks consequent on the Trustees undertaking to accept responsibility for goods discharged at night was completed during the year under report.

Merewether Dry Dock New Caisson.

79. The erection of this caisson was completed and the caisson was put into commission from 3rd April 1926. The old caisson was towed to the east of the harbour and scuttled on 21st October 1926.

Non-Propelling Barges and Flats for Dredger "Walrus."

80. The erection of 3 new flat barges, 400 tons each, was completed during the year and the barges were successfully launched. The material for 3 new hopper barges of 300 tons capacity each was received from Messrs. William Simons & Co. and one barge was erected and launched in February 1927. The work on the remaining two barges was in hand at the close of the year.

Manoeuvring Winches for Dredger "Walrus."

81. The fitting of these winches was completed during the year under report.

Development of Port Trust Land at Colaba.

82. A seal coat of Spramex was applied to the new roads laid out on the old Colaba Cotton Green and the carriageway handed over to the Municipality. Further progress on the work has been suspended in the absence of any demand for the land.

Extension of Port Trust Workshops.

83. The following electric plant was installed at the Workshops during the year under review :—

(*a*) 5-ton overhead electric crane in the new machine shop.

(*b*) Electric blower in blacksmith shop.

(*c*) Electric motor in the old machine shop.

(*d*) A Quasi-arc welding set.

The electric lighting of the old and new machine shops was also completed.

Liquid Fuel Pipe Line.

84. The extension of the liquid fuel pipe line to berths Nos. 14 and 15 in Alexandra Dock was taken in hand, and a new masonry culvert 123 feet in length was constructed. The work was about half completed at the close of the year.

Hard for Local Craft.

85. This work, which was commenced in August 1924, to provide facilites for repairs to small craft, was completed during the year and brought into use.

40 foot Road West of Sewri Station.

86. To improve communication between the Development Department chawls at Sewri and the Sewri Station, this road was constructed during the year.

Making Victoria Bridge Road to Municipal requirements

87. 11,604 square yards of road surface on the approaches to the Victoria Road Overbridge were covered with a 2″ thick layer of asphaltic concrete. The work was carried out by the Bombay Municipality at Port Trust cost.

Port Trust Railway.

88. Three locomotives of the number surplus to requirements were sold during the year to Messrs. Burn & Co. for Rs. 60,000. Seven other old engines were sold by auction for Rs. 14,350.

Alexandra and Hughes Docks.

89. The expenditure on these docks during the year amounted to Rs. 14,70,890 making a total of Rs. 6,07,50,085 since the commencement of the work in 1904. The following are the principal details of the expenditure during 1926-27 :—

	Rs.
Transit shed at No. 9 berth	6,75,398
Deepening entrance channel	2,84,843
Deepening mail steamer berth at Ballard Pier ..	1,55,793
Paving and metalling of wharves	1,26,682
Office for Deputy Manager and Cash Department	77,007
Providing iron roller paths for cranes	30,754

90. The construction of the new three-storied transit shed at No. 9 berth, Alexandra Dock, measuring 396 feet long and 121 feet 6 inches wide, was completed and handed over to traffic on 8th March 1927. The floor area available in this shed for the storage of goods is 128,900 square feet.

91. The deepening of the entrance channel to 28 feet below L.O.S.T. and of the mail berth to 32 feet is proceeding satisfactorily according to programme. The revised estimates for this work aggregate about Rs. 26½ lakhs.

92. The wharves at berths Nos. 2, 8 and 9, admeasuring 473 squares, were paved with sett stones on a 6″ cement concrete bed. To provide increased open storage accommodation for berths Nos. 8, 9 and 11, the open plot at No. 10 berth was paved.

93. A new office for the Deputy Manager, Alexandra Dock, and the Cash Department was constructed at the north end of the dock and the work was almost completed by the end of the year.

94. About 2,960 lineal feet of cast-iron crane roller paths were let into the granite copings of the dock walls. The work is still in progress.

SPECIAL REVENUE WORKS.

Improved Passenger Traffic Facilities.

95. During the year under report, the following improvements were carried out to provide greater facilities for passengers by coasting steamers :—

(*a*) 1½ bays at the north end of No. 14 shed were partitioned off to form a waiting room.

(*b*) Teakwood benches were provided in the waiting room.

(*c*) 8 seats of latrines and 3 urinals with septic tank on full flushing system were provided at sheds Nos. 14 and 15.

(*d*) 2 seats of latrines were added to the existing latrines at 'M' shed, Prince's Dock.

Rolling Fenders for Berths Nos. 18 and 19, Alexandra Dock.

96. Two special rolling fenders were provided for berths Nos. 18 and 19, Alexandra Dock Harbour Wall.

MAINTENANCE DREDGING.

97. The total quantity dredged during the year on revenue account was 5,525,060 tons as against 3,544,560 tons in the previous year 1925-26. The increase is due to the dredging in connection with the oil pier at Pir Pau. The average cost per ton on maintenance dredging was 3.18 annas per ton as compared with 3.53 annas in the preceding year.

BOARD OF TRUSTEES.

98. During the year under report, 31 general meetings of the Board and 47 meetings of the Committees were held as against 36 and 39 respectively in 1925-26.

Appendix I shows the changes among the members up to the date of report.

STAFF.

Total Staff.

99. The total approximate number of employees engaged during the year as compared with the two previous years was as under :—

	1926-27.	1925-26.	1924-25.
Permanent—Superior ..	1,994	1,996	2,149
,, —Inferior	451	451	490
Temporary Staff	10,337	10,886	12,804
Total ..	12,782	13,333	15,443

Housing of Staff.

100. In view of the financial position and the reduction in the number of staff in consequence of retrenchment, no further expenditure was incurred during the year on housing.

Appendix H shows the number of employees housed to the end of the calendar year 1926.

Attendance at Dispensaries.

101. The average daily attendance at the Trustees' Dispensary at Prince's Dock was 68.12 against 68.14 in 1925-26 and 79.65 in 1924-25. There were 1,042 cases of injuries against 950 in the previous year. 1,916 sick certificates were granted. At the Wadala Dispensary, the average daily attendance was 13.13 against 13.3 in 1925-26 and 18.37 in 1924-25; 175 cases of accidents were treated and 280 sick certificates were issued against 116 cases of accidents and 350 sick certificates issued in 1925-26. At the Antop Village Dispensary, the average daily attendance was 40.9 against 44.5 in the previous year ; 72 cases of injuries were treated and 525 sick certificates issued. At the Grain Depot Dispensary, which was started from 2nd November 1926, the average daily attendance was 20.4 and 311 cases of injuries were treated; the number of sick certificates granted was 77. During the year 1926-27, there were 24 deaths in the superior and 6 in the inferior staff, as against 20 and 10 respectively in the previous year.

Revision of Provident Fund Rules.

102. The Provident Fund rules for the permanent and temporary staffs were revised with effect from 1st April 1926, to comply with the provisions of the new Provident Funds Act, XIX of 1925. Opportunity was also taken, in the case of permanent employees, to provide for the application of subscribers' contributions to the Provident Fund being applied either wholly or partially to payment of subscriptions to a recognized Family Pension Fund or of premia on a Policy of Insurance on the subscriber's life. This concession has proved very popular and a number of subscribers are taking advantage of it by insuring their lives.

Amenities for Staff.

103. With a view to providing further amenities to their employees of all grades, the Trustees have applied to Government for an amendment of the Bombay Port Trust Act, to empower them to institute an " Employees' Welfare Fund." During the year under review, a Co-operative Credit Society was formed for Bombay Port Trust employees, and registered under the Co-operative Societies Act by Government. The society is making good progress.

Retrenchment Investigations.

104. The consideration of the remaining proposals submitted by the Special Retrenchment Officer (Mr. H. N. Heseltine, C.I.E.,) was completed during the year under report and further retrenchments were effected wherever feasible. The following are the principal items of retrenchment approved by the Board during 1926-27 :—

Provident Fund.—Withdrawal of 1/11th increase to temporary employees on admission to the Provident Fund. They were however given the option of qualifying for a retiring gratuity in lieu of joining the Provident Fund.

Overtime.—Calculation of overtime pay was to be made at 1/30th of pay instead of 1/26th and principles for payment of overtime were definitely laid down.

Conveyance Allowance.—This was reduced in the case of the dredging staff.

Railway Staff.—Considerable reductions were made in the cadre of the staff of the Port Trust Railway.

Deputy Chairman.

105. The post of Deputy Chairman, which was created in the first instance for a period of 2 years, was brought on to the permanent cadre on a reduced scale of pay. Mr. W. R. S. Sharpe was confirmed in the appointment with effect from 24th March 1927. He proceeded on 7 months and 7 days' leave from 6th June 1927.

106. The scales of pay for the Secretary and Deputy Secretary were reduced. Mr. N. M. Morris was confirmed as Secretary *vice* Mr. W. R. S. Sharpe and Mr. A. S. Bakre, B.A. Indian Probationer, was appointed Deputy Secretary.

Leave.

107. Captain E. V. Whish, O.B.E., R.I.M., Port Officer, proceeded on 12 months' combined leave out of India from 14th January 1927 Captain H. A. B. Digby Beste, O.B.E., R.I.M., was appointed by Government to officiate as Port Officer *vice* Captain Whish.

108. The Trustees are again pleased to record their appreciation of the excellent work done by their officers and staff in all departments during the year. The depression in trade and the necessity of curtailing expenditure without impairment of efficiency combined to make the year one of some difficulty. There are no indications so far of any substantial revival in trade, but the Trustees have complete confidence that their officers will continue to give their whole-hearted co-operation in retrenching expenditure during this period of trade depression.

W. H. NEILSON,
Chairman.

5th August 1927.

APPENDIX A.

Comparison of Receipts under the various heads during the past five years; increases or decreases during 1926-27 as compared with 1925-26:—

APPENDIX H.

Statement showing the number of Port Trust employees housed in Port Trust buildings as at 31st December 1926:—

	Total number of staff.	Number housed.	Percentage housed.
1. Permanent staff on salaries over Rs. 300 per mensem	206	82	39·8
2. Permanent staff on salaries from Rs. 50 to Rs. 300 per mensem—			
(*a*) Clerical	663	37	5·6
(*b*) Outdoor	1,125	138	12·2
3. Permanent inferior staff on salaries under Rs. 50 per mensem	451	137	30·4
4. Temporary staff on salaries—			
(*a*) Over Rs. 300 per mensem ..	3	1	33·3
(*b*) From Rs. 50 to Rs. 300	1,259	666	52·9
(*c*) Under Rs. 50	3,278	2,120	66·7
(*d*) Daily paid	5,797	1,784	30·8
Total ..	12,782	4,965	34·8

APPENDIX I.

Changes among the members of the Board up to date of this Report.

Name.	Particulars.
The Hon'ble Sir Phiroze C. Sethna, Kt., O.B.E. ..	Returned from leave on 17th August 1926, and again on leave from 30th November 1926 to 15th February 1927. Ceased to be a Trustee from 1st April 1927.
Mr. Meyer Nissim	Ceased to be a Trustee from 17th August 1926, and re-elected by the Bombay Municipality for two years from 1st April 1927.
Sir Purshotamdas Thakurdas, Kt., C.I.E., M.B.E., M.L.A.	Returned from leave on 31st August 1926.
Mr. F. C. Annesley	On leave from 23rd September to 16th November 1926.
Mr. J. R. Abercrombie, M.C.	Resigned from 13th October 1926.
Mr. V. A. Grantham	Resigned from 27th November 1926.
Mr. G. L. Winterbotham, M.L.C.	Elected by the Chamber of Commerce to act from 13th October 1926 *vice* Mr. V. A. Grantham on leave, and confirmed when Mr. Grantham resigned.
Mr. W. W. Nind	Resigned from 16th October 1926.
Mr. A. M. Green, I.C.S.	Returned from leave on 5th November 1926.
Mr. T. E. Cunningham	Resigned from 31st December 1926.
Mr. E. Miller	Elected by the Chamber of Commerce *vice* Mr. Cunningham resigned, and proceeded on 7½ months leave from 8th April 1927.
Mr. A. B. Morrison	Elected by the Chamber of Commerce to act *vice* Mr. Miller on leave.
Mr. A. K. Graham	Resigned from 30th November 1926.
Mr. R. D. England	Elected by the Chamber of Commerce *vice* Mr. Graham resigned. Ceased to be a Trustee from 1st April 1927.
Sir Robert McLean, Kt.	Returned from leave on 19th November 1926, and resigned from 19th March 1927.

Examined and found correct. The Securities in which the Trustees' Surplus Revenue, Provident, Depreciation, Sinking and other Funds are invested, and the Security Deposits of Contractors and others have been checked, and were found to agree with the amounts entered above. The Cash Balance has also been checked and was found as stated.

DETAILS OF

CAPITAL EXPENDITURE,

1926-27.

DETAILS OF CAPITAL EXPENDITURE IN 1926-27.

SECTION I.

PRINCE'S, VICTORIA AND MEREWETHER DOCKS AND NEW WORKS, ORDINARY—CAPITAL.

Expenditure.	Revised Budget Estimates, 1926-27.	Actual Expenditure, 1926-27.
PRINCE'S DOCK.	Rs.	Rs. a. p.
Additional electric lighting	1,300	1,242 10 0
VICTORIA DOCK.		
Additional electric lighting	1,900	1,882 1 0
MEREWETHER DRY DOCK.		
New caisson (part cost)	21,400	24,490 3 0
NEW WORKS, ORDINARY.		
GENERAL.		
Launch "Piper" for Dock Master's Department	28,000	91 13 0
Three non-propelling barges and three flats for "Walrus"	6,28,400	4,18,781 10 6
Winches for "Walrus"	9,300	2,483 15 0
Improvements to Tucker Beacon including an "Aga" Light	12,800	52 6 0
Preliminary expenses in connection with the Dock Extension (balance of cost)	.....	*Cr.* 3,851 7 3
APOLLO BUNDER.		
Lay-out of Colaba Cotton Green and filling in of Oliver's Folly (part cost)	1,600	2,154 14 0
BALLARD ESTATE.		
Lay-out of the Ballard Estate (part cost)	1,100	808 2 0
ELPHINSTONE ESTATE.		
Extension of Port Trust Workshops (part cost)	53,900	28,061 14 0
New Fire Brigade Station on Frere Road (P. T. share of cost)	...	*Cr.* 1,181 10 0
Additional 8" and 10" pipe line for liquid fuel between Alexandra Dock Harbour Wall and Wari Bunder Installation (balance of cost)	1,800	1,713 7 0
Liquid fuel pipe line—extensions in Alexandra Dock (balance of cost)	16,700	12,323 3 0
Do. —connection to G. I. P. Railway installation at Liquid Fuel Depot	1,000	*Cr.* 763 2 9
30-feet road to serve plots 1, 2 and 3 at Wari Bunder	3,700	1,462 14 0
MAZAGON AND TANK BUNDER (OLD ESTATE).		
Reclamation for coal north of existing Coal Bunder (balance of cost)	28,400	20,886 14 1
Widening Reay Road from 60 to 90 feet and paving east and west footpaths (balance of cost)	....	*Cr.* 10,107 3 9
Widening 60' road north of Reay Road (Jackeria Bunder Road) to Sewri New Road	5,400	2,432 2 2
Hard for local craft (part cost)	32,100	34,939 8 6
Exchange of land between the Municipality and the Port Trust including lighting, drainage, etc.	....	*Cr.* 8 2 0
Purchase of a two-storied building at Kala Chowkey	100	28 0 0
Making Arched Bungalow Road to Municipal requirements	8,600	8,511 1 0
Approach road at Tank Bunder	5,700	3,321 4 0
Lay-out of Cross Roads at Hay Bunder	9,600	8,392 4 0
Branch sewer on cross road west of Jakeria Bunder Road	4,200	3,025 11 0
SEWRI AND WADALA PROPERTIES.		
80-foot road between old and new Sewri Roads (part cost)	8,600	9,463 9 0
Constructing a road in connection with the lay-out of chawls near Sewri Overbridge	47,600	38,646 6 6
Acquisition of land from Government at the Salt Department Dockyard for road	33,200	....

Bombay Port Trust.

ADMINISTRATION REPORT FOR THE YEAR 1927-28.

General Remarks on the year's work.

WHEN framing the Budget for the year under review the Trustees, in anticipation of a slight all-round improvement of trade, budgetted for a gross revenue (excluding special Receipts) of Rs. 277.92 lakhs, or approximately Rs. 14 lakhs above the actuals of 1926-27. These expectations were realized and the improvement which set in about the middle of the year was well maintained during the closing months. The actual receipts, including surtax, totalled **Rs. 281.07 lakhs,** an increase of Rs. 17.05 lakhs, or approximately 6½ per cent. on the corresponding figure for the preceding year. (Details are given in paras 19—31 and Appendix A.)

2. The total ordinary expenditure budgetted for was Rs. 277.31 lakhs but thanks to the unabated efforts to economize in every direction, the actual expenditure, **Rs. 273.54 lakhs,** showed a saving of Rs. 3.77 lakhs on the original estimates and was Rs. 1.54 lakhs less than the actuals for the preceding year. Of this reduction Rs. 66,642 was in debt charges. Having regard to the increased volume of trade handled, the reduction in expenditure and in the ratio of working expenses to receipts (50.57 per cent) is very gratifying. (Details are given in paras 32—34 and Appendix B.)

3. The budgetted surplus for the year was Rs. 40,729; the actual result was a surplus of Rs. 6,59,517 under General Account, which has been transferred to the Revenue Reserve Fund, and Rs. 93,950 under Pilotage Account, transferred to the Vessels Replacement Fund. An analysis of the results shows that the improvement over the original estimates was due to an increase of Rs. 2.73 lakhs in receipts and a reduction of Rs. 3.45 lakhs in expenditure.

4. After transferring the year's surplus the Revenue Reserve Fund stands at Rs. 72.78 lakhs, actual market value being Rs. 67¼ lakhs. The financial position of the Trust is explained in para 37. It will be observed that, in addition to the Revenue Reserve Fund, the accumulated Sinking Funds and equated loan repayments amount to Rs. 426.65 lakhs while adequate reserves totalling Rs. 88.74 lakhs have been set aside for special purposes such as fire insurance, depreciation and emergency replacements. Capital Works financed out of Revenue Reserve during the years 1916 to 1921 amounted to no less than Rs. 47 lakhs. No capital loan has been raised for the past three years and the capital balances in hand at the end of the year were over Rs. 59 lakhs.

5. There was no increase in port or dock charges during the year under review. The reductions and concessions sanctioned in the Scale of Rates are detailed in para 70. The reductions in scheduled rates and charges effected during the last three years represent in revenue about Rs. 8¼ lakhs per annum.

6. The cargo handled at the docks and bunders amounted to 6,709,000 tons, an increase of approximately 20 per cent. above the tonnage of the previous year. Imports accounted for about 55 per cent. and exports 45 per cent. of the total tonnage and both shared equally in the improved volume. The following is a detailed comparison of the tonnage figures for the past two years :—

	Imports (Tons).			Exports (Tons).			Total (Tons).		
	1926-27.	1927-28.	..	1926-27.	1927-28.	..	1926-27.	1927-28.	..
Docks	2 065,000	2,488,000	+423,000	2,003,000	2,598,000	+595,000	4,068,000	5,086,000	+1,018,000
Bunders	1,094,000	1,217,000	+123,000	431,000	406,000	—25,000	1,525,000	1,623,000	+ 98,000
Total	3,159,000	3,705,000	+546,000	2,434,000	3,004,000	+570,000	5,593,000	6,709,000	+1,116,000

Details of the variations in principal commodities are given in Appendix C to this Report.

7. The year was on the whole uneventful as regards trade but the majority of commodities, both import and export, showed a healthy expansion. The most notable exception was raw cotton, the exports of which, 1,784,000 bales, were the lowest for any year since 1920-21 and 33 per cent. below the average of the last 5 years. Exports of twist and yarn showed a similar falling off. This heavy decline in Bombay's staple export commodity would be disquieting were it not due to abnormal factors, i.e., the competition of the record American Crop which included a large proportion of low grade Cotton, the civil war in China and financial troubles in Japan. In view of the situation in the Far East — which has since shown signs of improvement—it is satisfactory to note that the falling off in cotton exports was more than counterbalanced by an increase in practically all the other important export items, notably oilseeds, groundnuts and manganese ore. Imports, with few exceptions, showed an all-round increase. The volume of piecegoods imported showed a substantial increase and was the heaviest for some years past. The decrease under liquid fuel was almost counterbalanced by the increase in kerosene imports and the remarkable expansion in the bulk petrol trade which continued throughout the year, the import figure of approximately 13 million gallons representing an increase of over 200 per cent. in the last four years. In view of the great development in this trade the Trustees have sanctioned a 40 per cent. reduction in wharfage from 1st April 1928. Export wharfage on liquid fuel bunkers has also been reduced by 50 per cent. from the same date.

8. The fumigation of American cotton imported into India through this port continued throughout the year under review and the imports were on a considerably enhanced scale. 221,100 bales were landed and fumigated prior to delivery, as against 138,597 bales in the preceding year, 1926-27. The landing of American cotton at Haji Bunder on the Mazagon-

Sewri Reclamation was discontinued during the fair season as it was found possible to accommodate the small quantities imported during the latter half of the year in the Prince's Dock. In view of the unusually large volume imported during the period 1st November 1926 to 11th July 1927 (279,760 bales), the Government of India sanctioned a refund of fumigation fees at the rate of 7 annas per bale on the quantity imported and fumigated during this period.

9. Vessels which entered the docks or were berthed at the Harbour Walls (excluding ferry steamers) totalled 2,027 with an aggregate tonnage of 4,864,344 net register. This is the highest tonnage recorded since 1921-22.

The new Steam Pilot Vessel "Lady Wilson" arrived out from England and took up her duties on 26th September 1927.

10. There was a noticeable improvement over the preceding year in the occupation of the dry docks, the number of vessels docked being 194 against 177 in 1926-27. The total tonnage increased to 696,415 tons, being 70,612 tons more than the previous year. The departmental working of the dry docks was carried out successfully and economically, the expenditure being practically the same as that for 1926-27 in spite of the increased tonnage handled.

11. The Ballard Pier berth was used by 167 vessels and 333 postal and passenger trains were run to and from the station, connecting with the incoming and outgoing mail steamers. The additional passenger berth on the Alexandra Dock Harbour Wall accommodated 45 vessels. The temporary hotel accommodation provided at the station for the convenience of ocean-going passengers was made use of by 2,303 adults and 238 children.

12. The Docks Hamallage (Labour) Department satisfactorily met all demands for labour during the year. The attendance of the labourers continued to be satisfactory and they were not affected by any industrial disputes. The average number of labourers engaged daily was 2,486 and the highest number employed on a single day was 4,405. The total tonnage of goods handled during 1927-28 amounted to 3,980,012 tons, the inclusive labour charges averaging 4.13 annas per ton.

13. The total tonnage dealt with at the bunders was 1,622,594 tons against 1,525,358 tons during 1926-27, the principal increases being in kerosene oil (in bulk), petrol, dates and coal. There were decreases, however, under grain, seeds, chunam and sand.

14. On the land estates, the most noticeable feature was the keen demand for godown accommodation at the Cotton Depot owing to the bumper cotton crop. All the Port Trust godowns vacant at the close of last year were taken up during the year under review and, to supplement the godown accommodation, a number of the railway sheds have since been temporarily rented for storage of cotton. The Trustees have recently sanctioned

a substantial reduction of rents at the Depot, which will have effect from September 1928. The reductions in rent sanctioned since the opening of the Depot in 1923 aggregate Rs 3.80 lakhs per annum, or 23 per cent.

15. Special attention has recently been given to the development of the new residential estates in the neighbourhood of Apollo Bunder and Colaba and a number of first-class building sites in this vicinity are now offering on 99-year leases at moderate ground rents varying according to position. The old Colaba Cotton Green, which has a magnificent Harbour frontage on the east side and is bounded by Colaba Causeway on the west, has been laid out into 37 building plots, complete with necessary cross-roads and drainage. A noticeable feature is the central public garden, which has been designed on most original and artistic lines and will be maintained by the Port Trust for the benefit of the residents on this Estate.

Further to the South a number of attractive residential sites with sea frontage, remote from the noise and dust of the main thoroughfares, are available in the vicinity of Sassoon Dock Reclamation and Jamshedji Bunder. On the Ballard Estate and in Fort Street four or five good plots for offices, shops and flats still remain to be leased. The recent opening of the new Perozshah Mehta Road provides a direct thoroughfare between the Ballard Pier and Hornby Road and brings the Ballard Estate within half a mile of the centre of the City.

North of the Docks, in the area between the Harbour and Frere Road, and on the Bunders adjoining the Mazagon-Sewri Reclamation there are ample sites available for storage and general trade purposes. A brisk demand for accommodation has sprung up at the Grain Depot since the Trustees decided to admit other trades to this area. An important event in the industrial development of this Depot is the new project of the General Motors Corporation, who have recently been granted a lease of nearly 38,000 square yards of covered and plinth accommodation which is being rapidly converted to the Corporation's requirements. Here it is intended to fabricate, assemble and test motor cars and trucks of the various manufacturing organizations controlled by this vast Corporation. This project will give employment to many hundreds of skilled workmen and will inaugurate a new epoch in the motor industry of India. Still further North, on the Wadala Reclamation, an area of 45,446 square yards of land was leased during the year to the Standard Oil Company of New York for a bulk petrol installation a new branch of this Company's business.

16. The foreign inward and outward traffic on the Port Trust Railway aggregated 506 lakhs of maunds against 424 lakhs during 1926-27, the principal increases being in cotton, seeds, oil-cakes and manganese ore. An increase of 13,239 wagon-loads has also to be recorded in local traffic, principally under seeds, charcoal, magnanese ore and oil-cakes. The bulk of the cotton for export continued to be conveyed from the depot to the docks by carts and lorries in spite of concessions in railway rates and handling charges offered by the Port Trust. The Trustees have recently offered further concessions to exporters in the shape of an inclusive 4-bale rate based

on the lowest carting charge and including collection, transport to station, loading into wagons, railing to docks and placing alongside the steamer. The question of the rate of terminals to be paid to the Bombay Port Trust Railway by the G.I.P. and B.B. & C.I. Railways, which had been under consideration by the Railway Board and Government for several years, has been satisfactorily settled by an agreement under which the Port Trust Railway will be paid 6 pies per maund for traffic up to 50 million maunds with a decreasing telescopic rate for traffic in excess of this figure. The freight earnings collected during the year on traffic booked or received on account of the G.I.P. and B.B. & C.I. Railways amounted to Rs. 3,14,25,000. The railway carried 44 per cent. of the total railborne traffic in and out of Bombay. The ratio of working expenditure (Rs. 17.03 lakhs) to receipts (Rs. 26.48 lakhs) was the lowest on record. Expenditure in this Department has been retrenched by Rs. 10.43 lakhs or 38 per cent. since 1922-23.

17. In pursuance of the declared policy of the Board to avoid further commitments on loan account until trade conditions are more settled, Capital expenditure during the year under review was kept down to an absolute minimum ; it amounted to Rs. 11·86 lakhs, which is the lowest since 1902-03. A sum of Rs. 5.57 lakhs was expended on the deepening of the Alexandra Dock entrance channel and mail steamer berth, Rs. 1.51 lakhs on new dredging plant, and Rs. 1.13 lakhs on removal of a portion of the Alexandra Dock dam. No new loan was raised by the Trustees during the year, the expenditure being financed from loan balances in hand.

18. The Bombay Port Trust Act was amended during the year to empower the Trustees to institute " Employees' Welfare funds " for the benfit of their employees of all grades. Plans and estimates have been sanctioned for the construction of an Infant Welfare and Maternity block at the Wadi Bunder chawls for dock labourers.

The top floor of Thackersey House on Ballard Estate was converted into an Institute comprising billiard room, reading room, card room, etc., for the use of members of the B.P.T. Sports Club. The expenditure amounted to Rs. 9,968.

REVENUE (Details).

19. The year's Revenue, *excluding Special Receipts*, compares with that of previous years as follows :—

Average of three years ending		1921–22	..	..	..	Rs.	2,12,35,237
Do.	do.	1924–25	..	..	..	„	2,64,70,382
During the year		1925–26	.. Rs.	2,84,13,548			
Do.		1926–27	.. „	2,64,02,353	Average	„	2,76,41,156
Do.		1927–28	.. „	2,81,07,566			

Compared with the last five years the result of the working of the past year is as follows :—

Result of the year's working compared with previous years (Appendix A).

	Income.			Expenditure.		Surplus.	Deficit.
	Revenue Proper. Rs.	Surtax. Rs.	Special Receipts. Rs.	Expenditure Proper. Rs.	Special Expenditure. Rs.	Rs.	Rs.
1922–23 ..	2,09,96,302	49,66,049	8,71,019	2,57,74,652	8,26,502	2,32,216	....
1923–24 ..	2,14,27,766	46,44,046	9,26,766	2,61,90,386	9,36,012	....	1,27,820
1924–25 ..	2,26,01,556	47,75,428	9,48,694	2,73,20,809	9,65,025	39,844	....
1925–26 ..	2,36,53,748	47,59,801	9,53,590	2,76,53,225	10,03,623	7,10,291	....
1926–27 ..	2,19,90,516	44,11,836	11,56,821	2,75,07,995	11,98,260	....	11,47,082
1927–28 ..	**2,34,52,954**	**46,54,612**	**12,97,402**	**2,73,54,098**	**13,91,353**	**6,59,517**	....

A comparative statement for the past five years giving the details of revenue under the various departmental sections and heads is printed as Appendix A of this report.

Revenue Reserve Fund

20. The surplus for the year under report amounting to Rs. 6,59,517 has been appropriated to the Revenue Reserve Fund, which will thereafter stand as follows :—

Total as per Administration Report, 1926-27	Rs.	67,42,149
Add—Revenue surplus, 1927-28	,,	6,59,517
	,,	74,01,666
Deduct—Amount transferred to the securities Depreciation Fund, 1927-28	,,	1,23,878
*Total ..	Rs.	72,77,788

*Invested in public securities of the par value of Rs. 65,19,700 ..	Rs.	64,65,167
Cash balance	,,	8,12,621
Total ..	Rs.	72,77,788

Taking the securities at their market value and adding the amount set aside in the Securities Depreciation Fund against depreciation of Revenue Reserve Fund securities, the actual value of the Revenue Reserve as at 1st April 1928 amounts to about 67¼ lakhs of rupees.

Wharfage Fees.

21. Wharfage fees on merchandise at the docks and bunders amounted to Rs. 84,46,651, an increase of Rs. 5,87,355 as compared with the corresponding figure for 1926-27. Transhipment fees on cargo amounted to Rs. 1,75,189, an increase of Rs. 7,006 as compared with the fees for the year 1926-27.

The following figures show the comparison of import and export wharfage exclusive of surtax for the last three years :—

Year.	Import Wharfage.	Export Wharfage.	Total.
	Rs.	Rs.	Rs.
1925-26	49,51,751	32,83,685	82,35,436
1926-27	51,58,968	27,00,328	78,59,296
1927-28	**56,21,842**	**28,24,809**	**84,46,651**

Bunder Revenue.

22. The revenue from the bunders shows an increase of Rs. 5 lakhs as compared with the preceding year. Of this increase, Rs. 3·11 lakhs occurs under wharfage fees, due principally to the enhanced importations of petrol and kerosene oil.

23. The receipts from dock dues on vessels amounted to Rs. 5,60,369, an increase of Rs. 35,674 as compared with the year 1926-27. **Dock Dues on vessels.**

24. Ground and shed rent receipts at the docks aggregated Rs. 5,16,373 a decrease of Rs. 1,19,596 as compared with the year 1926-27. The decrease is due to quicker clearances of cargoes from the transit sheds. **Ground and Shed Rents at the Docks.**

25. The receipts from cranage fees at the docks amounted to Rs. 5,72,134 against Rs. 5,07,528 in 1926-27. **Cranage Fees at the Docks.**

There was a slight increase in the earnings of the floating crane "Sarus" which amounted to Rs. 59,221 against Rs. 54,035 in 1926-27. The number of packages lifted during the year was 582. The heaviest single lift made by the crane was a dredger weighing 60 tons.

26. The receipts under Land Estates aggregated Rs. 48,34,806, a decrease of Rs. 83,237 as compared with the previous year, 1926-27. Ground rent receipts amounted to Rs. 27,25,886, a decrease of Rs. 1,62,855 as compared with the previous year. The decrease is due to a smaller demand for monthly tenancies, seasonal and casual occupations. The following figures afford a comparison :— **Land Estate Revenue.**

	Rents realised.		
	From leaseholds.	From monthly tenancies.	Total.
	Rs.	Rs.	Rs.
1923-24	15,44,361	15,27,450	30,71,811
1924-25	15,76,083	12,94,011	28,70,094
1925-26	16,15,680	11,96,781	28,12,461
1926-27	16,42,193	12,46,548	28,88,741
1927-28	**16,98,896**	**10,26,990**	**27,25,886**

The total area of land let on leasehold at the end of the year was 1,466,780 square yards against 1,396,644 yards at the close of 1926-27. The number of leases existing on Port Trust estates on 31st March 1928 for which bills are rendered was 555 against 549 on the 31st March 1927.

27. The revenue from the Merewether and Hughes Dry Docks amounted to Rs. 3,25,166 as against Rs. 3,30,459 in the previous year. The gross tonnage dealt with was 696,415 tons against 625,803 tons in 1926-27. The expenditure on working the Dry Docks was Rs. 2,31,137 as against Rs. 2,29,125 in the previous year. The proportion of working expenses to receipts during 1927-28 was practically the same as last year and it compares favourably with the ratio of expenditure prior to the introduction of the departmental working of the Dry Docks. **Merewether and Hughes Dry Docks Receipts.**

28. The receipts of the Railway during the year amounted to Rs. 26,47,994 as against Rs. 23,10,984 in the previous year. Terminal charges were paid during the year by the two railways at 6 pies per maund, the rate now agreed upon for traffic up to 50 million maunds in a year. **Port Trust Railway Receipts.**

29. The receipts under this section amounted to Rs. 14,03,044 as against Rs. 13,35,208 in the preceding year. The increase is due to higher receipts under hire of salvage plant including diving operations and to the interest on the investments of the Fire, Marine and Motor Insurance Fund being credited to this section, as the Fund has reached the sanctioned limit of Rs. 10 lakhs. **Interest and Miscellaneous Receipts.**

Port Department.

30. The revenue of the Port Department amounted to Rs. 5,80,005 an increase of Rs. 46,947 over the previous year.

Pilotage Account.

31. The Pilotage receipts, including interest on investments of the Vessels Replacement Fund, totalled Rs. 5,40,969 as against Rs. 4,93,095 in 1926-27. Pilotage, transporting and pilots' attendance fees realised Rs. 3,85,201 against Rs. 3,50,303 in the previous year. The receipts from surtax amounted to Rs. 95,749. The Pilotage Account closed with a surplus of Rs. 93,950 which has been transferred to the Vessels Replacement Fund.

REVENUE EXPENDITURE (Details).

Comparison of Expenditure with previous year and with Budget.

32. The total expenditure charged to Revenue under the several heads of account is compared with the actuals of 1926-27 and the revised budget estimates for 1927-28 in the following statement :—

——	Actuals, 1926-27.	Revised Budget, 1927-28.	Actuals, 1927-28.	Actuals, 1927-28, in comparison with

A comparative statement showing the expenditure under the respective sections during the past five years is printed as Appendix B of this report.

Reduction in debt Charges.

33. The total expenditure under General Account, Port Department and Pilotage Account aggregated Rs. 2,73,54,098 a decrease of Rs. 1,53,897 as compared with the previous year. Of this decrease Rs. 66,642 occurs under Debt Charges and is due to the reduction granted by the Government of India in the rate of interest from $6\frac{1}{2}$ per cent. to $4\frac{3}{4}$ per cent. on the loan of Rs. $54\frac{1}{2}$ lakhs borrowed in 1921-22. It is hoped to obtain similar reductions on the other loans borrowed by the Trustees from

Government as soon as the latter replace their loans originally raised at high rates (from which the money was loaned to the Trustees), by other loans at a reduced rate of interest. The Trustees are also endeavouring to effect further reductions in their debt charges by repaying the Pir Pau loan of Rs. 17 lakhs borrowed from Government in 1919 from surpluses in their Sinking Fund investment accounts and by reissuing at a lower rate of interest two loans which fall due for repayment in 1929-30 and which have to be renewed for a further term in accordance with the Sinking Fund arrangements.

Ratio of Working expenses to Receipts.

34. Exclusive of debt charges, the ratio of working expenses to receipts compares favourably with previous figures. The following statement shows the percentage of working expenses to receipts during the last 5 years :—

Year.	Receipts.	Expenditure.			Percentage of working expenses excluding debt charges to receipts,
		Debt charges.	Working expenses.	Total.	
	Rs.	Rs.	Rs.	Rs.	
1923-24 ..	2,60,71,812	1,17,17,465	1,44,72,922	2,61,90,387	55·51 per cent.
1924-25 ..	2,73,76,984	1,25,65,503	1,47,55,306	2,73,20,809	53·90 ,,
1925-26 ..	2,84,13,548	1,32,11,057	1,44,42,168	2,76,53,225	50·83 ,,
1926-27 ..	2,64,02,353	1,32,07,224	1,43,00,771	2,75,07,995	54·16 ,,
1927-28 ..	**2,81,07,566**	**1,31,40,582**	**1,42,13,516**	**2,73,54,098**	**50·57 ,,**

The reduction under staff expenditure in 1927-28 as compared with the year 1922-23, when the special retrenchment campaign was first started, amounts to about Rs. 11 lakhs after taking into account the cost of the increments to employees on graded pay.

DEBT.

Total Debt.

35. To avoid any increase in debt charges, the Trustees curtailed their Capital programme by postponing all works not immediately essential. No new loan was therefore necessary during the year under report.

36. The total debt of the Board at the close of the year amounted to Rs. 22,42,11,714 of which Rs. 7,61,46,038 was due to Government and Rs. 14,80,65,676 was on account of the Foreshore Securities and Debenture Loans due to the public. Details are given on page 6 of the accounts.

Total Expenditure on Capital Account and financial position.

37. The total expenditure on Capital account since the constitution of the Trust (pages 3 and 8—14 of the accounts) amounts to Rs. 23,59,44,086 from which Rs. 11,73,994 (being receipts from sale of old plant, etc., paid to Government in reduction of debt to 31st March 1914) has to be deducted, leaving Rs. 23,47,70,092. The cost of the old lightship "Colaba," the Kennery and Dolphin Lighthouses, and certain other properties originally made over to the Trustees by Government free of charge are not included in this amount and it also does not take into account the invested funds and unspent balances of loans aggregating Rs. 6,08,01,573 as under :—

	Rs.
General Sinking Fund (page 4 of the accounts)	3,13,35,029
Victoria Dock Sinking Fund (page 4 of the accounts)	74,06,541
Revenue Reserve Fund (par value and cash balance uninvested, page vi of this report)	72,77,788
Depreciation, Emergency, Fire Insurance and other funds for special purposes (page 4 of the accounts)	88,74,473
Cash being amount of unspent balances of loans (page 3 of the accounts)	59,07,742
Rs.	6,08,01,573

It will be seen from the above figures that the total expenditure on Capital account is Rs. 23·48 crores whereas the outstanding debt is Rs. 22·42 crores. Of the latter a sum of Rs. 59 lakhs represents unspent Capital balances in hand on 31st March 1928, so that against an expenditure of Rs. 23·48 crores, the Trustees have a debt of Rs. 21·83 crores. The difference of Rs. 165 lakhs is accounted for as follows :—

Rs. 49 lakhs being debt repaid to Government by annual equated payments.

Rs. 116 lakhs being appropriations from Revenue to Capital.

Rs. 165 lakhs.

Details of the appropriations to Capital are given at page 7 of the accounts. The principal item is the sum of Rs. 47 lakhs transferred from the Revenue Reserve Fund to Capital during 1916-21 for expenditure on works as an alternative to borrowing at high rates during this period.

TRADE AND TRAFFIC STATISTICS.

Aggregate value of trade of year.

38. The value of the trade of the Port as shown in the Customs returns, inclusive of Government transactions, was Rs. 251 crores as compared with Rs. 245 crores in the previous year, an increase of about 2.5 per cent.

Appendix 'C' Traffic Statistics.

39. Details of traffic in the most important items of the trade of the Port (Docks and Bunders combined) are given in the comparative statement for the last ten years printed as Appendix C of this report.

Traffic at Warehouses.

40. The traffic at the warehouses during 1927-28 compared with that of the two previous years was as follows :—

		1925-26.		1926-27.		1927-28.	
		Receipts.	Deliveries.	Receipts.	Deliveries.	**Receipts.**	**Deliveries.**
PACKAGE GOODS—							
Piece-goods and Yarn ..	Packages	133,258	141,546	130,008	130,739	**172,703**	**159,046**
Miscellaneous Goods ..	„	155,731	168,928	150,053	148,254	**112,779**	**122,380**
	Total ..	288,989	310,474	280,061	278,993	**285,482**	**281,426**
WEIGHT GOODS—							
Miscellaneous	.. Tons	8,723	9,427	10,139	10,493	**9,050**	**9,563**
Metal	.. „	7,905	8,219	7,471	7,344	**4,202**	**4,903**
	Total ..	16,628	17,646	17,610	17,837	**13,252**	**14,466**

The stock of piecegoods and yarn on 31st March 1928 was 49,000 packages as against 36,000 packages on 31st March 1927.

41. The traffic at the docks bonded warehouses was as follows :— **Docks Bonded Warehouses.**

		1925-26.		1926-27.		1927-28.	
		Receipts.	Deliveries.	Receipts.	Deliveries.	Receipts.	Deliveries.
PACKAGE GOODS—							
Piece-goods and Yarn	Packages	37,064	33,236	20,068	25,254	33,746	31,796
Miscellaneous	,,	13,272	14,955	24,316	20,946	20,895	22,212
WEIGHT GOODS—							
Miscellaneous	Tons	24,952	25,581	44,432	24,832	56,950	66,841

The balances of piecegoods, twist and yarn at the docks bonded warehouses on 31st March 1928 was 5,768 packages as against 3,710 packages on 31st March 1927.

As there was a wide disparity in the rates for certain classes of goods stored in the bonded and duty paid warehouses respectively and as there appeared to be no justification for the levy of a differential tarift, the bonded warehouse schedule of rates was adjusted to bring it to a parity with the duty paid schedule. A common schedule of charges for both sets of warehouses was adopted and brought into force from 1st April 1928. Opportunity was also taken to enlarge the classification in both cases to conform to the classification for the levy of dock wharfage charges.

42. The receipts and deliveries at this warehouse during 1927-28 compared with those of the two previous years were as follows :— **Docks Hazardous Goods Warehouse.**

	1925-26.		1926-27.		1927-28.	
	Receipts.	Deliveries.	Receipts.	Deliveries.	Receipts.	Deliveries.
Pacakages	8,515	8,578	6,774	6,713	7,584	7,406

43. The sales of uncleared cargoes landed at the docks and bunders during the year realised Rs. 19,230 as against Rs. 35,926 in 1926-27. **Sales of Uncleared Cargoes.**

44. The number of steam and square-rigged Government and merchant vessels which entered the docks or were berthed at the harbour walls, and paid dues, are shown in Appendix D. **Number of Vessels in Docks and at Harbour Walls (Appendix D)**

45. The numbers and tonnage of trade vessels that entered the port during the past ten years as shown in the Customs returns are detailed in Appendix F. **Statistics of Vessels entered the Port. (Appendix F)**

46. Of the vessels which entered the docks 82 were over 470 feet in length and 36 between 450 and 470 feet, as against 67 and 40 respectively, in 1926-27. Of the vessels over 470 feet in length, 31 were over 500 feet long and 20 between 490 and 500 feet. **Dimensions of Vessels entering the Docks.**

47. The largest vessel that entered the port was the S.S. "Belgenland," length 670 feet, beam 78 feet, and gross tonnage 27,132 tons. This vessel also left the port with the deepest draft, *i.e.*, 32'-8". **Dimensions of Vessels entering and leaving the Port.**

Vessels discharging Liquid Fuel and burning Oil.

48. Twenty-four vessels discharged liquid fuel at Nos. 18 and 19 berths, Alexandra Dock Harbour Wall and K berth, Prince's Dock, during the year. The number of oil-burning vessels excluding tankers entering the port during 1927-28 was 166.

Detention of Vessels.

49. Sixteen vessels were detained in the stream for periods varying from 1 day to 3½ days awaiting accommodation in the docks. In the case of 15 vessels the detention was for 2 days or less and 1 vessel was detained for 3½ days.

Dry Docks. (Appendix E)

50. The following figures show the occupation of the dry docks :—

		1926-27	1927-28
		Days.	Days.
Merewether Dry Dock		261¾	219¼
Hughes Dry Dock ..	Inner Section .. 114½	143	90
	Outer Section .. 28½		85½ 192½
	Whole length		17

The number and tonnage of vessels dry-docked during the past ten years are shown in Appendix E.

The inner section of the Hughes Dry Dock was closed from the 24th February 1927 to 14th August 1927 in connection with the work of strengthening the caisson stops.

The largest vessel dry-docked during the year was the S.S. " Ranchi " in the Hughes Dry Dock, 16,650 gross tonnage, 547′ long, 71′ beam.

MISCELLANEOUS.

Harbour Inspection.

51. In pursuance of the general policy of retrenchment, the Trustees' inspection of Port Trust works was not held during the year under report.

Stores Department.

52. There was a further reduction in the prices of several commodities and contracts were entered into in the case of all articles in constant demand. The quantity of stores purchased through the medium of casual tenders was consequently very small. Supplies of first-class coal from Bengal were obtained through Messrs. Grahams Trading Co., Ltd., who secured the contract by open tender. Supplies of second-class Bengal coal for use on the Port Trust Railway were contracted for with Messrs. Madhavlal & Co., Ltd.

The cost of the stores purchased by the Controller of Stores and the Chief Engineer during the year was as under :—

		Foreign.		
	Indigenous.	Purchased in India.	Purchased through London Agents.
By the Controller of Stores.. ..	Rs. 10,14,000*	Rs. 5,30,000	Rs. 67,000
By the Chief Engineer	,, 2,03,000	,, 63,000	,, 2,17,000
Total Rs. ..	12,17,000	Rs. 5,93,000	Rs. 2,84,000

*Coal .. .. Rs. 4,44,000.
Miscellaneous .. .. Rs. 5,70,000.

Bunders and Land Department.

53. The old cotton godowns in the vicinity of the Sassoon Dock are now fully occupied, mainly by the motor trade as repair workshops. **Sassoon Dock.**

54. The Asiatic Petroleum Company have during the year completed their buildings on the additional land taken on lease at Wari Bunder for storage of lubricating oils **Elphinstone Estate.**

55. The railborne charcoal occupations showed some improvement, an area of 21,059 square yards being taken up by the trade. The Trustees have allotted a site for a rest shed at a nominal rent. The railborne coal traffic, on the other hand, fell off very considerably in consequence of the reduction in sea freights. **Mazagon-Sewri Reclamation.**

56. The Trustees sanctioned the allotment of a large recreation field on the Reclamation at a nominal rent for the use of the boys training on the I. M. M. T. S. "Dufferin." The work of levelling up and enclosing the area and the construction of a pavilion was carried out by the Port Trust at the cost of Government. **Mazagon-Sewri Reclamation Training Ship "Dufferin."**

57. An extended use was made of the oil pier during the year under report. 36 vessels discharged petrol and kerosene oil as compared with 30 vessels in the previous year. The quantities discharged were as under :— **Pir Pao Pier.**

	1925-26.	1926-27.	1927-28.
Petrol, Gallons	7,443,903	10,017,162	12,955,826
Kerosene, Gallons	30,494,648	26,531,307	34,926,328
Total ..	37,938,551	36,548,469	47,882,154

58. There were 17 fires on the Trustees' land estate as compared with 9 in 1926-27. Ten occurred at the Cotton Depot, of which three were serious and involved losses aggregating about Rs. 19 lakhs. It is however satisfactory to note that the sprinkler equipment of the godowns has so far proved effective and no serious fire has occurred in the godowns since the Depot was opened. The Trustees have submitted proposals for consideration by the East India Cotton Association and the Fire Insurance Association for improving the patrol and supervision arrangements at the Depot in order to minimise the risk of fire in future. **Fires.**

59. The Town Duty collected on behalf of the Municipality at the docks and bunders during the year under report amounted to Rs. 26,93,773 as compared with Rs. 28,81,599 in the preceding year 1926-27. **Town Duty.**

Railway Department.

Traffic.

60. There was an improvement in traffic on the Port Trust Railway as compared with last year, both in foreign and local traffic. The number of wagons received and despatched during the last two years compares as follows :—

	Inward.		Outward.	
	1926-27.	1927-28.	1926-27.	1927-28
Foreign	68,587	81,407	49,495	54,928
Local	30,069	41,134	30,766	41,862
Total ..	98,656	122.541	80,261	96,790

Troop and Passenger Trains.

61. During the year 50 troop and other special trains were run over the Railway and 333 postal and passenger expresses were run to and from the Ballard Pier station as against 281 in the previous year.

Supply of Wagons.

62. The supply of foreign wagons was satisfactory, but there were occasional delays in obtaining special types of wagons. In certain cases, the supply of wagons for traffic to stations on the G. I. P. and B. B. & C. I. Railways situated near Bombay was supplemented by the use of B. P. T. wagons under special arrangements.

Vernacular Schools at Wadala and Antop.

63. The Wadala School maintained its good record in regard to the number of pupils, attendance and examination results. The branch school at Antop Village completed its second year with very satisfactory results. The expenditure on the schools, including cost of annual prizes, amounted to Rs. 5,920.

Railborne Traffic into the Docks.

64. Merchandise railed direct into the docks amounted to 658,063 tons, an increase of 178,077 tons as compared with the previous year. The principal increases were in seeds, 49,540 tons ; cotton-seed, 76,043 tons ; oil cakes, 21,349 tons and manganese ore, 58,914 tons. Out of the total quantity of 281,018 tons manganese ore railed into dock for shipment, 27,500 tons were booked for shipment at non-rail served berths and were transported by Port Trust agency free of cost to shippers from railhead to alongside the vessels. During the year 206,153 bales of cotton were railed down from Cotton Depot against 277,874 bales in the preceding year.

Accidents on the Railway.

65. Thirty-three accident cases were reported to Government during the year under the provisions of the Indian Railways Act. Twenty-four of these involved injuries, one person being killed. In no case was the Railway held to blame.

Prince's, Victoria and Alexandra Docks.

Fires.

66. There were 10 fires at the docks, wharves and sheds and on board vessels and craft while in the docks. None were serious or involved loss of life.

67. The number of accidents to persons in the docks was 592 of which 20 were fatal, 126 serious and 446 slight. Of the fatal cases, 4 were caused by falling into holds or lighters, 9 by falling into dock basins, 1 by goods falling out of slings, and 6 were due to other causes. **Accidents to Persons in the Docks.**

68. Three accidents to vessels in the docks occurred during the year, in which Port Trust officials were held to blame. **Accidents to Vessels in the Docks.**

69. The return furnished by the Commissioner of Police of cognizable crime in the docks for the calendar year 1927, gives the following particulars which are compared with the corresponding returns of the two previous years :— **Crime in the Docks.**

	1925.	1926.	1927.
Persons arrested	6,927	8,404	**14,365**
Number convicted	6,764	8,301	**14,143**
Percentage of convictions	97.6	98·8	**98.5**
Number of cases of theft	244	245	**239**
Number of cases in which property was recovered	209	201	**277**
Amount of property stolen	15,909	18,326	**10,669**
Amount of property recovered	4,463	13,960	**4,053**
Percentage of value of property recovered ..	28.05	76.18	**37.99**

Under the police retrenchment scheme, the strength of the dock police was divided into the categories of " Law and Order " and " Watch and Ward." The cost of the former is shared by Government and the Trustees in equal proportions, whilst the entire cost of the latter is now borne by the Port Trust. This arrangement was sanctioned from 1st October 1927 and is subject to re-examination after a period of two years.

Proposals are now under consideration for revising the Harbour Police arrangements which will entail the patrol duties in connection with obstruction of channels, etc., being taken over by the Port Trust.

70. The following reductions and concessions in the Docks and Bunders Scales of Rates were sanctioned during the year :— **Reductions in the Docks and Bunders Scales of Rates.**

Docks Scale of Rates.

(*a*) A special rate of two annas per package was provided for kapok or sawree cotton imported in bags or bundles of 1 cwt. and under.

(*b*) The charge for loading of heavy lifts into railway wagons by means of the floating crane " Sarus," was reduced to half the scale of ordinary charges ; and, as the rates for similar lifts by the 30 and 100 ton cranes were very low, they were revised so as to provide for the levy of half the ordinary rates.

(*c*) The recovery of out-of-pocket expenses only was sanctioned when a dock shed is required to be kept open at night or on Sundays or holidays for the purpose of ventilation on account of perishable cargoes stored therein.

(*d*) A new concessional rate of wharfage charge of Re. 1 per ton was introduced for china-clay imported in bulk and discharged direct into open wagons for conveyance to the bonded warehouse at Grain Depot. This represented a reduction of 50 per cent. on the cask rate. Three shiploads of china-clay in bulk amounting to 13,829 tons were imported during the year.

Docks and Bunders Scales of Rates.

(*e*) The import wharfage on bulk petrol was reduced by 40 per cent to 9 pies per gallon with effect from 1st April 1928 and the export wharfage on liquid fuel for bunkers at the docks was reduced by 50 per cent to 9 pies per 12 Imperial gallons.

Reservation of Shed Accommodation for Customs Drawback work.

71. The northern bay of the liquor warehouse, Alexandra Dock, was handed over to the Customs' Department from September 1927 for the examination of dutiable goods entitled to drawback on reshipment. This work was previously carried on in the various transit sheds in Alexandra Dock.

Floods in Kathiawar and Guzerat.

72. The Docks Manager was given special emergency powers to waive extra fees incurred on consignments intended for railborne delivery ex-godowns owing to delay due to closure of stations or break-down in postal communications as the result of the unprecedented floods in Guzerat and Kathiawar in 1927.

Labour-saving Appliances.

73. In order to facilitate the landing and shipping of unpacked motor cars, the Trustees sanctioned the purchase of a lifting carriage complete with teak spars.

Vernacular School at Wari Bunder.

74. The number of pupils on the rolls of the primary vernacular school maintained by the Trustees for the education of the children of dock labourers was 111 on 31st March 1928. The staff consists of four teachers, one of whom is a lady teacher. The school was inspected by the Superintendent, Municipal Schools, and a grant of Rs. 450 was sanctioned by the Municipality. The net expenditure on the school was Rs. 1,513.

Port and Pilotage Department.

Inspection of Lights.

75. During the year 159 day tours and 88 night tours of inspection were made by the special officer in charge of this work. The number of light passes granted was 3,246; 265 lectures were given which were attended by 6,958 tindals and boatmen.

Accidents to Vessels in Pilotage charge.

76. There were six accidents to vessels while in Port Trust pilotage charge during the year, only one of which was serious. On three occasions, the pilot in charge was held to be at fault.

CAPITAL (Expenditure and Works).

77. The aggregate expenditure on Capital Account during the year was Rs. 11,86,374 apportioned over the various works as follows :— **Capital Expenditure.**

			Revised Estimates Rs.	Actuals. Rs.
Section	I.	Merewether Dry Dock	400	354
		New Works, Ordinary	3,83,200	3,04,936
,,	II.	Alexandra and Hughes Dock Works	10,11,500	8,56,168
,,	III.	Port Trust Railway and Depots	1,29,400	24,916
			15,24,500	11,86,374

This outlay was met as follows :—

	Rs.
From Loan Balances in hand	11,35,313
,, Sale proceeds of property	51,061
	11,86,374

78. The new steam launch "Piper," which was built by Messrs. Alcock Ashdown & Co., Ltd., Bombay, at a cost of Rs. 28,804, was put into commission on 2nd July 1927. **Launch "Piper" for Dock Masters' Department.**

79. The erection of the two remaining barges (out of the six purchased for the dredger) was completed during the year. **Non-propelling barges and flats for Dredger "Walrus."**

80. The apparatus and tower were received from England and the installation was completed during the year. The expenditure incurred amounted to Rs. 13,403. **Improvements to Tucker Beacon, including an Aga Light.**

81. This pier was taken over from Government at a valution of Rs. 16,020 in connection with an extension of the port limits in Mahul Creek. **Purchase of Pier at Mahul from Government.**

82. A considerable amount of equipment was purchased and installed during the year. **Extension of Port Trust Workshops.**

The work of extending the slipway at Clarke Basin by 18 feet was taken in hand and had made good progress by the end of the year.

83. The extension of the 8" liquid fuel pipe-line to berths Nos. 14 and 15, Alexandra Dock, was completed in May 1927. **Additional Bunkering facilities.**

84. The old wooden storage shed which was in a delapidated condition was replaced by a new open shed constructed of rolled steel columns on cement concrete foundations with a roof of asbestos cement corrugated sheets. **Open shed at east of Malet Bunder Wharf.**

85. To meet the requirements of the trade and overcome the difficulties experienced by merchants in removing goods from the bunder, a 30-feet wharf road was constructed during the year at a cost of Rs. 10,561. **Wharf Road at Haji Bunder.**

86. One old locomotive, which was surplus to requirements, was sold during the year to Messrs. Burn & Co. for Rs. 17,500. **Port Trust Railway.**

A new siding at Panton Bunder was opened for traffic from 19th December 1927.

Three echelon sidings into the Asiatic Petroleum Co.'s lubricating oil installation at Liquid Fuel Depot were laid down in May 1927.

Alexandra and Hughes Docks.

87. The expenditure on these docks during the year amounted to Rs. 8,56,168, making a total of Rs. 6,16,06,253 since the commencement of the work in 1904. The following are the principal details of the expenditure during 1927-28 :—

	Rs.
Deepening entrance channel	3,95,161
Deepening mail steamer berth at Ballard Pier ..	1,62,056
Removal of dams	1,13,077
Paving and metalling of wharves	30,255
Office for Deputy Manager and Cash Department ..	28,305
Providing iron roller paths for cranes	21,426
Harbour Wall development	11,273

88. The deepening of the entrance channel to 28 feet below L.O.S.T. was continued throughout the year and the outer portion known as the Approach Channel was completed. Owing to the very hard nature of the rock encountered, the cost of the work has exceeded the sanctioned estimate of Rs. 26½ lakhs, and revised estimates are now under preparation.

89. The work of deepening the mail berth at Ballard Pier to 32 feet below mean of L.O.S.T. was almost completed at the end of the year.

90. The removal of the north end of the Alexandra Dock dam in order to promote a tidal scour along the harbour wall and counteract the great amount of filtration that annually takes place inside the dam, was commenced in October 1927 and completed in March 1928.

91. The wharf at berth No. 3, admeasuring 135 squares, was paved with sett stones on a 6″ cement concrete bed. The open wharf adjacent to No. 10 berth was recambered and the surface treated with Mexphalt.

92. The new office to accommodate the Deputy Manager, Alexandra Dock, and the Cash Department was completed during the year.

93. About 540 lineal feet of cast-iron crane roller paths were laid down on the granite copings of the dock walls during the year, making a total of 3,500 lineal feet since the commencement of the work, which is still in progress.

94. In order to minimise the interference caused by oil tankers to passenger vessels and troopships at No. 18 passenger berth, the Trustees sanctioned the equipment of an additional berth (No. 20) on the Alexandra Dock Harbour Wall with oil pipe-line connections for the discharge of tankers. This berth was completed and brought into traffic use on the 8th December 1927.

MAINTENANCE DREDGING.

95. The total quantity dredged during the year on revenue account was 3,846,325 tons as against 5,525,060 tons in the previous year, 1926-27. The decrease is due to no dredging being necessary in connection with the oil pier at Pir Pau during 1927-28. The average cost per ton on maintenance dredging was 2.87 annas per ton as compared with 3.18 annas in the preceding year.

BOARD OF TRUSTEES.

96. During the year under report, 28 general meetings of the Board and 45 meetings of the Committees were held.

Appendix I shows the changes among the members of the Board up to the date of report.

STAFF.

97. The total approximate number of staff employed during the year as compared with the two previous years was as under :— **Total Staff.**

	1927-28.	1926-27.	1925-26.
Permanent—Superior	1,954	1,994	1,996
,, —Inferior	447	451	451
Temporary Staff (including casual labour at the Docks) ..	9,806	10,337	10,886
Total ..	12,207	12,782	13,333

98. Appendix H shows the number of employees housed to the end of the calendar year 1927. In consequence of the curtailment in the Capital programme, no further expenditure was incurred during the year on staff housing. **Housing of Staff.**

99. The average daily attendance at the Trustees' Dispensary at Prince's Dock was 68.04. There were 1,001 cases of injuries and 1,395 sick certificates were granted. At the Wadala Dispensary, the average daily attendance was 13.7; 587 cases of accidents were treated and 208 sick certificates were issued. At the Antop Village Dispensary, the average daily attendance was 31.3; 43 cases of injuries were treated and 451 sick certificates issued. At the Grain Depot Dispensary, the average daily attendance was 20.42 and 1,298 cases of injuries were treated; the number of sick certificates granted was 203. During the year 1927-28, there were 19 deaths among the superior and 5 among the inferior staff. **Attendance at Dispensaries.**

Recruitment of Superior Staff (Appendix J).

100. In accordance with the orders of Government, a statement is printed as Appendix J showing how the vacancies in the permanent superior cadre of appointment with a maximum pay of Rs. 500 and over were filled up during the years 1926-27 and 1927-28. In the case of the 7 appointments filled by Europeans during the two years, 5 officers were promoted from the existing staff and two had to be engaged from outside as no statutory Indians with the required qualifications, experience and training were available for the posts of a Boilermaker Foreman at the workshops and a certificated Dredging Engineer.

Chairman of the Board.

101. Mr. W. H. Neilson, O.B.E., V.D., M.A., M.A.I., M.Inst.C.E. M.I.Mech.E., proceeded on 8 months' leave from 12th March 1928. Mr. W.R.S. Sharpe, M.Inst.T., Deputy Chairman, was appointed by Government to act as Chairman of the Board *vice* Mr. Neilson.

Leave Retirement, etc., of Officers.

102. Captain H. A. B. Digby-Beste, O.B.E., R.I.M., Officiating Port Officer, *vice* Captain E. V. Whish, O.B.E., R.I.M., on leave, relinquished his appointment on 1st November 1927 on appointment as Captain Superintendent of the I.M.M.T.S. "Dufferin." Commander A. G. Kinch, D.S.O., R.I.M., was appointed to act as Port Officer *vice* Captain Whish, who was placed on special duty with the Government of India in the Commerce Department on his return from leave on 14th January 1928 to 11th May 1928, when he resumed charge of the appointment of Port Officer, Bombay.

103. Mr. C. N. Rich, B.A., Docks Manager, proceeded on 7 months and 1 day's leave from 21st November 1927. Mr. F. A. Borissow, Deputy Manager, was appointed to act as Docks Manager *vice* Mr. C. N. Rich.

104. Mr. N.M. Morris, Secretary, proceeded on 8 months' leave from 19th March 1928. Mr. P. A. Davies, Deputy Manager, Docks (Office), was appointed to act as Secretary *vice* Mr. Morris.

105. Dr. W. Nunan, B.A., M.D., B.Ch., Administrative Medical Officer, proceeded on 8 months' leave from 14th March 1928. Dr. F. D. Bana, M.B., M.R.C.S., D.P.H., was appointed to act as Administrative Medical Officer *vice* Dr. Nunan in addition to his own duties as Medical Officer South District.

106. Mr. F. H. Taylor, F.S.I., M.R.S.I., Manager, Land and Bunders, proceeded on 7 months' leave from 16th April 1928. Mr. B.C. Durant, Deputy Manager, was appointed to act as Manager *vice* Mr. Taylor.

107. Mr. J. McClure, M.Inst.C.E., Chief Engineer, proceeded on 5 months and 19 days' leave from 20th June 1928. Mr. G. E. Bennett, M.Sc., M.Inst.C.E., M.I.M.E., Deputy Chief Engineer, was appointed to act as Chief Engineer *vice* Mr. J. McClure.

108. Mr. J. R. Reynolds, C.I.E., Railway Manager, proceeded on 24 months and 26 days' leave from 9th April 1928 preparatory to retirement. Mr. D. G. M. Mearns, Deputy Manager, was appointed to act as Railway Manager *vice* Mr. J. R. Reynolds.

109. The Trustees are again pleased to record their appreciation of the good work of their officers and staff in all departments.

W. R. S. SHARPE,

22nd August 1928. *Chairman.*

APPENDIX A.

Comparison of Receipts under the various heads during the past five years; increases or decreases during 1927-28 as compared with 1926-27 :—

APPENDIX H.

Statement showing the number of Port Trust employees housed in Port Trust buildings as at 31st December 1927:—

	Total number of staff.	Number housed.	Percentage housed.
1. Permanent staff on salaries over Rs. 300 per mensem	200	85	42·5
2. Permanent staff on salaries from Rs. 50 to Rs. 300 per mensem—			
(*a*) Clerical	658	36	5·5
(*b*) Outdoor	1,096	197	17·9
3. Permanent inferior staff on salaries under Rs. 50 per mensem	447	141	31·5
4. Temporary staff on salaries—			
(*a*) Over Rs. 300 per mensem ..	2	....	....
(*b*) From Rs. 50 to Rs. 300	1,584	604	38·1
(*c*) Under Rs. 50	3,976	1,075	27·0
(*d*) Daily paid	4,244	1,322	31·1
Total ..	12,207	3,460	28·3

APPENDIX I.

Changes among the members of the Board up to date of this Report.

Name.	Particulars.
Mr. A. M. Green, I.C.S.	Proceeded on three months' leave from 15th October 1927 to attend the Cinematograph Inquiry Committee; again proceeded on leave for about 6 weeks from 7th April 1928.
Mr. C. R. Watkins, C.I.E.	Appointed by Government to act as a Trustee *vice* Mr. Green on deputation.
Mr. E. Miller	Returned from leave on 25th October 1927.
Mr. A. B. Morrison	Ceased to be a Trustee from 25th October 1927.
Col. J. R. M. Minshull-Ford, D.S.O., M.C.	Ceased to be a Trustee from 25th November 1927.
Major-General G. A. Weir, C.B., C.M.G., D.S.O. ..	Appointed by Government to be a Trustee *vice* Col. Minshull-Ford. Proceeded on leave from 21st July 1928.
Col: N. M. Geoghagan, D. S. O.	Appointed by Government to act as a Trustee *vice* Major General G. A. Weir, on leave.
Mr. P. Barker	Proceeded on 11 months' leave from 6th February 1928.
Mr. N. Birrell	Elected by the Chamber of Commerce to act *vice* Mr. Barker on leave.
Sir Ernest Jackson, Kt., C.I.E.	Returned from leave on 24th February 1928; Mr. M. W. Brayshay ceased to be a Trustee.
Mr. A. Geddis	Proceeded on 8 months' leave from 10th March 1928.
Mr. H. P. Mody	Elected by the Millowners' Association to act *vice* Mr. Geddis on leave.
Mr. W. H. Neilson, O.B.E., M. Inst. C.E., Chairman.	Proceeded on 8 months' leave from 12th March 1928.
Mr. W. R. S. Sharpe, M. Inst. T.	Appointed by Government to act as Chairman *vice* Mr. Neilson proceeded on leave.
Mr. G. L. Winterbotham	Proceeded on 8 months' leave from 7th April 1928.
Mr. H. G. Cocke	Elected by the Chamber of Commerce to act *vice* Mr. Winterbotham on leave.
Sir Leslie Hudson, Kt.	Proceeded on 8 months' (about) leave from 9th April 1928.
Mr. D. J. MacGillivray	Elected by the Chamber of Commerce to act *vice* Sir Leslie Hudson on leave.
Mr. F. C. Annesley	Proceeded on 6 months' leave from 16th July 1928.
Mr. E. C. Reid	Elected by the Chamber of Commerce to act *vice* Mr. Annesley on leave.
Capt. Sir Edward Headlam, Kt., C.S.I., C.M.G., D.S.O., R.I.M.	Proceeded on leave from 16th July 1928. Returned from leave on 7th September 1928.
Captain H. Morland, R. I. M.	Appointed by Government to act as a Trustee *vice* Captain Sir Edward Headlam on leave.
Mr. T. G. Russell	Proceeding on 6 months' leave from 17th August 1928.
Mr. D. S. Burn	Appointed by Government to act as a Trustee *vice* Mr. Russell on leave.

APPENDIX J.

Statement showing how vacancies in the permament superior cadre of appointments with a maximun salary of Rs. 500 and over were filled up during 1926-27 and 1927-28 :—

Department.	Year.	No. of new appointments created during the year.	No. of appointments abolished during the year.	No. of vacancies which occurred during the year.	No. of vacancies which occurred in previous years not filled in those years remaining to be filled.	No. of vacancies to be filled.	No. of vacancies not filled during the year.	No. of vacancies actually filled.	Filled by						Remarks.

Examined and found correct. The Securities in which the Trustees' Surplus Revenue, Provident, Depreciation, Sinking and other Funds are invested, and the Security Deposits of Contractors and others have been checked, and were found to agree with the amounts entered above. The Cash Balance has also been checked and was found as stated.

Elected by the Millowners' Association.

21.	A. GEDDIS, Esq. (*on leave*) ..	..Messrs. James Finlay & Co., Ltd. ..	1st April 1927.
	H. P. MODY, Esq. (*acting*)	....	.. 10th March 1928.

Note.—Changes among the members of the Board during 1928-29 are shown at page xxxiv.

Principal Officers of the Board

At the date of this Report.

W. R. S. SHARPE, M. INST. T. .. ..Deputy Chairman.

Engineering Department.

J. McCLURE, M. INST. C.E. .. ..Chief Engineer.
G. E. BENNETT, M.Sc., M. INST. C.E., M.I.M.E. .. ..Deputy Chief Engineer. (*On leave.*)
A. HALE-WHITE, M.A., A.M.I.C.E. ..Acting Deputy Chief Engineer.
C. W. WALES, M. INST. C.E. .. ..Executive Engineer (Dredging). (*On leave.*)
F. G. CARRON, M. INST. C.E. .. ..Executive Engineer (Dredging).
G. E. TERREY, A.M.I.C.E. .. .. ..Acting Executive Engineer (General Works).
J. A. ROLFE .. ..Acting Executive Engineer (Construction).
R. McMURRAY, M.I. MECH. E. .. ..Mechanical Superintendent.

Port Department.

CAPTAIN E. V. WHISH, O.B.E., R.I.M. ..Port Officer.
COMMANDER A. G. KINCH, D.S.O., R.I.M. .Assistant Port Officer.
W. S. HOSEASON, F.R.M.S. .. ..Harbour Master. (*On leave.*)
R. WALKER .. ..Acting Harbour Master.
T. G. WARLAND .. ..Senior Dock Master. (*On leave.*)
C. H. CROLE-REES .. ..Acting Senior Dock Master.

Secretary's Department.

N. M. MORRIS .. ..Secretary.
A. S. BAKRE, B.A. (BOM.), M.A. (CANTAB.), BAR-AT-LAW .. ..Deputy Secretary. (*On leave.*)
V. D. JOG .. ..Acting Deputy Secretary.

Accounts Department.

C. P. GAY .. ..Chief Accountant.
J. F. PEREIRA, B.A. .. .. ..Deputy Accountant. (*On leave.*)
W. D. READ .. .. Do. do.
W. E. McDONNELL .. ..Acting Deputy Accountant.

Docks Department.

C. N. RICH, B.A. .. ..Docks Manager.
F. A. BORISSOW .. ..Deputy Docks Manager.
W. G. H. TEMPLETON .. .. .. Do. do. do.
F. SEYMOUR WILLIAMS, D.S.O. .. .. Do. do. do. (*On leave.*)
P. A. DAVIES .. ..Deputy Docks Manager (Office). (*On leave.*)
L. E. WALSH .. ..Acting Deputy Docks Manager (Office).
E. C. JOLLEY .. .. Do. do. do.

Land and Bunders Department.

F. H. TAYLOR, F.S.I., M.R.S.I. .. ..Manager.
B. C. DURANT .. ..Deputy Manager. (*On leave.*)
S. J. PLUNKETT .. ..Acting Deputy Manager.

Railway Department.

D. G. M. MEARNS .. ..Manager.
A. F. WATTS .. ..Deputy Manager. (*On leave.*)
H. A. GAYDON .. ..Deputy Manager.

Stores Department.

H. E. LEES .. ..Controller of Stores.

Medical Department.

DR. W. NUNAN, B.A., M.D., B.CH. ..Administrative Medical Officer.
DR. F. D. BANA, M.B., M.R.C.S., D.P.H., D.T.M. & H. .. ..Medical Officer (South District).

Bombay Port Trust.

ADMINISTRATION REPORT FOR THE YEAR 1928-29.

General Remarks on the year's working.

IN framing the estimates of receipts for the year under review, the Trustees were mainly guided by the trade conditions prevailing in the latter half of the previous year, 1927-28. It was anticipated that the improvement which had set in would be maintained during the year under report. The receipts under all departments (excluding special receipts), after taking into account a decrease of about Rs. 5 lakhs per annum in revenue at the docks and bunders in consequence of the 40 per cent. reduction in the wharfage rate on bulk petrol and the 50 per cent. reduction on liquid fuel exported as bunkers, were estimated at Rs. 280·14 lakhs, or approximately Rs. 1 lakh below the actuals of 1927-28. These expectations were more than realized, for the **actual receipts** amounted to **Rs. 286·08 lakhs** or Rs. 5·94 lakhs more than the estimates. This constitutes a record in the history of the Trust, being Rs. 5·01 lakhs in excess of the receipts of the previous year. (Details are given in paras. 22-34 and Appendix A.)

2. The total ordinary expenditure budgetted for was Rs. 279·01 lakhs, but supplementary grants to the extent of Rs. 2·85 lakhs had to be sanctioned during the course of the year for unavoidable items not foreseen when the budget was framed. Owing, however, to the continued exercise of rigid economy in all departments, the **actual expenditure** for the year was only **Rs. 278·95 lakhs** a saving of Rs. ·06 lakhs on the original estimates and Rs. 2·92 lakhs on the revised estimates. As compared with the actual expenditure of the previous year, 1927-28, the expenditure for 1928-29 shows an increase of Rs. 5·41 lakhs, but this is entirely due to the following special causes:—

		Rs.
(*a*)	Increase in contribution from Revenue to Special Repairs and Renewals Account	2·00 lakhs.
(*b*)	Increase in Municipal General Tax owing to revised assessment of Port Trust properties	·69 ,,
(*c*)	Increase in dredging expenditure owing to dredging of Alexandra Dock being completed in one instead of two seasons	2·00 ,,
(*d*)	Cost of staff passage concessions for two years 1927-28 and 1928-29	·77 ,,
	Total Rs. ..	5·46 lakhs.

In consequence of this additional expenditure, the ratio of working expenses to receipts was 51·58 per cent. as against 50·57 per cent. in the preceding year. (Details of the expenditure are given in paras. 35-37 and Appendix B.)

3. The budgetted surplus for the year was Rs. 58,595 under General Account and Rs. 54,571 under Pilotage Account; the actual result was a **surplus of Rs. 5,95,414** under **General Account,** which has been transferred to the Revenue Reserve Fund, **and Rs. 1,17,313** under **Pilotage Account,** transferred to the Vessels Replacement Fund. An analysis of the results shows that the improvement over the original estimates was due to an increase of Rs. 5·94 lakhs in receipts and a reduction of Rs. ·06 lakhs in expenditure.

4. After transferring the year's surplus the Revenue Reserve Fund stands at Rs. 80.40 lakhs, actual market value being Rs. 68¾ lakhs. The financial position of the Trust is detailed in para. 39. It will be observed that in addition to the Revenue Reserve Fund, the accumulated Sinking Funds and equated loan repayments amount to Rs. 466·19 lakhs while adequate reserves totalling Rs. 94·40 lakhs have been set aside for special purposes such as fire insurance, depreciation and emergency replacements. Capital Works financed out of Revenue Reserve during the years 1916 to 1921 amounted Rs. 47 lakhs. No capital loan has been raised for the past four years and the capital balances in hand at the end of the year were over Rs. 50 lakhs.

5. There was no increase in port or dock charges during the year under review. The reductions and concessions sanctioned during the year are detailed in para. 77. The Trustees have reduced the surtax on dock and bunder wharfage and other charges from 50 per cent. to 33⅓ per cent. with effect from 1st April 1929. Inclusive of this reduction, which will cost about Rs. 16·84 lakhs a year, the Trustees have reduced rates and charges during the last three years to the extent of Rs. twenty-five lakhs per annum without impairing their financial position or depleting their accumulated reserves to any appreciable extent. This has been rendered possible partly by the improvement in trade conditions, but mainly by drastic and sustained retrenchment in working expenses and the avoidance of further liabilities on capital account.

6. The cargo handled at the docks and bunders amounted to 6,707,000 tons, an increase of 58,000 tons above the volume of the previous year. Imports accounted for about 50·3 per cent. and exports 49·7 per cent. of the total tonnage. The following is a detailed comparison of the figures for the past two years :—

	Imports (Tons).			Exports (Tons).			Total (Tons).		
	1927-28.	1928-29.	..	1927-28.	1928-29.	—	1927-28.	1928-29.	—
Docks ..	2,428,000	2,336,000	—92,000	2,598,000	3,016,000	+418,000	5,026,000	5,352,000	+326,000
Bunders	1,217,000	1,018,000	—199,000	406,000	337,000	—69,000	1,623,000	1,355,000	—268,000
Total	3,645,000	3,354,000	—291,000	3,004,000	3,353,000	+349,000	6,649,000	6,707,000	+58,000

Details of the variations in principal commodities are given in Appendix C to this Report.

7. There was a slight improvement in trade conditions during the year under report and a number of important commodities, both import and export, showed an expansion. In the import trade, the most noticeable increases were recorded under wheat (+56,000 tons), rice and other grains (+21,000 tons), sugar (+28,000 tons) and bulk petrol which was about 2 million gallons above the preceding year. The volume of piecegoods imported also showed a substantial increase of 29,000 bales and cases, and was the highest during the past ten years. Imports of motor cars and lorries amounted to 8,000 packages and 49,000 tons as against 6,000 packages and 38,000 tons in the previous year. The principal decreases were in kerosene oil and liquid fuel in bulk, the imports of which fell off by 10 million and 6½ million gallons, respectively, as compared with the preceding year, sea-borne coal (—100,000 tons), timber (—11,000 tons), china and fire clay (—12,000 tons) and cotton (—147,000) bales.

In the export trade, there was a welcome recovery in Bombay's staple export commodity, *viz.* raw cotton, the number of bales exported during the year under review being 2,656,000 as against 1,784,000 bales in the preceding year, an increase of 872,000 bales. A notable increase in exports occurred also under groundnuts (+ 73,000 tons), grain and seeds (+ 48,000 tons), oil-cakes (+109,000 tons) and manganese ore (+12,000 tons). There were decreases under piecegoods (—59,000 packages), twist and yarn (—41,000 bales), sugar (—11,000 tons), coal (—29,000 tons), flour (—22,000 tons), rice (—11,000 tons), hemp (—7,000 packages), myrabollams (—17,000 tons), kerosene oil (—1,905,000 gallons) and liquid fuel in bulk (—663,000 gallons).

8. The fumigation of American cotton imported into India through this port continued throughout the year under review but the imports were on a considerably reduced scale. 59,241 bales were landed and fumigated prior to delivery, as against 221,100 bales in the preceding year, 1927-28. On the recommendation of the Indian Central Cotton Committee, the Government of India sanctioned a refund of fumigation fees at the rate of 8 annas per bale on the quantity imported and fumigated during the period 12th July 1927 to 6th August 1928.

9. Vessels which entered the docks or were berthed at the Harbour Walls (excluding ferry steamers) totalled 1,966 with an aggregate tonnage of 4,828,376 net register as against 2,027 vessels with a tonnage of 4,864,344 in the preceding year.

10. There was a falling off in the occupation of the dry docks, the number of vessels docked being 167 against 194 in 1927-28. The total tonnage decreased to 660,595 tons, being 35,820 tons less than the previous year. The expenditure during 1928-29 was Rs. 17,031 less than the previous year.

11. The Ballard Pier berth was used by 186 vessels during the year and 333 postal and passenger trains were run to and from the Station, connecting with the incoming and outgoing mail steamers. The additional passenger berth on the Alexandra Dock Harbour Wall accommodated 54 vessels. The temporary hotel accommodation provided at the station for

the convenience of passengers was made use of by 1,545 adults and 204 children. The Trustees have sanctioned plans and estimates for the construction of an additional railway siding and platform at the Station necessitated by the increased traffic in the busy season and proposals are under consideration for lengthening and re-roofing the platforms.

12. The Docks Hamallage (Labour) Department satisfactorily met all demands for labour during the year. The attendance of the labourers continued to be satisfactory and was not affected by the industrial disputes nor was there any interruption of work during the riots in Bombay in February 1929. The average number of labourers engaged daily was 2,297 and the highest number employed on a single day was 5,019. The inclusive labour charges averaged 4.23 annas per ton of cargo handled.

13. On the land estates, the most noticeable feature was the keen demand for godown accommodation at the Cotton Depot owing to the excellent cotton crop. The Trustees sanctioned a substantial reduction of godown and jaitha rents at the depot with effect from 1st September 1928, which, with the reductions sanctioned previously, aggregated Rs. 3·80 lakhs per annum or 23 per cent. saving to the Trade since the opening of the depot in 1923. The Fire Insurance Association also agreed on a reduction in insurance rates on cotton stored in the depot. In view of the abnormal demand for storage accommodation owing to the heavy carry-over of stocks, the Trustees sanctioned the temporary letting of certain of the covered railway platforms at Cotton Depot for monsoon storage accommodation. It was also decided to construct, as an experimental measure, 11 open-sided sheds on the jaithas near the Cotton Exchange, designed for stacking up to 8 bales high. The cost of these sheds was approximately Rs. 96,000.

14. At the Grain Depot, the negotiations with the General Motors India, Ltd., were brought to a successful conclusion by the adaption and handing over of 'N,' 'K' and 'O' sheds and plinths, with open areas adjoining, covering in all an area of 35,421 sq. yards on a lease of 16 years. The Trustees' decision to throw open the depot to additional trades has had a very satisfactory response. In addition to the General Motors—who employ a staff of about 1,300 and whose works are equipped to turn out 2,500 cars per month—large areas of shed accommodation at ths depot have been leased by the great chemical and dyestuffs corporations, the Imperial Chemical Industries (India), Ltd., and the Havero Trading Co., Ltd. To meet the increased demand, the Trustees have sanctioned the extension of shedding over 'B' plinth and the erection of a new 1,000-ft. shed at the north end of the depot.

15 The foreign inward and outward traffic on the Port Trust Railway aggregated 2,003,000 tons against 1,860,000 tons during 1927-28, the principal increases being in cotton, groundnuts and sundries. An increase of 9,256 wagon-loads has also to be recorded in local traffic, principally under grain and seeds, groundnuts, linseed and manganese ore. The railway carried 47 per cent. of the total railborne traffic in and out of Bombay and the freight earnings collected during the year on traffic booked or received on account of the G. I. P. and B.B. & C. I. Railways amounted to Rs. 3,58,35,000. The ratio of working expenditure (Rs. 17.32 lakhs) to

receipts (Rs. 29·17 lakhs) was the lowest on record. Expenditure in this Department has been retrenched by Rs. 10·14 lakhs or 37 per cent. since 1922-23, whereas on the other hand the receipts have risen from Rs. 23 lakhs to Rs. 29 lakhs during the same period; the net improvement is therefore nearly Rs. 16 lakhs per annum and the Railway is now practically covering its capital cost.

16. In pursuance of the declared policy of the Board to avoid further commitments on loan account until trade conditions are more settled, Capital expenditure during the year under review was restricted to an absolute minimum; it amounted to Rs. 8·73 lakhs, the lowest figure since 1901-02. A sum of Rs. 3·42 lakhs was expended on the deepening of the Alexandra Dock entrance channel and mail steamer berth, and Rs. 1·30 lakhs on a new caisson for the communication passage between Prince's and Victoria Docks. No new loan was raised by the Trustees during the year, the expenditure being financed from loan balances in hand. No borrowings have been effected since 1924-25, and no loan will be required during the year 1929-30; this will constitute an interval of five years since the last loan flotation, a record in the history of the Trust.

17. In connection with the revised scheme proposed by the Bombay Municipal Corporation for substituting non-refundable terminal (transit) taxes for the existing Town Duties, the Board reaffirmed their objection to the principle of any form of transit duties on trade, having regard to the fact that Bombay is an important distributing entrepôt and any tax on through trade, even though restricted to certain commodities, would have the effect of increasing charges and encouraging diversion of trade to other ports. The Board emphasized the fact that the prosperity of Bombay is indissolubly connected with that of the Port and they earnestly requested the Corporation to abstain from any measures likely to handicap the efforts of the Port Trustees to meet increasing competition by reducing charges on trade.

During the year under report, the Trustees considered a reference from Government in connection with a representation from the Indian Merchants' Chamber regarding the alleged diversion of trade from this Port. Government were informed that the Trustees will be happy to offer every assistance as regards the proposed inquiry.

18. In pursuance of an undertaking given by the Trustees in 1927 to the Indian Merchants' Chamber to devise means for encouraging and helping Indian officers of the Mercantile Marine to qualify for appointment to the Bombay Pilot Service in future vacancies, the Trustees decided to endow two annual scholarships of the value of Rs. 100 per mensem each, tenable for a period of three years from date of passing out of the I. M. M. T. S. "Dufferin", and subject to the selected cadets obtaining appointments as apprentices in one of the recognized Steamship Lines and continuing their sea career during the period of the scholarship. The conditions and rules governing the grant of the scholarships have been framed in consultation with the Governing Body of the "Dufferin." The award will be made by selection annually from among those cadets who obtain Extra

leaving certificates from the "Dufferin." The Trustees consider that the scholarships should prove an incentive to the best cadets and assist them materially at the outset of their sea career, and that the scheme will provide a future nucleus of selected officers who, after obtaining their Master's Certificate, will be eligible to apply for such vacancies in the Pilot Service as may hereafter occur.

19. With a view to enable junior Indian engineers to qualify for promotion to higher grade appointments in the Trust's Engineering service, the Trustees sanctioned a scheme providing for the deputation of two of their junior engineers to Great Britain where arrangements have been made for them to be articled to selected Engineers or Contractors firms of standing under whose supervision they will undergo a two years' course of practical training in constructional marine and engineering works. The full cost of this scheme will be met by the Port Trust.

20. The Trustees also have under consideration a scheme for affording preliminary training facilities at their Workshops for selected apprentices of an approved standard of education whose parents are in a position to send them abroad subsequently for a course of training. In such cases the Trustees will assist in getting the apprentices placed for training at suitable Works in Great Britain and a probationary appointment of Assistant Mechanical Superintendent is to be created on the Port Trust staff which will be open to selected Indian candidates who have completed the requisite training in India and abroad with a view to permanent confirmation in future vacancies if found suitable

21. The first work financed out of the recently constituted Employees' Welfare Fund was the erection of a Maternity Home and Infant Welfare Centre at the Port Trust dock labourers' quarters at Wadi Bunder at a cost of Rs. 22,570. The Maternity Home, which was opened by Her Excellency Lady Wilson, on the 16th November 1928, has accommodation for six cases at a time, with provision for future extension and is equipped on the most modern lines. The management of the Home and Centre is undertaken by the Bombay Presidency Infant Welfare Society who provide the medical staff, medicines and milk for distribution; the Port Trust contributes Rs. 500 a month towards the expenses, in addition to paying for the electricity and gas, water charges, telephone rental and maintenance of the building. The Home has proved extremely popular and during the first six months of its existence 70 patients have been accommodated. Owing to the increasing demand a scheme for extension is now being prepared. The Home was inspected by His Excellency the Governor, Sir Frederick Sykes, soon after his arrival in Bombay.

REVENUE (Details).

22. The year's Revenue, *excluding Special Receipts*, compares with that of previous years as follows :—

Average of three years ending	1922-23	.. ..	Rs.	2,33,25,833		
Do. do.	1925-26	.. ..	,,	2,72,87,448		
During the year	1926-27	.. Rs. 2,64,02,353				
Do.	1927-28	.. ,, 2,81,07,566	Average	,,	2,77,05,923	
Do.	1928-29	.. ,, 2,86,07,850				

Compared with the last five years the result of the working of the past year is as follows :— **Result of the year's working compared with previous years (Appendix A).**

	Income.			Expenditure.		Surplus.	Deficit.
	Revenue. Proper. Rs.	Surtax. Rs.	Special Receipts. Rs.	Expenditure Proper. Rs.	Special Expenditure. Rs.	Rs.	Rs.
1923–24 ..	2,14,27,766	46,44,046	9,26,766	2,61,90,386	9,36,012	..	1,27,820
1924–25 ..	2,26,01,556	47,75,428	9,48,694	2,73,20,809	9,65,025	39,844	....
1925–26 ..	2,36,53,748	47,59,801	9,53,590	2,76,53,225	10,03,623	7,10,291	....
1926–27 ..	2,19,90,516	44,11,836	11,56,821	2,75,07,995	11,98,260	..	11,47,082
1927–28 ..	2,34,52,954	46,54,612	12,97,402	2,73,54,098	13,91,353	6,59,517	....
1928-29 ..	**2,35,76,345**	**50,31,505**	**13,64,082**	**2,78,95,123**	**14,81,395**	**5,95,414**	....

A comparative statement for the past five years giving the details of revenue under the various departmental sections and heads is printed as Appendix A of this report.

23. The surplus for the year under report amounting to Rs. 5,95,414 has been appropriated to the Revenue Reserve Fund, which will thereafter stand as follows :— **Revenue Reserve Fund.**

Total as per Administration Report, 1927-28	Rs.	72,77,788
Add—Revenue surplus, 1928-29	,,	5,95,414
Amount transferred from the Securities Depreciation Fund, 1928-29	,,	4,42,105
	Rs.	83,15,307
Less—Appropriations for special purposes :—		
To meet arrears of Municipal General Tax on account of assessment, 1924-29	Rs.	2,75,048
*Total ..	Rs.	80,40,259

*Invested in public securities of the par value of Rs. 76,94,300 ..	Rs.	74,44,794
Cash balance	,,	5,95,465
Total ..	Rs.	80,40,259

Taking the securities at their market value the actual value of the Revenue Reserve as at 1st April 1929 amounts to about 68¾ lakhs of rupees.

24. Wharfage fees on merchandise at the docks and bunders amounted to Rs. 84,37,428, a decrease of Rs. 9,223 as compared with the corresponding figure for 1927-28. The decrease is due to the reduction of the wharfage rates on petrol and liquid fuel. Transhipment fees on cargo amounted to Rs. 1,90,843, an increase of Rs. 15,654 as compared with the fees for the year 1927-28. **Wharfage Fees.**

The following figures show the comparison of import and export wharfage exclusive of surtax for the last three years :—

Year.	Import Wharfage.	Export Wharfage.	Total.
	Rs.	Rs.	Rs.
1926-27	51,58,968	27,00,328	78,59,296
1927-28	56,21,842	28,24,809	84,46,651
1928-29	**51,00,655**	**33,36,773**	**84,37,428**

Bunder Revenue.

25. The revenue from the bunders shows a decrease of Rs. 6·73 lakhs as compared with the preceding year. Of this decrease, Rs. 4·50 lakhs falls under wharfage fees, due to the reduction of the wharfage rate on bulk petrol.

Dock Dues on Vessels.

26. The receipts from dock dues on vessels amounted to Rs. 5,58,881, a decrease of Rs. 1,488 as compared with the year 1927-28.

Ground and Shed Rents at the Docks.

27. Ground and shed rent receipts at the docks aggregated Rs. 5,08,795, a decrease of Rs. 7,578 as compared with the year 1927-28, due to quicker clearance of cargoes from the transit sheds.

Cranage Fees at the Docks.

28. The receipts from cranage fees at the docks amounted to Rs. 6,31,877 against Rs. 5,72,134 in 1927-28.

There was a considerable increase in the earnings of the 60-ton floating crane " Sarus " which amounted to Rs. 99,189 against Rs. 59,221 in 1927-28. The number of heavy lifts during the year was 1,250 as compared with 582 in the preceding year.

Land Estate Revenue.

29. The receipts under Land Estates aggregated Rs. 49,27,198, an increase of Rs. 92,392 as compared with the previous year, 1927-28. Ground rent receipts amounted to Rs. 27,64,596, an increase of Rs. 38,710 as compared with the previous year. The increase is mainly due to a greater demand for monthly tenancies, seasonal and casual occupations. The following figures afford a comparison :—

	Rents realized.		
	From leaseholds. Rs.	From monthly tenancies. Rs.	Total. Rs.
1924-25	15,76,083	12,94,011	28,70,094
1925-26	16,15,680	11,96,781	28,12,461
1926-27	16,42,193	12,46,548	28,88,741
1927-28	16,98,896	10,26,990	27,25,886
1928-29	**17,09,590**	**10,55,006**	**27,64,596**

The total area of land let on leasehold at the end of the year was 1,500,629 square yards against 1,466,780 square yards at the close of 1927-28. The number of leases in force on 31st March 1929 was 557 against 555 on the 31st March 1928.

Merewether and Hughes Dry Docks Receipts.

30. The revenue from the Merewether and Hughes Dry Docks amounted to Rs. 2,89,215 as against Rs. 3,25,166 in the previous year. The gross tonnage dealt with was 660,595 tons against 696,415 tons [redacted] 1927-28. The expenditure on working the Dry Docks was Rs. 2,14,[redacted] as against Rs. 2,31,137 in the previous year. The proportion of workin[redacted] expenses to receipts during 1928-29 was practically the same as last year and it compares favourably with the ratio of expenditure prior to th[redacted] introduction of the departmental working of the Dry Docks.

31. The receipts of the Railway during the year amounted to Rs. 29,17,298 as against Rs. 26,47,994 in the previous year. Terminal charges were paid during the year by the two railways at 6 pies per maund, the rate now agreed upon for traffic up to 50 million maunds per year. **Port Trust Railway Receipts.**

32. The receipts under Interest and Miscellaneous amounted to Rs. 14,06,373 as against Rs. 14,03,044 in the preceding year. **Interest and Miscellaneous Receipts.**

33. The revenue of the Port Department amounted to Rs. 5,96,997, an increase of Rs. 16,992 over the previous year. **Port Department.**

34. The Pilotage receipts, including interest on investments of the Vessels Replacement Fund, totalled Rs. 5,57,788 as against Rs. 5,40,969 in 1927-28. Pilotage, transporting and pilots' attendance fees realized Rs. 3,97,031 as against Rs. 3,85,201 in the previous year. The receipts from surtax amounted to Rs. 98,629. The Pilotage Account closed with a surplus of Rs. 1,17,313 which has been transferred to the Vessels Replacement Fund. **Pilotage Account.**

The following amounts were withdrawn during the year from the Vessels Replacement Fund :—

	Rs.
Balance of the cost of the new Steam Pilot Vessel "LADY WILSON"	28,012
Part cost of new steam tug to replace the Steam Launch "LEDA"	36,630
Rs. ..	64,642

REVENUE EXPENDITURE (Details).

35. The total expenditure charged to Revenue under the several heads of account is compared with the actuals of 1927-28 and the revised budget estimates for 1928-29 in the following statement :— **Comparison of Expenditure with previous year and with Budget.**

——	Actuals, 1927-28.	Revised Budget, 1928-29.	Actuals, 1928-29.	Actuals, 1928-29, in comparison with			
				Actuals, 1927-28.		Revised Budget, 1928-29.

Difference ..	..	..	..	6,07,706	..	..	2,28,129

A comparative statement showing the expenditure under the respective sections during the past five years is printed as Appendix B of this report.

36. The total expenditure under General Account, Port Department and Pilotage Account aggregated Rs. 2,78,95,123, an increase of Rs. 5,41,025 as compared with the previous year. The reasons for the increase are explained in para. 2 of this report.

Ratio of Working Expenses to Receipts.

37. Exclusive of debt charges, the ratio of working expenses to receipts compares favourably with previous figures. The following statement shows the percentage of working expenses to receipts during the last five years :—

Year.	Receipts.	Expenditure.			Percentage of working expenses excluding debt charges to receipts.
		Debt charges.	Working expenses.	Total.	
	Rs.	Rs.	Rs.	Rs.	
1924-25 ..	2,73,76,984	1,25,65,503	1,47,55,306	2,73,20,809	53·90 per cent.
1925-26 ..	2,84,13,548	1,32,11,057	1,44,42,168	2,76,53,225	50·83 ,,
1926-27 ..	2,64,02,353	1,32,07,224	1,43,00,771	2,75,07,995	54·16 ,,
1927-28 ..	2,81,07,566	1,31,40,582	1,42,13,516	2,73,54,098	50·57 ,,
1928-29 ..	2,86,07,850	1,31,37,856	1,47,57,267	2,78,95,123	51·58 ,,

The reduction under staff expenditure in 1928-29 as compared with the year 1922-23, when the special retrenchment campaign was first started, amounts to about Rs. 10 lakhs after taking into account the cost of the increments to employees on graded pay.

DEBT.

Total Debt.

38. To avoid any increase in debt charges, the Trustees curtailed their Capital programme by postponing all works not immediately essential. No new loan was therefore necessary during the year under report. The total debt of the Board at the close of the year amounted to Rs. 22,31,91,195 of which Rs. 7,51,25,519 was due to Government and Rs. 14,80,65,676 was on account of the Foreshore Securities and Debenture Loans due to the public. Details are given on page 6 of the accounts.

Total Expenditure on Capital Account and Financial position.

39. The total expenditure on Capital account since the constitution of the Trust (pages 3 and 9—14 of the accounts) amounts to Rs. 23,68,12,532 from which Rs. 11,73,994 (being receipts from sale of old plant, etc., paid to Government in reduction of debt to 31st March 1914) has to be deducted, leaving Rs. 23,56,38,538. The cost of the old lightship "COLABA," the Kennery and Dolphin Lighthouses, and certain other properties originally made over to the Trustees by Government free of charge are not inc

in this amount and it also does not take into account the invested funds and unspent balances of loans aggregating Rs. 6,43,57,464 as under :—

	Rs.
General Sinking Fund (page 4 of the accounts)	3,40,35,616
Victoria Dock Sinking Fund (page 4 of the accounts)	78,02,203
Revenue Reserve Fund (par value and cash balance uninvested, page vii of this report)	80,40,260
Depreciation, Emergency, Fire Insurance and other funds for special purposes (page 4 of the accounts)	94,40,088
Cash being amount of unspent balances of loans (page 3 of the accounts)	50,39,297
Rs.	6,43,57,464

It will be seen from the above figures that the total expenditure on Capital account is Rs. 23·56 crores whereas the outstanding debt is Rs. 22·32 crores. Of the latter a sum of Rs. 50 lakhs represents unspent Capital balances in hand on 31st March 1929, so that against an expenditure of Rs. 23·56 crores, the Trustees have a debt of Rs. 21·82 crores. The difference of Rs. 174 lakhs is accounted for as follows :—

Rs. 58 lakhs being debt repaid to Government by annual equated payments.

Rs. 116 lakhs being appropriations from Revenue to Capital.

Rs. 174 lakhs.

Details of the appropriations to Capital are given at page 7 of the accounts. The principal item is the sum of Rs. 47 lakhs transferred from the Revenue Reserve Fund to Capital during 1916-21 for expenditure on works as an alternative to borrowing at high rates during this period.

TRADE AND TRAFFIC STATISTICS.

40. The value of the trade of the Port as shown in the Customs returns, inclusive of Government transactions, was Rs. 257 crores as compared with Rs. 251 crores in the previous year, an increase of about 2·4 per cent. **Aggregate value of trade of year.**

41. Details of traffic in the most important items of the trade of the Port (Docks and Bunders combined) are given in the comparative statement for the last ten years printed as Appendix C of this report. **Appendix 'C' Traffic Statistics.**

42. The traffic at the warehouses during 1928-29 compared with that of the two previous years was as follows :— **Traffic at Warehouses.**

		1926-27.		1927-28.		1928-29.	
		Receipts.	Deliveries.	Receipts.	Deliveries.	Receipts.	Deliveries.
PACKAGE GOODS—							
Piecegoods and Yarn ..	Packages ..	130,098	139,739	172,703	159,046	181,264	171,921

	Total ..	280,061	278,993	285,482	281,426	286,281	275,112
WEIGHT GOODS—							
Miscellaneous	.. Tons	10,139	10,493	9,050	9,563	8,176	7,834
Metal	.. ,,	7,471	7,344	4,202	4,903	5,736	4,073
	Total ..	17,610	17,837	13,252	14,466	13,912	11,907

The stock of piecegoods and yarn on 31st March 1929 was 59,000 packages as against 49,000 packages on 31st March 1928.

Docks Bonded Warehouses.

43. The traffic at the docks bonded warehouses was as follows :—

		1926-27.		1927-28.		1928-29.	
		Receipts.	Deliveries.	Receipts.	Deliveries.	**Receipts.**	**Deliveries.**
PACKAGE GOODS—							
Piecegoods and Yarn ..	Packages..	20,068	25,254	33,746	31,796	**18,385**	**19,788**
Miscellaneous	,, ..	24,316	20,946	20,895	22,212	**18,238**	**18,256**
WEIGHT GOODS—							
Miscellaneous	Tons ..	44,432	24,832	56,950	66,841	**26,301**	**27,595**

The balances of piecegoods, twist and yarn at the docks bonded warehouses on 31st March 1929 was 4,365 packages as against 5,768 packages on 31st March 1928.

Docks Hazardous Goods Warehouse.

44. The receipts and deliveries at this warehouse during 1928-29 compared with those of the two previous years were as follows :—

	1926-27.		1927-28.		1928-29.	
	Receipts.	Deliveries.	Receipts.	Deliveries.	**Receipts.**	**Deliveries.**
Packages	6,774	6,713	7,584	7,406	**8,948**	**8,945**

Sales of Uncleared Cargoes.

45. The sales of uncleared cargoes landed at the docks and bunders during the year realized Rs. 23,447 as against Rs. 19,230 in 1927-28.

Number of Vessels in Docks and at Harbour Walls. (Appendix D)

46. The number of steam and square-rigged Government and merchant vessels which entered the docks or were berthed at the harbour walls, and paid dues, are shown in Appendix D.

Statistics of Vessels entered the Port. (Appendix F)

47. The numbers and tonnage of trade vessels that entered the port during the past ten years as shown in the Customs returns are detailed in Appendix F.

Dimensions of Vessels entering the Docks.

48. Of the vessels which entered the docks 65 were over 470 feet in length and 56 between 450 and 470 feet, as against 82 and 36 respectively, in 1927-28. Of the vessels over 470 feet in length, 30 were over 500 feet long and 8 between 490 and 500 feet.

Dimensions of Vessels entering and leaving the Port.

49. The largest vessel that entered the port was the S.S. " Belgenland," length 670 feet, beam 78 feet, and gross tonnage 27,132 tons. The S.S. " Mooltan " left the port with the deepest draft, *i.e.*, 32′-1″.

Vessels discharging Liquid Fuel.

50. Thirty vessels discharged liquid fuel at Nos. 18 and 19 berths, Alexandra Dock Harbour Wall and ' K ' berth, Prince's Dock, during the year. The number of oil-burning vessels excluding tankers entering the port during 1928-29 was 138.

51. Seventy-nine vessels were detained in the stream for periods varying from 1 day to 5 days awaiting accommodation in the docks. In the case of 62 vessels the detention was for 2 days or less. 13 vessels were detained for 3 days, 1 for 4 days and 3 for 5 days. **Detention of Vessels.**

52. The following figures show the occupation of the dry docks :— **Dry Docks. (Appendix E)**

		1927-28. Days.	1928-29. Days.
Merewether Dry Dock		219¼	192¾
Hughes Dry Dock ..	Inner Section .. 90	192½	84½
	Outer Section .. 85½		36¼
	Whole length .. 17		11¼
			132

The number and tonnage of vessels dry-docked during the past ten years are shown in Appendix E.

The largest vessel dry-docked during the year was the S.S. " Ranchi " in the Hughes Dry Dock, 16,650 gross tonnage, 548' long, 71' beam.

MISCELLANEOUS.

53. In pursuance of the general policy of retrenchment, the Trustees' inspection of Port Trust works was not held during the year under report. **Harbour Inspection.**

Stores Department.

54. There was a further reduction in the prices of several commodities and annual contracts were entered into in the case of all articles in constant demand. Supplies of first-class coal from Bengal were obtained through Messrs. Grahams Trading Co., Ltd., who secured the contract by open tender. Supplies of second-class Bengal coal for use on the Port Trust Railway were contracted for with Messrs. Madhavlal & Co., Ltd.

The cost of the stores purchased by the Controller of Stores and the Chief Engineer during the year was as under :—

		Indigenous.	Foreign.	
			Purchased in India.	Purchased through London Agents.
By the Controller of Stores ..	Rs.	12,10,000*	Rs. 7,82,000	Rs. 50,000
By the Chief Engineer	,,	2,11,000	,, 1,92,000	,, 1,17,483
Total	Rs.	14,21,000	Rs. 9,74,000	Rs. 1,67,483

*Coal .. .. Rs. 8,43,000.
Miscellaneous .. .. Rs. 3,67,000.

Bunders and Land Department.

55. The old cotton godowns in the vicinity of the Sassoon Dock are now nearly all fully occupied mainly by the motor trade as repair work-shops. One godown has been let for an ice factory to cater for the increasingly large residential area at the south end of the Island. **Sassoon Dock.**

Apollo Reclamation. 56. There has been a welcome improvement in the demand for building sites on the old Colaba Cotton Green which has been laid out by the Trustees as a first class residential area. One plot was leased and built upon during the year. Other inquiries were pending and further plots have been leased since the close of the year. The advantages of this excellent position for first class residential flats is now being recognized.

Apollo Bunder. 57. The Trustees have sanctioned a surrender and renewal of the lease of the residential property known as " Watson's Annexe " at Apollo Bunder and this will before long result in the demolition of this old landmark and the erection of large blocks of modern flats which will be a noteworthy development of this estate.

Ballard Estate. 58. One of the re-entered plots on the Ballard Estate has been leased to the proprietor of a printing press. The Trustees also sanctioned a continued yearly tenancy to the Burmah Oil Storage and Distributing Co. of India, Ltd., of plots Nos. 42-45 as a recreation ground on a nominal rental.

A framed large scale plan of the Ballard Estate was erected at the south-east corner of Nicol Road near the Custom House to assist the public to locate individual buildings on the Estate.

Elphinstone Estate. 59. The Trustees sanctioned the sale of the Rest Shed on Frere Road—which had never fulfilled its purpose—for Rs. 20,000, and the site was leased for a term of 50 years for conversion of the premises into a residential hotel and shops. The purchaser lost no time in construction and the premises are now in occupation.

Carnac-Mody Bunder. 60. The reflooring of the large transit shed on the east wharf of Carnac Bunder was sanctioned in order to make the accommodation suitable for the storage of cotton, and also the re-roofing of three sheds at Mody Bunder for the same purpose.

Frere Land Estate Coolie Camp. 61. On a representation from the lessee, the Trustees were pleased to sanction a reduction of Rs. 200 in the monthly ground rent of this labour camp.

Wadala Reclamation. 62. An area of 10,038 square yards on the Wadala Reclamation has been leased to Messrs. Mawson-Vernon & Co., Ltd., for an Asphalt Refinery Works for an initial term of three years, renewable thereafter for a further period of 30 years. There are encouraging signs of an improvement in the demand for industrial sides in this neighbourhood.

Pir Pao Pier. 63. 36 vessels discharged cargoes of bulk petrol and kerosene oil at Pir Pao, the same number as in the previous year. The quantities discharged were as under :—

	1926-27.	1927-28.	1928-29.
Petrol, Gallons	10,017,162	12,955,826	**14,939,142**
Kerosene, Gallons	26,531,307	34,926,328	**31,770,048**
Total ..	36,548,469	47,882,154	**46,709,190**

The Trustees have recently sanctioned an estimate amounting to Rs. 72,300 for the installation of the necessary plant for lighting the oil pipe line from Wadala to Pir Pao and for supplying lighting power to vessels discharging petrol at night. Pending provision of the permanent lighting system temporary arrangements have been provided at the request of the Oil Companies to enable petrol tankers to discharge at night thus enabling them to expedite their turn-round very considerably.

64. There were 19 fires on the Trustees' land estate as compared with 17 in 1927-28. Ten occurred at the Cotton Depot, of which three were serious and involved losses aggregating about Rs. 14½ lakhs. It is, however, satisfactory to note that no serious fire has occurred in the cotton godowns since the Depot was opened. **Fires.**

65. The Town Duty collected on behalf of the Municipality at the docks and bunders during the year under report amounted to Rs. 27,93,467 as compared with Rs. 26,93,773 in the preceding year 1927-28. **Town Duty.**

Railway Department.

66. There was a substantial improvement in traffic on the Port Trust Railway as compared with last year, both in foreign and local traffic. The number of wagons received and despatched during the last two years compares as follows :— **Traffic.**

	Inward.		Outward.	
	1927-28.	1928-29.	1927-28.	1928-29.
Foreign	81,407	87,878	54,928	58,129
Local	41,134	52,000	41,862	53,004
Total ..	122,541	139,878	96,790	111,133

67. During the year 59 troop and other special trains were run over the Railway and 333 postal and passenger expresses were run to and from the Ballard Pier station, the number being the same as in the previous year. **Troop and Passenger Trains.**

68. The supply of foreign wagons was satisfactory, but there were occasional delays in obtaining special types of wagons. In certain cases, the supply of wagons for traffic to stations on the G. I. P. and B. B. & C. I. Railways situated near Bombay was supplemented by the use of B. P. T. wagons under special arrangements. **Supply of Wagons.**

69. The Wadala School maintained its good record in regard to the number of pupils, attendance and examination results. The branch school at Antop Village completed its third year with very satisfactory results. The expenditure on the schools, including cost of annual prizes, amounted to Rs. 6,100. **Vernacular Schools at Wadala and Antop.**

Railborne Traffic into the Docks.

70. Merchandise railed direct into the docks amounted to 803,790 tons, an increase of 145,727 tons as compared with the previous year. The principal increases were in seeds, 104,572 tons; cotton (bales), 14,640 tons; oil-cakes, 14,532 tons and manganese ore, 8,805 tons. Out of the total quantity of 289,823 tons manganese ore railed into dock for shipment, 43,110 tons were booked for shipment at non-rail served berths and were transported by Port Trust agency free of cost to shippers from railhead to alongside the vessels. During the year 289,811 bales of cotton were railed down from Cotton Depot against 206,153 bales in the preceding year.

Accidents on the Railway.

71. Twenty-five accident cases were reported to Government during the year under the provisions of the Indian Railways Act. Eighteen of these involved injuries, two persons being killed. In no case was the Railway held to blame.

Prince's, Victoria and Alexandra Docks.

Fires.

72. There were 15 fires at the docks wharves and sheds and on board vessels and craft while in the docks. None were serious or involved loss of life.

Accidents to Persons in the Docks.

73. The number of accidents to persons in the docks was 725 of which 26 were fatal, 99 serious and 600 slight. Of the fatal cases, 3 were caused by falling into holds or lighters, 4 by falling into dock basins, 2 by goods falling out of slings, and 17 were due to other causes.

Accidents to Vessels in the Docks.

74. Five slight accidents to vessels in the docks occurred during the year, in four of which Port Trust officials were held to blame.

Crime in the Docks.

75. The return furnished by the Commissioner of Police of cognizable crime in the docks for the calendar year 1928, gives the following particulars which are compared with the corresponding returns of the two previous years :—

	1926.	1927.	1928.
Persons arrested	8,404	14,365	**16,482**

Percentage of value of property recovered ..	76·18	37·99	**30·69**

Harbour Patrol.

76. During the year under review the Trustees, with the sanction of Government, approved detailed proposals for reorganization of the Harbour Police Force. The main feature of the new scheme is that the Port Trust now maintains a regular Harbour patrol, relieving Government of this responsibility, so as to ensure observance of the port regulations and to prevent fishing craft from encroaching and laying moorings in the fairways and navigable channels to the danger of shipping. The duties of the revised Harbour Police Force are now restricted to the preservation of law and order, passport work and other duties of this nature.

77. The following reductions and concessions in the Scale of Charges were sanctioned during the year :— **Reductions in Scales of Charges.**

Docks Scale of Rates.

(*a*) The application of a common wharfage rate for silk and cotton grenadines proving inequitable, the two qualities were classified separately and rated under silk and cotton piecegoods respectively in the Docks Scale of Rates.

(*b*) The Docks Scale of Rates was amended so as to provide distinctive rates for motor cars, packed and unpacked, and for motor bodies, motor chassis and motor parts, with effect from the 1st April 1929.

(*c*) A special rate of two annas per tyre was introduced into the Docks Scale of Rates to provide for consignments of unpacked tyres.

(*d*) Export wharfage on liquid fuel for bunkers was reduced by 50 per cent. from 1½ to ¾ pie per gallon with effect from the 1st April 1928.

(*e*) The rates for loading imported material into wagons and/or motor lorries by Port Trust agency were reduced in respect of packages weighing upto 16 cwts. from Rs. 1-8-0 to Rs. 1-4-0 per ton in the case of stores loaded under the terms of Circular " B ," and from Rs. 1-8 to Re. 1 per ton in the case of stores loaded under contract.

Bunder Scale of Rates.

(*a*) The wharfage fee on toys was reduced from As. 6 to As. 4 per package.

(*b*) Wharfage on loose tyres was reduced from As. 8 to Anna 1 per tyre.

(*c*) Wharfage on petrol was reduced from 15 pies to 9 pies per gallon.

Land.

Cotton Depot godown rents were reduced to Rs. 500 per month per godown on all five-year leases and to Rs. 550 to Rs. 600 per month on yearly tenancy according to their position. Season rent on jaithas was reduced from Rs. 5-8 per sq. yard to Rs. 5 per sq. yard, less 2 per cent. discount to tenants occupying both godowns and jaithas for a full season. **Reduction in rents of cotton godowns and jaithas.**

78. During the year under report a petrol-electric mobile crane of 3½ tons capacity was purchased and put into use in the Docks. The mobility of this type of crane offers considerable advantages over the heavier slow-moving steam road cranes. **Labour-saving Appliances.**

79. The site leased to Messrs. Alcock, Ashdown & Co., Ltd., near the Hughes Dry Dock for a repair and fitting shop was surrendered by them and taken over by the Trustees. The Docks Hamallage Workshop was transferred from Sholapur Street to the vacated site. **Hamallage Workshops.**

Protection of Workers in the Docks.

80. During the year under report the Trustees considered a reference from Government on the subject of protection by legislation against accidents to workers employed in loading and unloading goods and coaling ships at docks, wharves, etc. In their reply the Trustees stated that although there are no specific rules and regulations akin to the British Docks Regulations, 1925, framed under the British Factory and Workshops Act, the Trustees are already observing all the more important safety precautions laid down by that Act. The Trustees expressed the opinion that should the introduction of legislation be decided upon, ample latitude should be allowed to cater for the varying conditions at different ports and the controlling bodies at the major ports should be vested with responsibility for carrying out statutory regulations with a minimum of outside interference.

Customs Examination of Goods in the Docks.

81. The Trustees approved, in so far as it affected the Port Trust, a scheme formulated by the Collector of Customs with the object of reducing the delays experienced by merchants in clearing their goods through the Customs. This scheme, which is based on an extension of the second appraisement system (*i.e.*, provisional acceptance of duty before examination of goods), involves the establishment of four centres in the Alexandra Dock transit sheds with suitable accommodation for the appraisement of goods and their safe detention until removed by the owners. It is anticipated that the introduction of this system, in addition to expediting deliveries, will reduce pilferage in the docks, a large percentage of which is from consignments lying about in the open sheds after Customs examination.

Riots in Bombay.

82. Consequent on the rioting in Bombay, which caused a practical suspension of clearances from the docks and bunders, the Trustees decided to reckon the period from 7th February 1929 to 13th February 1929 as *dies non* for the purpose of calculating extra fees.

Vernacular School at Wari Bunder

83. The number of pupils on the rolls of the primary vernacular school maintained by the Trustees for the education of the children of dock labourers was 119 on 31st March 1929. The school was inspected by the Superintendent, Municipal Schools, and a grant-in-aid of Rs. 450 was sanctioned by the Municipality. The net expenditure on the school was Rs. 1,226.

Port and Pilotage Department.

Inspection of Lights.

84. During the year 285 day tours and 226 night tours of inspection were made by the special officer in charge of this work. The number of light passes granted was 3,048 ; 254 lectures were given which were attended by 6,566 tindals and boatmen.

Accidents to Vessels in Pilotage charge.

85. There were two accidents to vessels while in pilotage charge during the year, neither of which was serious. The pilot in charge was held to be at fault on one occasion.

86. For reasons of economy, the Trustees sanctioned the dismantling of the Castle Time Ball and Clock with effect from 1st July 1928, as the larger modern vessels in the harbour and docks are now able to get Greenwich Mean Time daily by wireless for the purpose of rating their chronometers, while the Prince's Dock Time Ball will still be available for smaller craft not fitted with wireless. **Castle Time Ball and Clock.**

87. The Trustees recommended Government to amend the rules for the licensing and regulating of cargo boats, etc., within the limits of the port so as to provide that every licensed boat shall carry attached to her hull a suitable buoy which in the event of the craft foundering, will float loose and facilitate the location of the wreck. **Location of Wrecks.**

88. The Trustees, with the approval of Government under the Indian Ports Act, approved certain alterations and extensions in the sanctioned fishing areas within port limits, as the former areas fixed in 1884 were found to be inadequate for the fishing industry, causing encroachments on the fairways and navigable channels and consequent danger to shipping. The Trustees took the opportunity to suggest to Government the desirability of taking steps to improve the condition of the fishing industry, having regard to the fact that the demand is now far in excess of the supply and prices are consequently prohibitive. It was suggested for consideration that a fast tug, suitably equipped, should be provided at a nominal charge to transport the catch from the fishing grounds, thus enabling the fishermen to go further afield and increase the marketable supply. **Fishing areas within Port limits.**

89. At the request of the Development Department of Government, the Trustees agreed to waive the condition in the agreement regarding dredging within port limits which laid down that no dredging should be carried out within 2,000 feet of the sea wall or high water mark in Back Bay. **Dredging by Government within Port limits.**

CAPITAL (Expenditure and Works).

90. The aggregate expenditure on Capital Account during the year was Rs. 8,73,427 apportioned over the various works as follows :— **Capital Expenditure.**

		Revised Estimates Rs.	Actuals Rs.
Section I.	New Works, Ordinary	4,55,500	**2,95,916**
,, II.	Alexandra and Hughes Dock Works	9,04,600	**5,11,680**
,, III.	Port Trust Railway and Depots	2,81,200	**65,831**
		16,41,300	**8,73,427**

This outlay was met as follows :—

	Rs.
From Loan Balances in hand	**8,68,409**
,, Sale proceeds of property	**5,018**
	8,73,427

New Caisson for Communication Passage between P. and V. Docks.

91. The material for this caisson, intended to replace the one built in 1891, was ordered from Messrs. Vickers-Armstrong, Limited, and arrived in January 1929. The work of erecting the caisson was carried out in the inner compartment of the Hughes Dry Dock and was nearly completed by the end of the year. The amount expended during the year was Rs. 1,29,851.

Sea-going Tug to replace "LEDA."

92. An order was placed with Messrs. Alcock, Ashdown & Co., Ltd., for a new tug to replace the "LEDA" which is expected to be delivered early during the current year. The new tug has been named "ZEPHYR".

Extension of the Port Trust Slipway at Clarke Basin by 16 ft.

93. The extension of the slipway at the Workshops which was taken in hand in the previous year was completed in April 1928.

Concreting Floor of Shed at Carnac Bunder.

94. A sum of Rs. 9,517 was spent in paving the existing moorum floor of the Carnac Bunder transit shed with reinforced cement concrete.

Workmen's Quarters at Wadi Bunder.

95. The terraces of the reinforced cement concrete chawls, A to E, at Wadi Bunder were waterproofed with malthoid. The passages surrounding these chawls, which were originally constructed of water-bound macadam, were paved with Shahabad laddies on cement concrete and the main central roadway was reconstructed with reinforced cement concrete.

Widening 60-ft. Road north of Reay Road (Jackaria Bunder Road to Sewri New Road).

96. The footpaths of this road were paved with thick Shahabad laddies on lime concrete and trees of different varieties were planted on the east footpath.

Bunder facilities for Oil Traffic.

97. In order to provide extended facilities for packed kerosene at Sewri the Trustees decided to transfer the dried fish trade from the bunder east of the timber pond to Haji Bunder. A length of 2,357 feet of 2-foot gauge tramway, double track, with two cross-overs was laid from Sewri Fort to the old Fish Bunder for the kerosene trade. The dried fish trade was accommodated in an area of 320 feet × 60 feet at Haji Bunder enclosed by corrugated iron pale fencing 7 feet high with reinforced cement concrete posts. Four flights of masonry landing steps 10 feet wide were also provided. The work was completed in November 1928 at a cost of Rs. 36,702.

Protection of Kerosene Oil Pipe Line against Fire.

98. The Trustees sanctioned the provision of additional fire precaution measures in connection with the kerosene pipe lines running from the discharge berths on the Harbour Wall to the installations at Sewri. These included the erection of 9 Foamite Generator Depots in selected positions along the pipe line, together with a complete telephone system with instruments at intervals of 400 yards and additional sluices and expansion joints in the pipe line. The estimated cost of the scheme, which was prepared in consultation with the Municipal Fire Brigade authorities, is Rs. 48,000, of which Rs. 28,891 was expended during the year under report.

99. A sum of Rs. 87,603 was spent during the year under report on the Wadala Reclamation, mainly in connection with surfacing and developing the area of 45,000 sq. yds. leased to the Standard Oil Co. of New York for a petrol installation. **Wadala Reclamation.**

100. Three drinking fountains and cattle troughs were provided to meet the convenience of the trade. **Manganese Ore Depot and Coal Depot.**

101. The wooden floors of 50 ' A ' class wagons were replaced by steel floors during the year at a cost of Rs. 21,064. Two locomotives which were surplus to requirements were sold during the year to Messrs. Burn & Co. for Rs. 35,000. New sidings were laid to the Burmah Shell Co.'s Installation at Oil Depot and to the Standard Oil Co.'s Petrol Installation at Wadala. 8 echelon sidings were provided to the site of the new shed at Grain Depot. **Port Trust Railway.**

102. The expenditure on the Alexandra and Hughes Docks during the year amounted to Rs. 5,11,680, making a total of Rs. 6,21,17,933 since the commencement of the work in 1904. The following are the principal details of the expenditure during 1928-29 :— **Alexandra and Hughes Docks.**

	Rs.
Deepening entrance channel	3,42,056
Paving and metalling of wharves	59,147
Sett paving of railway tracks	29,737
Deepening mail steamer berth at Ballard Pier..	17,844
Providing iron roller paths for cranes	15,374

103. The deepening of the Entrance Channel to 26 feet below L.O.S.T. was continued during the year. A revised estimate amounting to Rs. 32·30 lakhs was sanctioned for this work by the Board and Government. The excess of Rs. 9·18 lakhs over the previous sanctioned estimate was due to the discovery of a number of patches of intensely hard rock below the level of the ordinary moorum or light grade trap rock. The presence of this hard rock at the western end of the channel was unsuspected until detailed borings had been made by the Rock-cutting vessel " NAUTILUS."

104. The work of deepening the Mail Berth at Ballard Pier to 32 feet below mean of L.O.S.T. was completed during the year under report.

105. The wharves of berths 4, 5 and 6, measuring 404 squares, were paved with sett stones on 6″ cement concrete bed. The strip of uneven ground east of Nos. 14, 15 and 16 berths was levelled and five level-crossings were provided.

106. About 3,800 lineal feet of cast-iron roller paths were laid on the granite copings of the Dock Wall during the year, making a total of 7,300 lineal feet since the commencement of the work, which is well in progress.

107. The work of installing a 20-ton weighbridge suitable for accommodating road vehicles, including the largest motor lorries, was started together with the erection of a chowkey as an office for the weighbridge clerks. The work was well in hand by the close of the year.

Special Renewals Account.

Lighthouses at Sunk Rock and Dolphin Rock.

108. A sum of Rs. 11,766 was expended during the year under report from Special Repairs and Renewals Account for converting the lighthouses at Sunk Rock and Dolphin Rock to operate unattended with dissolved acetylene flashing lights, which method is anticipated to result in an annual saving of about Rs. 7,000 on establishment and maintenance charges.

Electrical equipment of Wadala Railway Yard.

109. The Board approved the conditions of an agreement with the G. I. P. Railway for electrical equipment, at the cost of the latter, of the Wadala Railway Yard on the Bombay Port Trust Railway in order that the new G. I. P. electric locomotives may be able to use the yard. In this connection the Trustees sanctioned an expenditure, estimated at Rs. 56,500, to be met from the Railway Depreciation Fund, for re-laying certain tracks in this yard with 90-lb. rails.

MAINTENANCE DREDGING.

110. The total quantity dredged during the year on revenue account was 3,663,760 tons as against 3,846,325 tons in the previous year, 1927-28. The average cost per ton on maintenance dredging was 3·47 annas per ton.

BOARD OF TRUSTEES.

111. During the year under report, 29 general meetings of the Board and 45 meetings of the Committees were held.

Appendix I shows the changes among the members of the Board up to the date of report.

STAFF.

Total Staff.

112. The total approximate number of staff employed during the year as compared with the two previous years was as under :—

	1928-29.	1927-28.	1926-27.
Permanent—Superior	**1,979**	1,954	1,994
,, —Inferior	**442**	447	451
Temporary Staff (including casual labour at the Docks)	**9,170**	9,806	10,337
Total ..	**11,591**	12,207	12,782

113. Appendix H shows the number of employees housed to the end of the calendar year 1928. In consequence of the curtailment in the Capital programme, no further expenditure was incurred during the year on staff housing. **Housing of Staff.**

114. The average daily attendance at the Trustees' Dispensary at Prince's Dock was 77·01. There were 1,109 cases of injuries and 1,262 sick certificates were granted. At the Wadala Dispensary, the average daily attendance was 13·5 ; 599 cases of accidents were treated and 233 sick certificates were issued. At the Antop Village Dispensary, the average daily attendance was 28·3 ; 60 cases of injuries were treated and 525 sick certificates issued. At the Grain Depot Dispensary, the average daily attendance was 18·36 and 1,759 cases of injuries were treated ; the number of sick certificates granted was 259. During the year 1928-29, there were 25 deaths among the superior and 5 among the inferior staff. **Attendance at Dispensaries.**

115. In accordance with the orders of Government, a statement is printed as Appendix J showing how the vacancies in the permanent superior cadre of appointments with a maximum pay of Rs. 500 and over were filled during the years 1927-28 and 1928-29. The three appointments filled by Europeans during the year 1928-29, consisted of a Shipwright and Carpenter Foreman and two Pilots. No statutory Indians with the required qualifications, experience and training were available for these posts. **Recruitment of Superior Staff (Appendix J).**

116. In view of vacancies likely to occur in the Docks Department within the next few years, the Trustees have, after inviting applications by advertisement, engaged two Indian graduates as Probationary Assistant Managers. **Recruitment of Officers for Docks Department.**

117. During the year under report the Trustees sanctioned, with the approval of Government, rules framed on the lines of those of Government and of the major ports of India for the grant of passage concessions to their officers of non-Asiatic domicile. **Passage Concessions to Officers.**

118. The concession of granting a holiday on full pay on H. M. the King-Emperor's Birthday, previously confined to the temporary Workshops staff of the Engineering Department, was extended to the daily rated temporary staff of all departments. **Holiday on Full Pay on the King's Birthday.**

119. During the year under report a special Staff Committee of four Trustees representing the European and Indian Chambers and the two Railway Companies was appointed to assist the Chairman in dealing with representations from the Port Trust Staff and Labour Unions. **Special Staff Sub-Committee of the Board.**

120. Detailed reports and recommendations by the Trustees' Staff Sub-Committee regarding representations from the Docks and Railway Unions were considered and adopted. In regard to pay the Committee were unable to recommend any all-round increase in grades having regard to the fact that pays were last revised in 1920 since when there has been a fall of about **Concessions to Docks and Railway Staffs.**

46 per cent. in cost of living in Bombay according to the official statistics. The Committee in their report pointed out the necessity for continuing the policy of retrenchment in order to attract trade by lowering port charges. They observed that unless this object is achieved trade will be diverted to other ports, the logical result of which would be a reduction of staff. In pressing for all-round increases of pay at the present time the Unions are therefore following a short-sighted policy which, if adopted, would inevitably react to the disadvantage of their members. The report further observed that wholesale increases of pay merely have the effect of creating a vicious circle, since in the long run it is the standard of wages and purchasing power of the wage-earning community that determines the cost of living. Recognizing, however, the block in promotion in the lowest clerical grade on the Port Trust Railway, the Trustees accepted the recommendation of the Committee that all employees who have been three years or longer on the maximum of this grade (Rs. 65) should receive an extra increment of Rs. 5. Proposals for providing sleeping accommodation for staff on night duty in the docks and to allow a certain amount of time off the morning following night duty were sanctioned and arrangements to ensure that, as far as possible, no employee will be required to do two consecutive nights on duty, in addition to his ordinary day work, were approved. Sanction was also accorded to the Committee's recommendation that provident fund and casual leave benefits should be extended to the temporary staff in the docks. In regard to leave to railway employees it was decided to await the publication of the revised leave rules for the Indian State Railways and in the meanwhile certain concessions regarding grant of furlough preparatory to retirement were sanctioned.

Chairman of the Board.

121. Mr. W. H. Neilson, O.B.E., V.D., M.A., M.A.I., M.Inst.C.E., M.I.Mech.E., returned from leave on the 9th November 1928 and Mr. W. R. S. Sharpe, M.Inst.T., who was acting as Chairman, reverted to his substantive appointment of Deputy Chairman.

Appointment, Leave and Retirement of Officers.

122. Mr. B. C. Rowlandson, Executive Engineer, Railway, was granted leave with effect from 14th January 1929 prior to retirement. In accordance with a previous decision arising out of the retrenchment campaign the post of the Executive Engineer, Railway, was revised to that of a Senior Assistant Engineer, and Mr. Feroze Muncherjee Surveyor was appointed thereto.

123. Mr. E. G. Lilley, Deputy Manager, Bombay Port Trust Railway, whose services were lent to the Indian Railway Conference Association for appointment as Deputy General Secretary, relinquished that post on being appointed Traffic Superintendent at the Port of Vizagapatam. In accordance with the decision arrived at during the retrenchment investigations, this post of Deputy Manager, Railway, was retrenched and replaced by a post of an Assistant Manager to which Mr. Pheroze Merwanji Boyce was appointed.

124. The Trustees accepted a proposal from the Government of India to nominate Captain E. V. Whish, O.B.E., R.I.M., Port Officer, as a delegate to attend the Conference on safety of life at sea which was held in London during April 1929. Commander A. G. Kinch, D.S.O., R.I.M., was appointed by Government to officiate as Port Officer during Captain Whish's absence.

125. Mr. D. G. M. Mearns was confirmed in the appointment of Railway Manager *vice* Mr. J. R. Reynolds, C.I.E., retired.

126. Mr. G. E. Bennett, M.Sc., M.I.C.E., M.I.M.E., was confirmed in the appointment of Deputy Chief Engineer with effect from 1st September 1928.

127. The Trustees are pleased to record their cordial appreciation of the efficient work of their officers and staff in all departments throughout the year.

W. H. NEILSON,

Chairman.

21st August 1929.

APPENDIX A.

Comparison of Receipts under the various heads during the past five years; increases or decreases during 1928-29 as compared with 1927-28:—

Budget Head.	1924-25.	1925-26.	1926-27.	1927-28.	1928-29.	Increase or decrease during 1928-29 as compared with 1927-28.

APPENDIX H.

Statement showing the number of Port Trust employees housed in Port Trust buildings as at 31st December 1928:—

	Total number of staff.	Number housed.	Percentage housed.
1. Permanent staff on salaries over Rs. 300 per mensem	197	85	43·1
2. Permanent staff on salaries from Rs. 50 to Rs. 300 per mensem—			
(*a*) Clerical	658	37	5·6
(*b*) Outdoor	1,124	197	17·5
3. Permanent inferior staff on salaries under Rs. 50 per mensem	442	130	29·5
4. Temporary staff on salaries—			
(*a*) Over Rs. 300 per mensem ..	2	...	....
(*b*) From Rs. 50 to Rs. 300	1,131	586	51·8
(*c*) Under Rs. 50	3,494	1,428	40·9
(*d*) Daily paid	4,543	1,406	30·9
Total ..	11,591	3,869	33·4

APPENDIX I.

Changes among the members of the Board during 1928-29.

Name.	Particulars.
Mr. A. M. Green, I.C.S.	Proceeded on leave for 5 weeks from 7th April 1928 to attend the Cinematograph Enquiry Committee; again proceeded on 7 months' leave from 3rd November 1928.
Mr. C. R. Watkins, C.I.E.	Acted as a Trustee for 5 weeks from 17th April 1928.
Mr. T. A. Stewart, I.C.S.	Appointed by Government to act as a Trustee from 3rd November 1928 *vice* Mr. Green on leave.
Mr. G. L. Winterbotham	Absent on leave from 7th April to 2nd December 1928.
Sir H. G. Gocke	Elected by the Chamber of Commerce to act as a Trustee during Mr. Winterbotham's absence.
Sir Leslie Hudson, Kt.	Absent on leave from 9th April 1928 to 11th February 1929.
Mr. D. J. MacGillivray	Elected by the Chamber of Commerce to act as a Trustee during Sir Leslie Hudson's absence.
Mr. F. C. Annesley	Absent on leave from 16th July to 16th December 1928.
Mr. E. C. Reid	Elected by the Chamber of Commerce to act as a Trustee during Mr. Annesley's absence.
Captain Sir Edward Headlam, Kt., C.S.I., C.M.G., D.S.O., R.I.M.	Absent on leave from 16th July to 6th September 1928. Resigned from 16th November 1928.
Captain H. Morland, C.I.E., R.I.M.	Appointed by Government to act as a Trustee during Captain Headlam's absence on leave.
Rear-Admiral H. T. Walwyn, C.B., D.S.O., R.N. ..	Nominated by Government to be a Trustee from 16th November 1928 *vice* Captain Sir Edward Headlam resigned.
Major-General G. A. Weir, C.B., C.M.G., D.S.O. ..	Absent on leave from 21st July to 24th September 1928.
Colonel N. M. Geoghegan, D.S.O.	Appointed by Government to act as a Trustee during Major-General Weir's absence.
Mr. T. G. Russell	Absent on leave from 17th August 1928.
Mr. D. S. Burn, M. Inst. T.	Appointed by Government to act as a Trustee *vice* Mr. Russell on leave.
Mr. A. Geddis	Returned from leave on 5th November 1928.
Mr. H. P. Mody	On leave from 30th July to 10th October 1928. Ceased to be a Trustee on Mr. Geddis' return.
Mr. P. Barker	Returned from leave on 13th November 1928.
Mr. N. Birrell	Ceased to be a Trustee from 13th November 1928.
Mr. H. B. Clayton, C.I.E., I.C.S.	Resigned from 1st December 1928.
Mr. A. R. Dalal, I.C.S.	Nominated by Government to be a Trustee from 1st December 1928 *vice* Mr. Clayton resigned.
Mr. E. Miller	Proceeded on leave from 5th February 1929.

APPENDIX J.

Statement showing how vacancies in the permament superior cadre of appointments with a maximum salary of Rs. 500 and over were filled up during 1927-28 and 1928-29 :—

Department.	Year.	No. of new appointments created during the year.	No. of appointments abolished during the year.	No. of vacancies which occurred during the year.	No. of vacancies which occurred in previous years not filled in those years remaining to be filled.	No. of vacancies to be filled.	No. of vacancies not filled during the year.	No. of vacancies actually filled.	Filled by						Remarks.

Examined and found correct. The Securities in which the Trustees' Surplus Revenue, Provident, Depreciation, Sinking and other Funds are invested, and the Security Deposits of Contractors and others have been checked, and were found to agree with the amounts entered above. The Cash Balance has also been checked and was found as stated.

Bombay Port Trust.

ADMINISTRATION REPORT FOR THE YEAR 1929-30.

General Remarks on the year's working.

IN framing the estimates of receipts for the year under review, the Trustees considered it justifiable to assume that the improvement in trade conditions which had set in from the year 1927-28, would be fully maintained. In order that trade should derive the full benefit from this improvement and from the economies in working expenses effected by drastic and sustained retrenchment and by the avoidance of further liabilities on capital account, the Trustees reduced the surtax of 50 per cent. levied from 1st January 1922 on the majority of the dock and bunder charges to 33⅓ per cent., entailing a reduction of Rs. 16.83 lakhs in the revenue estimates. Allowing for this reduction, the receipts under all departments (excluding special receipts) were estimated at Rs. 274.49 lakhs, or approximately Rs. 11½ lakhs below the actuals of 1928-29. The budget expectations were more than fully realised, for the **actual receipts** amounted to **Rs. 281.07 lakhs** or Rs. 6.58 lakhs more than the estimates. Had the reduction in the surtax not been made, the receipts during the year under report would have amounted to approximately Rs. 298 lakhs, which would have constituted a record in the annals of the Trust and would have exceeded the actual receipts of the previous year (Rs. 286.08 lakhs) by Rs. 12 lakhs or about 4 per cent. (Details are given in paras 26-38 and Appendix A.)

2. The total ordinary expenditure budgetted for was Rs. 278.24 lakhs, but supplementary grants to the extent of Rs. 1.40 lakhs had to be sanctioned during the course of the year for unavoidable items not foreseen when the budget was framed. Owing however to the unabated efforts to economise in every possible direction, the **actual expenditure** for the year was only **Rs. 276.23 lakhs,** a saving of Rs. 2.01 lakhs on the original estimates and Rs. 3.41 lakhs on the revised estimates. As compared with the actual expenditure of the previous year, 1928-29, the expenditure for 1929-30 shows a decrease of Rs. 2.72 lakhs. Having regard to the increased revenue, the reduction in expenditure and in the ratio of working expenses to receipts (51.50 per cent. as against 51.58 per cent. in the year 1928-29) is very gratifying. (Details are given in paras 39-41 and Appendix B.)

3. The budget estimates for the year anticipated a deficit of Rs. 4,71,293 under General Account and a surplus of Rs. 96,716 under Pilotage Account; the actual result was a **surplus** of **Rs. 3,21,093** under **General Account** which has been transferred to the Revenue Reserve Fund and **Rs. 1,62,985** under **Pilotage Account** transferred to the Vessels Replacement Fund. An analysis of the results shows that the improvement over the original estimates was due to an increase of Rs. 6.58 lakhs in receipts and a reduction of Rs. 2.01 lakhs in expenditure. But for the reduction in surtax referred to above, the surplus on the General Account would have amounted to over Rs. 20 lakhs, which would have been the highest since the formation of the Trust in 1873.

4. After transferring the year's surplus, the Revenue Reserve Fund stands at Rs. 83.54 lakhs, actual market value being Rs. 70 lakhs. The financial position of the Trust is detailed in para 43. It will be observed that in addition to the Revenue Reserve Fund, the accumulated Sinking Funds and equated loan repayments amount to Rs. 537.95 lakhs, while adequate reserves totalling Rs. 63.71 lakhs have been set aside for special purposes, such as fire insurance, depreciation and emergency replacements. Capital works financed out of Revenue Reserve during the years 1916 to 1921 amounted to no less than Rs. 47 lakhs. No capital loan has been raised for the past five years, which constitutes a record in the history of the Trust. The capital balances in hand at the end of the year were over Rs. 30 lakhs.

5. There was no increase in port or dock charges during the year under review. Inclusive of the reduction in surtax from 1st April 1929, the Trustees have reduced rates and charges during the last four years to the extent of over Rs. 30 lakhs per annum without impairing their financial position or depleting their accumulated reserves. Since the close of the year, the Trustees have abolished, with effect from 1st July 1930, the surtax of 25 per cent. on charges for pilotage, transporting, attendance and warping fees introduced in 1923-24 to balance the expenditure under Pilotage Account. This will mean an additional relief of about Rs. 1 lakh per annum to the shipping of the Port.

6. The cargo handled at the docks and bunders amounted to 6,688,000 tons, a decrease of 19,000 tons as compared with the volume of the previous year. Imports accounted for about 53·4 per cent. and exports 46·6 per cent. of the total tonnage. The following is a detailed comparison of the figures for the past two years :—

	Imports (Tons).			Exports (Tons).			Total (Tons).		
	1928-29.	1929-30.	..	1928-29.	1929-30.	—	1928-29.	1929-30.	—
Docks ..	2,336,000	2,358,000	+22,000	3,016,000	2,740,000	—276,000	5,352,000	5,098,000	—254,000
Bunders	1,018,000	1,211,000	+193,000	337,000	379,000	+42,000	1,355,000	1,590,000	+235,000
Total	3,354,000	3,569,000	+215,000	3,353,000	3,119,000	—234,000	6,707,000	6,688,000	—19,000

Details of the variations in principal commodities are given in Appendix C to this Report.

7. During the first eight months of the year under report there was a good improvement in trade conditions. Unfortunately a set-back, caused by the general depression brought about by the fall in world prices of raw commodities, was experienced in the closing four months of the year, resulting in a fall in exports at the docks amounting to 167,000 tons as compared with the corresponding period of the preceding year 1928-29.

The most noticeable feature in the import trade of the year was the expansion in bulk petrol, the importations of which rose from 15 million gallons in 1928-29 to 22 million gallons in 1929-30, or an increase of about 50 per cent. In pursuance of the Trustees' undertaking to sanction progressive reductions in the wharfage on this commodity in proportion to the increased receipts until a normal rate of wharfage is applicable, the Board reduced the wharfage rate from 9 pies to 6 pies per gallon with effect from 1st April 1930. Since the opening of the Pir Pao bulk oil pier in 1922, the imports of bulk petrol have risen from 4 million to 22 million gallons. Including the present reduction, the wharfage rate has been progressively reduced from 18 pies to 6 pies per gallon.

Other noticeable increases in imports were recorded under sea-borne coal (+108,000 tons), grain (+33,000 tons), bulk kerosene oil (+45,000 tons), liquid fuel (+49,000 tons) and sugar (+12,000 tons). 14,000 motor cars and lorries were imported as against 8,000 in the previous year. The principal decreases were in raw cotton and piecegoods, the imports of which fell off by 81,000 bales and 24,000 packages respectively as compared with the previous year, oilmanstores (—44,000 packages), tea (—23,000 packages) and timber (—12,000 tons).

In the export trade, there was a further recovery in Bombay's staple export commodity, viz., raw cotton, the number of bales exported during the year under review being 2,793,000 bales as against 2,656,000 bales in the preceding year 1928-29 and 1,784,000 bales in 1927-28. Increases were also recorded under coal (+15,000 tons), kerosene oil (+ 1½ million gallons), liquid fuel (+3,000 tons), manganese ore (+ 88,000 tons), myrabollams (+ 12,000 tons), and twist and yarn (+ 20,000 bales). On the other hand, there were heavy decreases under grain (—54,000 tons), groundnuts (—76,000 tons), oil-cakes (—83,000 tons) and seeds (—129,000 tons).

8. The fumigation of American cotton imported into India through this port continued throughout the year under review but the imports were on a considerably reduced scale. 14,288 bales were landed and fumigated prior to delivery, as against 59,241 bales in the preceding year, 1928-29.

9. Vessels which entered the docks or were berthed at the Harbour Walls (excluding ferry steamers) totalled 1,965 with an aggregate tonnage of 4,895,326 net register as against 1,966 vessels with a tonnage of 4,828,376 in the preceding year

10. The dry docks were occupied during the year by 169 vessels as against 167 vessels in the preceding year, 1928-29. The total tonnage, however, decreased to 562,504 tons, being 98,091 tons less than the previous year. The expenditure during 1929-30 was Rs. 5,147 less than the preceding year.

11. The Ballard Pier berth was used by 182 vessels during the year and 343 postal and passenger trains were run to and from the station, connecting with the incoming and outgoing mail steamers. The additional passenger berth on the Alexandra Dock Harbour Wall accommodated 61

vessels. The temporary hotel accommodation provided at the station for the convenience of passengers was made use of by 1,348 adults and 208 children. An additional railway siding with platform was provided at the station to cope with the increased traffic in the busy season. The Trustees have also provisionally sanctioned plans and estimates for a new railway station building with the paving of platforms, subject to agreement between the Port Trust and the G. I. P. and B. B. & C. I. Railways regarding recovery of charges on the capital outlay estimated at Rs. $2\frac{1}{2}$ lakhs.

12. The Docks Hamallage (Labour) Department satisfactorily met all demands for labour during the year. The attendance of the labourers continued to be satisfactory and was not affected by any industrial dispute. The average number of labourers engaged daily was 2,445 and the highest number employed on a single day was 4,420. The total tonnage of goods handled during 1929-30 amounted to 4,142,175 tons, the inclusive labour charges averaging 4.05 annas per ton. The Trustees submitted a memorandum of evidence on the questionnaire issued by the Royal Commission on Labour in India, and later during their stay in Bombay the members of the Commission visited the docks and other parts of the Port Trust estates.

13. On the land estates, the most noticeable feature was again the keen demand for accommodation at the Cotton Depot. All the Port Trust godowns were taken up and there were no vacancies at the close of the season. The eleven open-sided sheds constructed in 1929 on the jaithas near the Cotton Exchange proved equally attractive, and five additional sheds were erected ready for the monsoon of 1930. The demand for jaithas was also satisfactory, the rents therefrom being Rs. $1\frac{1}{2}$ lakhs in excess of the previous year's earnings. In view of the abnormal demand for storage accommodation owing to the heavy carry-over of stocks the Trustees sanctioned, for the third time in succession, the temporary letting of certain of the covered railway platforms at the Cotton Depot for monsoon storage accommodation.

14. Another interesting feature on the land estates was the demand for residential building sites on the old Colaba Cotton Green, which has been laid out by the Trustees as a first-class residential area with roads, drainage and a public garden. Eight plots were handed over during the year under review and construction work is proceeding rapidly. At the Grain Depot, the demand for accommodation, resulting from the Trustees' decision to throw open the depot to additional trades, continued to be keen, and the Board sanctioned the construction of two new sheds 1,012 feet and 528 feet long, respectively, the latter being intended mainly for storage of oil-cakes, a new traffic at the depot which shows promise of steady growth. A further 500 feet length of shed was extended on ' B ' plinth. A concrete masonry godown, 540 feet in length, with corrugated iron garages was constructed and leased to the Havero Trading Company. At Wadala, the petrol installation of the Standard Oil Company of New York was completed and brought into use during the year under report. An area of 10,805 square yards was leased to Messrs. Mawson Vernon & Co., Ltd., for Asphalt Refinery Works. Since the close of the year, the Trustees have sanctioned the lease of an area of about 15,000 square yards of land to the White Kerosene and Mineral Oil Company for an oil installation.

15. The foreign inward and outward traffic on the Port Trust Railway aggregated 2,025,000 tons against 2,003,000 tons during 1928-29, the principal increases being in manganese ore and cotton. A decrease of 4,236 wagon-loads has to be recorded in local traffic, principally under cotton, grain and seeds, and groundnuts. The Railway carried 49 per cent. of the total railborne traffic in and out of Bombay and the freight earnings collected during the year on traffic booked or received on account of the G. I. P. and B. B. & C. I. Railways amounted to Rs. 3,79,21,000. The ratio of working expenditure (Rs. 17.11 lakhs) to receipts (Rs. 30.78 lakhs) was the lowest on record. Expenditure in this department has been retrenched by Rs. 10.35 lakhs or 38 per cent. since 1922-23, whereas on the other hand the receipts have risen from Rs. 23 lakhs to Rs. 31 lakhs during the same period ; the net improvement is therefore over Rs. 18 lakhs per annum and the Railway is now covering its capital cost.

16. In pursuance of the policy followed during the last few years to avoid further commitments on loan account as far as possible, Capital expenditure during the year under review was restricted to urgent and essential works only, and amounted to Rs. 20.17 lakhs. A sum of Rs. 4.83 lakhs was spent on additional sheds at the Grain Depot to meet the demands for accommodation from the trade, Rs. 3.39 lakhs for a godown leased to the Havero Trading Company for the storage of dyes, etc., on the Mazagon-Sewri Reclamation and Rs. 3.27 lakhs on the new transit shed at No. 16 berth, Alexandra Dock. No new loan was raised by the Trustees during the year, the expenditure being financed from loan balances in hand.

17. The latest addition to the Pilotage flotilla of the Port is the Motor Life-boat " Catherine " which serves as a sea-going tender to the Pilot vessel and the Prongs and Kennery Lighthouses, and also provides an up-to-date means of rendering life-saving service in case of need, for which no provision has existed in Bombay since the abolition of the Life-boat stations at Alibag and Colaba. The Life-boat, which will cost about Rs. 1½ lakhs, has been built by Messrs. J. Samuel White & Co., Cowes, England, to the design and specification of the Royal National Life-boat Institution, under whose supervision the vessel was constructed and the engines and machinery installed. The vessel is modelled on the latest life-boat design and practice, the workmanship and material being of the highest class. The vessel was launched at the Bombay Port Trust Workshops on 2nd June 1930, and the naming ceremony was kindly performed by Lady Thakurdas, the wife of the senior Trustee of the Port, in the presence of a large and distinguished gathering.

18. During the year under report, the Government of India, in pursuance of the policy of central administration of shipping, established a new department, styled the Mercantile Marine Department, in Bombay. The duties in respect of the administration of the Merchant Shipping Acts, Registration of Shipping, Examination of Masters and Mates, etc., which previously were carried out by the Port Officer and the Assistant Port Officer were transferred to the new department from 1st February 1930. In consequence of this change and the abolition of the posts of Port Officer and Assistant Port Officer, the Trustees created a new appointment of Deputy Conservator of the

Port, as Head of the Port, Pilotage, and Dock Masters' Department, to perform all Port Trust duties previously carried out by the Port Officer and the Assistant Port Officer. Commander A. G. Kinch, D.S.O., the Assistant Port Officer, who retired from the Royal Indian Marine, was selected for the appointment of Deputy Conservator. The Trustees placed on record their appreciation of the services rendered to the Port Trust by Captain E. V. Whish, O.B.E., R.I.M., during his tenure of the appointment of Port Officer, and wished him every success in his new appointment of Principal Officer Mercantile Marine Department, Bombay.

19. The Board approved the rules framed in consultation with the Governing Body of the I.M.M.T.S. " Dufferin " for administration of two Bombay Port Trust scholarships of Rs. 100 a month each, to be awarded for a period of three years in each case to selected cadets of the I.M.M.T.S. " Dufferin," on passing out with an " Extra " certificate. The object of the scholarships is to encourage Indian officers of the Mercantile Marine to qualify for appointment to the Bombay Pilot Service in future vacancies. On the recommendation of the Governing Body, the scholarships for the current year have been awarded to Cadets R. Rego and Manoharlal.

20. The Board approved a scheme prepared by the Chairman with a view to assisting the progress of Indianisation in the Mechanical Branch of the Engineering Department. Sanction was accorded to the creation of two new posts of Junior Assistant Mechanical Superintendent on Rs. 400-25-500 per mensen which will be reserved for Indians. It is intended to fill one post immediately if a suitable applicant is available, and if necessary he will be sent to Great Britain to obtain the additional experience and training in a dredger-builder's yard and selected engineering works necessary to qualify him for the higher posts in the Mechanical Branch of the Port Trust. The second post will be reserved for an Indian apprentice who will receive his primary training in the Port Trust Workshops and whose parents or guardians will be required to undertake to send him to Great Britain to complete his training on the lines laid down, the Port Trust assisting by getting him placed at suitable engineering works and shipyards in Great Britain and generally supervising his progress.

21. During the year under report, the Trustees considered a reference from the Government of Bombay requesting their views on the proposals of the Committee appointed by the Central Government to formulate a scheme for the establishment of an Indian Sailors' Home in Bombay as a memorial to Indian seamen who gave their lives in the service of the Empire during the Great War. It was decided to inform Government that the Port Trustees welcome the proposed scheme and are prepared to make a free gift of the plot of land on Masjid Bunder Siding Road selected by the Committee as the most suitable location for the proposed Home. The value of this site is estimated at over Rs. 2 lakhs and will represent the Port Trust share of the capital cost of the undertaking. In addition, the Trustees agreed to undertake, free of supervision and establishment charges, the erection of the building, if so desired by Government, and also to subscribe an annual sum not exceeding Rs. 5,000 towards the maintenance of the Home when opened. The Trustees stipulated that the amenities of the Home should be available for all classes of Indian seamen irrespective of creed or community.

22. The Maternity Home and Infant Welfare Centre opened last year at the Port Trust dock labourers' quarters at Wari Bunder were well patronised during the year under report. The Infant Welfare Centre catered for the needs of 852 children of whom 193 came from the chawls and 659 from outside. The demand for admission into the Maternity Home was so heavy that at times 12 to 14 patients were under treatment against the normal provision of six beds. The total number of admissions during the year was 301 of whom 54 were occupants of the chawls, 29 were wives of Port Trust employees living outside the chawls, and 218 were outsiders living as far as Byculla, Parel and Dadar. The number of births registered was 282. In view of the increasing demand for accommodation, the Trustees sanctioned an extension of the maternity wards at an estimated cost of Rs. 10,073, which will provide an increase of 75 per cent. in the accommodation. Her Excellency Lady Irwin accompanied by Her Excellency Lady Sykes visited the Maternity Home and Welfare Centre on the 16th January 1930. Visits were also paid by the members of the Royal Commission on Labour in India and the delegates to the Women's Educational Conference.

23. As part of the social welfare scheme initiated by the Trustees for their lower paid employees, an expenditure of Rs. 8,410 was incurred during the year under report for a play-ground, gymnasium and other recreation facilities for Port Trust labourers and their families living at Antop Village The scheme included provision of a night school for adults, periodical lantern lectures, dramatic and musical entertainments and the institution of a troop of Boy Scouts. The welfare work is conducted in collaboration with the social service branch of the Young Men's Christian Association.

24. During the year under review, the work of compiling a Bombay Port Trust Handbook was completed by Mr. W. R. S. Sharpe, M. Inst. T., Deputy Chairman, under the Trustees' orders. The Handbook is very attractively produced, its numerous illustrations, maps and plans being a notable feature. The reading matter is divided into nine sections, opening with the early history of Bombay, the days of the East India Company and the constitution of the Bombay Port Trust, leading up to a detailed description of the harbour, the docks and bunders, the Port Trust reclamations, railway and depots, the land estates, the trade of the Port and its finances and future. An additional feature is the provision of a number of appendices dealing with the trade and shipping statistics of the Port, the intention being to issue revised appendices annually. These are accommodated in a suitable pocket at the end of the book.

25 During the year under report, the Bombay Port Trust Act was amended, increasing the number of Trustees nominated by Government from seven to eight and providing that one of them shall be representative of Labour. The Board now consists of 22 members including the Chairman.

REVENUE (Details).

26. The year's Revenue, *excluding Special Receipts*, compares with that of previous years as follows :—

Average of three years ending	1923-24	..	..	Rs.	2,45,83,917
Do. do.	1926-27	..	..	,,	2,73,97,628
During the year	1927-28	.. Rs.	2,81,07,566		
Do.	1928-29	.. ,,	2,86,07,850	Average ,,	2,82,74,199
Do.	1929-30	.. ,,	2,81,07,182		

Result of the year's working compared with previous years (Appendix A).

Compared with the last five years the result of the working of the past year is as follows :—

	Income.			Expenditure.		Surplus.	Deficit.
	Revenue. Proper. Rs.	Surtax. Rs.	Special Receipts. Rs.	Expenditure Proper. Rs.	Special Expenditure. Rs.	Rs.	Rs.
1924–25 ..	2,26,01,556	47,75,428	9,48,694	2,73,20,809	9,65,025	39,844	....
1925–26 ..	2,36,53,748	47,59,801	9,53,590	2,76,53,225	10,03,623	7,10,291	....
1926–27 ..	2,19,90,516	44,11,836	11,56,821	2,75,07,995	11,98,260	..	11,47,082
1927–28 ..	2,34,52,954	46,54,612	12,97,402	2,73,54,098	13,91,353	6,59,517	....
1928–29 ..	2,35,76,345	50,31,505	13,64,082	2,78,95,123	14,81,395	5,95,414	....
1929-30 ..	**2,46,31,933**	**34,75,249**	**14,56,232**	**2,76,23,104**	**16,19,217**	**3,21,093**	....

A comparative statement for the past five years giving the details of revenue under the various departmental sections and heads is printed as Appendix A of this report.

Revenue Reserve Fund

27. The surplus for the year under report amounting to Rs. 3,21,093 has been appropriated to the Revenue Reserve Fund, which will thereafter stand as follows :—

Total as per Administration Report, 1928-29	Rs.	80,40,260
Add—Revenue surplus, 1929-30	,,	3,21,093
	Rs.	83,61,353
Less—Appropriations for special purposes :—		
For resurvey of entrance to Bombay Harbour	Rs.	7,199
*Total ..	Rs.	83,54,154

*Invested in public securities of the par value of Rs. 78,70,300 ..	Rs.	75,68,757
Cash balance	,,	7,85,397
Total ..	Rs.	83,54,154

Taking the securities at their market value the actual value of the Revenue Reserve as at 1st April 1930 amounts to about 70 lakhs of rupees.

Wharfage Fees.

28. Wharfage fees on merchandise at the docks and bunders amounted to Rs. 90,51,221, an increase of Rs. 6,13,793 as compared with the corresponding figure for 1928-29. Transhipment fees on cargo amounted to Rs. 1,70,550, a decrease of Rs. 20,293 as compared with the fees for the year 1928-29.

The following figures show the comparison of import and export wharfage exclusive of surtax for the last three years :—

Year.	Import Wharfage.	Export Wharfage.	Total.
	Rs.	Rs.	Rs.
1927-28	56,21,842	28,24,809	84,46,651
1928-29	51,00,655	33,36,773	84,37,428
1929-30	**57,84,921**	**32,66,300**	**90,51,221**

Bunder Revenue.

29. The revenue from the bunders shows an increase of Rs. 4.42 lakhs as compared with the preceding year. The increase is due to the enhanced importations of bulk petrol and kerosene oil.

Dock Dues on Vessels.

30. The receipts from dock dues on vessels amounted to Rs. 5,56,819, a decrease of Rs. 2,062 as compared with the year 1928-29.

Ground and Shed Rents at the Docks.

31. Ground and shed rent receipts at the docks aggregated Rs. 4,30,633, a decrease of Rs. 78,162 as compared with the year 1928-29, due to quicker clearance of cargoes from the transit sheds.

Cranage Fees at the Docks

32. The receipts from cranage fees at the docks amounted to Rs. 6,20,687 against Rs. 6,31,877 in 1928-29.

There was a considerable decrease in the earnings of the 60-ton floating crane " Sarus " which amounted to Rs. 76,519 against Rs. 99,189 in 1928-29. The number of heavy lifts during the year was 1,034 as compared with 1,250 in the preceding year. The heaviest single lift dealt with was an electric locomotive weighing 48 tons and the maximum tonnage lifted on any one day was 20 packages weighing 163 tons.

Land Estate Revenue.

33. The receipts under Land Estates aggregated Rs. 51,83,982, an increase of Rs. 2,56,784 as compared with the previous year, 1928-29. Ground rent receipts amounted to Rs. 29,67,718, an increase of Rs. 2,03,122 as compared with the previous year. The increase is mainly due to a greater demand for jaitha occupations at the Cotton Depot. The following figures afford a comparison :—

	Rents realized.		
	From leaseholds.	From monthly tenancies.	Total.
	Rs.	Rs.	Rs.
1925-26	16,15,680	11,96,781	28,12,461
1926-27	16,42,193	12,46,548	28,88,741
1927-28	16,98,896	10,26,990	27,25,886
1928-29	17,09,590	10,55,006	27,64,596
1929-30	**18,25,977**	**11,41,741**	**29,67,718**

The total area of land let on leasehold at the end of the year was 1,537,542 square yards against 1,500,629 square yards at the close of 1928-29. The number of leases in force on 31st March 1930 was 572 against 557 on the 31st March 1929.

Merewether and Hughes Dry Docks Receipts.

34. The revenue from the Merewether and Hughes Dry Docks amounted to Rs. 2,60,547 as against Rs. 2,89,215 in the previous year. The gross tonnage dealt with was 562,504 tons against 660,595 tons in 1928-29. The expenditure on working the Dry Docks was Rs. 2,08,960 as against Rs. 2,14,107 in the previous year. Owing to the fall in receipts, the percentage of working expenses to revenue was higher than the previous year, but it still compares favourably with the ratio of expenditure prior to the introduction of the departmental working of the dry docks.

Port Trust Railway Receipts.

35. The receipts of the Railway during the year amounted to Rs. 30,77,519 as against Rs. 29,17,298 in the previous year.

Interest and Miscellaneous Receipts.

36. The receipts under Interest and Miscellaneous amounted to Rs. 14,29,162 as against Rs. 14,06,373 in the preceding year.

Port Department.

37. The revenue of the Port Department amounted to Rs. 6,39,129, an increase of Rs. 42,132 over the previous year.

Pilotage Account.

38. The Pilotage receipts, including interest on investments of the Vessels Replacement Fund, totalled Rs. 5,98,452 as against Rs. 5,57,788 in 1928-29. Pilotage, transporting and pilots' attendance fees realized Rs. 4,28,524 as against Rs. 3,97,031 in the previous year. The receipts from surtax amounted to Rs. 1,07,072. The Pilotage Account closed with a surplus of Rs. 1,62,985 which has been transferred to the Vessels Replacement Fund.

The following amounts were withdrawn during the year from the Vessels Replacement Fund :—

	Rs.
Balance of the cost of the new Steam Pilot Vessel "LADY WILSON"	2,579
Part cost of new steam tug "ZEPHYR" to replace the Steam Launch "LEDA"	22,575
Part cost of new Motor Life-boat "CATHERINE" to replace the Steam Launch "SIREN"	62,315
Part cost of new Launch "WAVELET" to replace Steam Launch "VICTORIA"	15,141
Rs. ..	1,02,610

The Motor Launch "LORNA," which was surplus to Port Trust requirements, was sold to Government for Rs. 12,000 for the use of the Principal Officer, Mercantile Marine Department, Bombay District.

REVENUE EXPENDITURE (Details).

Comparison of Expenditure with previous year and with Budget.

39. The total expenditure charged to Revenue under the several heads of account is compared with the actuals of 1928-29 and the revised budget estimates for 1929-30 in the following statement :—

——	Actuals, 1928-29.	Revised Budget, 1929-30.	Actuals, 1929-30.	Actuals, 1929-30, in comparison with			
				Actuals, 1928-29.		Revised Budget, 1929-30.	
				More.	Less.	More.	Less.

Special Expenditure ..	13,64,082	13,91,000	14,56,232	92,150	..	65,232	..
Grand Total	2,92,59,205	2,93,55,282	2,90,79,336	1,55,375	3,35,244	99,706	3,75,652
Net Difference ..	..	..	..	..	1,79,869	..	2,75,946

A comparative statement showing the expenditure under the respective sections during the past five years is printed as Appendix B of this report.

40. The total expenditure under General and Pilotage Accounts aggregated Rs. 2,76,23,104, a decrease of Rs. 2,72,019 as compared with the previous year.

Ratio of Working Expenses to Receipts.

41. Exclusive of debt charges, the ratio of working expenses to receipts compares favourably with previous figures. The following statement shows the percentage of working expenses to receipts during the last five years :—

Year.	Receipts.	Expenditure.			Percentage of working expenses excluding debt charges to receipts.
		Debt charges.	Working expenses.	Total.	
	Rs.	Rs.	Rs.	Rs.	
1925-26 ..	2,84,13,548	1,32,11,057	1,44,42,168	2,76,53,225	50·83 per cent.
1926-27 ..	2,64,02,353	1,32,07,224	1,43,00,771	2,75,07,995	54·16 ,,
1927-28 ..	2,81,07,566	1,31,40,582	1,42,13,516	2,73,54,098	50·57 ,,
1928-29 ..	2,86,07,850	1,31,37,856	1,47,57,267	2,78,95,123	51·58 ,,
1929-30 ..	**2,81,07,182**	**1,31,47,253**	**1,44,75,851**	**2,76,23,104**	**51·50 ,,**

The reduction under staff expenditure in 1929-30 as compared with the year 1922-23, when the special retrenchment campaign was first started, amounts to about Rs. 10 lakhs after taking into account the cost of the increments to employees on graded pay.

DEBT.

Total Debt.

42. To avoid any increase in debt charges, the Trustees curtailed their Capital programme by postponing all works not immediately essential. No new loan was therefore necessary during the year under report. The total debt of the Board at the close of the year amounted to Rs. 22,21,13,077 of which Rs. 7,40,47,401 was due to Government and Rs. 14,80,65,676 was on account of the Foreshore Securities and Debenture Loans due to the public. Details are given on page 6 of the accounts.

Total Expenditure on Capital Account and Financial position.

43. The total expenditure on Capital account since the constitution of the Trust (pages 3 and 9—14 of the accounts) amounts to Rs. 23,88,15,944 from which Rs. 11,73,994 (being receipts from sale of old plant, etc., paid to Government in reduction of debt to 31st March 1914) has to be deducted, leaving Rs. 23,76,41,950. The cost of the old lightship "COLABA," the Kennery and Dolphin Lighthouses, and certain other properties originally made over to the Trustees by Government free of charge are not included in this amount and it also does not take into account the invested funds and unspent balances of loans aggregating Rs. 6,46,03,673 as under :—

	Rs.
General Sinking Fund	3,55,70,444
Do. P. & L. Account	30,58,457
Victoria Dock Sinking Fund	82,13,718
Revenue Reserve Fund	83,54,154
Vessels Replacement Fund, Pilotage Account	6,43,914
Railway Depreciation, Emergency and Fire Insurance and other funds for special purposes	57,27,102
Cash, being amount of unspent balances of loans	30,35,884
Rs.	6,46,03,673

It will be seen from the above figures that the total expenditure on Capital account is Rs. 23.76 crores whereas the outstanding debt is Rs. 22.21 crores. Of the latter a sum of Rs. 30 lakhs represents unspent Capital balances in hand on 31st March 1930, so that against an expenditure of Rs. 23.76 crores, the Trustees have a debt of Rs. 21.91 crores. The difference of Rs. 185 lakhs is accounted for as follows :—

Rs. 69 lakhs being debt repaid to Government by annual equated payments.

Rs. 116 lakhs being appropriations from Revenue to Capital.

Rs. 185 lakhs.

Details of the appropriations to Capital are given at page 7 of the accounts. The principal item is the sum of Rs. 47 lakhs transferred from the Revenue Reserve Fund to Capital during 1916-21 for expenditure on works as an alternative to borrowing at high rates during this period.

TRADE AND TRAFFIC STATISTICS.

44. The value of the trade of the Port as shown in the Customs returns, inclusive of Government transactions, was Rs. 237 crores as compared with Rs. 257 crores in the previous year, a decrease of about 7.8 per cent. **Aggregate value of trade of year.**

45. Details of traffic in the most important items of the trade of the Port (Docks and Bunders combined) are given in the comparative statement for the last ten years printed as Appendix C of this report. **Appendix 'C' Traffic Statistics.**

46. The traffic at the warehouses during 1929-30 compared with that of the two previous years was as follows :— **Traffic at Warehouses.**

		1927-28.		1928-29.		1929-30.	
		Receipts.	Deliveries.	Receipts.	Deliveries.	Receipts.	Deliveries.
PACKAGE GOODS—							
Piecegoods and Yarn ..	Packages ..	172,703	159,046	181,264	171,921	153,031	169,124
Miscellaneous Goods ..	,, ..	112,779	122,380	105,017	103,191	129,411	123,330
	Total ..	285,482	281,426	286,281	275,112	282,442	292,454
WEIGHT GOODS—							
Miscellaneous	.. Tons	9,050	9,563	8,176	7,834	11,381	11,760
Metal	.. ,,	4,202	4,903	5,736	4,073	4,509	6,022
	Total ..	13,252	14,466	13,912	11,907	15,890	17,782

The stock of piecegoods and yarn on 31st March 1930 was 43,000 packages as against 59,000 packages on 31st March 1929.

The system of remarking, sorting and issuing of receipts at the docks duty paid warehouses was improved and sanction accorded to additional staff to ensure a better distribution at the larger groups of warehouses.

47. The traffic at the docks bonded warehouses was as follows :— **Docks Bonded Warehouses.**

		1927-28.		1928-29.		1929-30.	
		Receipts.	Deliveries.	Receipts.	Deliveries.	Receipts.	Deliveries.
PACKAGE GOODS—							
Piecegoods and Yarn ..	Packages..	33,746	31,796	18,385	19,788	27,874	23,934
Miscellaneous	,, ..	20,895	22,212	18,238	18,256	13,327	14,527
WEIGHT GOODS—							
Miscellaneous	Tons ..	56,950	66,841	26,301	27,595	30,019	35,545

The balances of piecegoods, twist and yarn at the docks bonded warehouses on 31st March 1930 was 8,305 packages as against 4,365 packages on 31st March 1929.

48. The receipts and deliveries at this warehouse during 1929-30 compared with those of the two previous years were as follows :— **Docks Hazardous Goods Warehouse.**

	1927-28.		1928-29.		1929-30.	
	Receipts.	Deliveries.	Receipts.	Deliveries.	Receipts.	Deliveries.
Packages	7,584	7,406	8,948	8,945	8,490	8,741

Sales of Uncleared Cargoes.

49. The sales of uncleared cargoes landed at the docks and bunders during the year realized Rs. 23,019 as against Rs. 23,447 in 1928-29.

Number of Vessels in Docks and at Harbour Walls. (Appendix D)

50. The number of steam and square-rigged Government and merchant vessels which entered the docks or were berthed at the harbour walls, and paid dues, are shown in Appendix D.

Statistics of Vessels entered the Port. (Appendix F)

51. The numbers and tonnage of trade vessels that entered the port during the past ten years as shown in the Customs returns are detailed in Appendix F.

Dimensions of Vessels entering the Docks.

52. Of the vessels which entered the docks 63 were over 470 feet in length and 61 between 450 and 470 feet, as against 65 and 56 respectively, in 1928-29. Of the vessels over 470 feet in length, 30 were over 500 feet long and 8 between 490 and 500 feet.

Dimensions of Vessels entering and leaving the Port.

53. The largest vessel that entered the port was the S.S. "COLUMBUS" length 750 feet, beam 83 feet, and gross tonnage 32,565 tons. This vessel entered and left the port with the deepest draft, i.e., 32′-0″.

Vessels discharging Liquid Fuel.

54. Forty-five vessels discharged liquid fuel at Nos. 18 and 19 berths, Alexandra Dock Harbour Wall and ' K ' berth, Prince's Dock, during the year. The number of oil-burning vessels excluding tankers entering the port during 1929-30 was 270.

Detention of Vessels.

55. Eighteen vessels were detained in the stream for periods varying from 1 day to 3 days awaiting accommodation in the docks. In the case of 16 vessels the detention was for 2 days or less. One vessel was detained for 2½ days and one for 3 days.

Dry Docks. (Appendix E)

56. The following figures show the occupation of the dry docks :—

		1928-29. Days.	1929-30. Days.
Merewether Dry Dock		192¾	183½
Hughes Dry Dock	Inner Section	84½	143¼
	Outer Section	36¼	15
	Whole length	11¼	6
		132	164¼

The number and tonnage of vessels dry-docked during the past ten years are shown in Appendix E.

The largest vessel dry-docked during the year was the S.S. " VICEROY OF INDIA" in the Hughes Dry Dock, 19,648 gross tonnage, 585′ long, 76′ beam.

In view of the fact that in modern ship construction flat plate keels have almost entirely taken the place of bar keels, the Trustees approved a recommendation by their Chief Engineer that the babulwood blocks in the dry docks should be fitted with 4″ soft pinewood caps in order to minimise the effect of unequal distribution of the vessel's weight on the blocks. The estimated cost of this proposal is Rs. 12,000 per annum.

57. The following amendments to the dry docks scale of rates were sanctioned during the year :— **Amendments in Dry Docks Scale of Rates.**

(*a*) Vesting the Docks Manager with discretionary power to waive the levy of the fee of Rs. 450 for engaging the dry dock and not using it in cases where no extra expense or inconvenience is caused.

(*b*) Prescribing that when two vessels are docked together one of which works on Sundays or Holidays, *pro rata* fee for occupation will be levied only against the vessel on which work is performed.

MISCELLANEOUS.

58. In pursuance of the general policy of retrenchment, the Trustees' inspection of Port Trust works was not held during the year under report. **Harbour Inspection.**

A notable event during the year was the visit of H. E. the Viceroy, Lord Irwin, accompanied by H. E. the Governor of Bombay, to the Trustees' Administrative Offices, docks and land estates on the 15th January 1930.

Stores Department.

59. There was a further reduction in the prices of several commodities and annual contracts were entered into in the case of all articles in constant demand. Supplies of coal from Bengal both for general purposes and for use on the Port Trust Railway were contracted for with Messrs. Choonilal Harilal & Co., Bombay, who secured the contract by open tender.

The cost of the stores purchased by the Controller of Stores and the Chief Engineer during the year was as under :—

		Indigenous.	Foreign.	
			Purchased in India.	Purchased through London Agents.
By the Controller of Stores ..	Rs.	11,15,000*	Rs. 7,44,000	Rs. 32,000
By the Chief Engineer	,,	4,27,000	,, 5,34,000	,, 2,25,000
Total	Rs.	15,42,000	Rs. 12,78,000	Rs. 2,57,000

*Coal .. .. Rs. 7,16,000.
Miscellaneous .. .. Rs. 3,99,000.

Bunders and Land Department.

60. In response to a request from the Director, Royal Indian Marine, the Board agreed to let a large plot of land (7,243 square yards) on the Sassoon Dock Reclamation to the Royal Indian Marine on monthly tenancy at a nominal rent for use as a playing ground for boys and other ratings. **Sassoon Dock**

Ballard Estate. 61. There was a revival of interest in available sites on the Ballard Estate. The building on the re-entered plot leased last year to the proprietor of a printing press is almost complete and another re-entered plot has been leased to the Imperial Chemical Industries (India), Ltd. Enquiries have also been received for other vacant plots.

Ballard Bunder. 62. The road running parallel to the wharf and Ballard Bunder was metalled to cope with the heavy motor lorry traffic using the bunder. A new godown was erected on the bunder for the storage of petrol and kerosene used by the craft of the Port Department.

Mody Bay Estate. 63. The Committee of the Prince of Wales Seamen's Institute, finding it necessary to extend their premises, have made arrangements for taking over an area of 789 square yards from the adjoining leasehold of the Bombay Ice Manufacturing Company. The transfer was sanctioned by the Trustees and the work of extension is now in progress.

Grain Depot. 64. To meet the requirements of the large number of employees engaged by General Motors India Ltd., and other firms at the Grain Depot, an area of 544 square yards was leased for construction of a good class restaurant, which has been brought into use.

Mazagon-Sewri Reclamation. 65. The Trustees sanctioned the allotment of an area of 12,650 square yards of open ground on the Mazagon-Sewri Reclamation at a nominal rental of Rs. 25 per month to General Motors India Ltd., for use as a recreation and sports ground by the employees of the company.

Coal Bunder. 66. The demand for accommodation from the coal and charcoal trades at the Coal Bunder was well maintained during the year under review.

Sewri Estate. 67. Owing to the operations of a new oil company in Bombay managed by Messrs. Birla Brothers, all available godown accommodation was taken up for storage of case kerosene oil.

Pir Pao Pier 68. 37 vessels discharged cargoes of bulk petrol and kerosene oil at Pir Pao, against 36 vessels in the previous year. The quantities discharged were as under :—

	1927-28.	1928-29.	**1929-30.**
Petrol, Gallons	12,955,826	14,939,142	**21,958,456**
Kerosene, Gallons	34,926,328	31,770,048	**32,629,125**
Total ..	47,882,154	46,709,190	**54,587,581**

Fires. 69. There were 20 fires on the Trustees' land estate as compared with 19 in 1928-29. Eight occurred at the Cotton Depot, of which three on the jaithas were serious and involved losses aggregating about Rs. 4¼ lakhs. It is, however, satisfactory to note that no serious fire has occurred in any of the cotton godowns since the Depot was opened.

70. The Town Duty collected on behalf of the Municipality at the docks and bunders during the year under report amounted to Rs. 27,78,097 as compared with Rs. 27,93,467 in the preceding year 1928-29. **Town Duty.**

Railway Department.

71. As compared with the preceding year, there was a small increase in foreign traffic on the Port Trust Railway, but local traffic showed a slight falling off. The number of wagons received and despatched during the last two years compares as follows :— **Traffic.**

	Inward.		Outward.	
	1928-29.	**1929-30.**	1928-29.	**1929-30.**
Foreign	87,878	**84,363**	58,129	**69,096**
Local	52,000	**49,365**	53,004	**49,737**
Total ..	139,878	**133,728**	111,133	**118,833**

72. During the year 41 troop and other special trains were run over the Railway as compared with 59 trains in the preceding year. 343 postal and passenger expresses were run to and from the Ballard Pier station, as against 333 in the previous year. **Troop and Passenger Trains.**

73. The supply of foreign wagons was satisfactory, but there were occasional delays in obtaining special types of wagons. In certain cases, the supply of wagons for traffic to stations on the G. I. P. Railway situated near Bombay was supplemented by the use of B. P. T. wagons under special arrangements. **Supply of Wagons.**

The normal supply of wagons from the G. I. P. Railway was considerably interfered with during February and March 1930 by the strike on that railway. At the commencement of the strike demands had to be met as far as possible from available inward wagons. Every effort was however made by the G.I.P. Railway to keep the docks free from congestion.

74. There was a slight falling off in the number of pupils at the Wadala and Antop Village schools, due probably to the children being sent out of Bombay by their parents during the kidnapping scare in the city during the early part of the year. The expenditure on the schools, including cost of annual prizes, amounted to Rs. 6,082. **Vernacular Schools at Wadala and Antop.**

75. Merchandise railed direct into the docks amounted to 702,857 tons, a decrease of 100,933 tons as compared with the previous year. The principal decreases were in seeds, 106,386 tons ; cotton (bales), 15,909 tons and cotton seeds, 46,078 tons. Out of the total quantity of 357,495 tons manganese ore railed into dock for shipment, 30,457 tons were booked for shipment at non-rail served berths and were transported by Port Trust **Railborne Traffic into the Docks.**

agency free of cost to shippers from railhead to alongside the vessels. During the year 198,901 bales of cotton were railed down from Cotton Depot against 289,811 bales in the preceding year.

Reduction of Railway charges on Manganese Ore and Bauxite.

76. During the year under report, the Board considered a representation for a reduction in the port charges on manganese ore to enable the Indian exporting companies to meet the new intensive competition from Russia and Africa. In conformity with the policy adopted in the case of other trades and having regard to the action of the Railway Companies in substantially reducing freight charges on manganese ore, the Board decided to abolish, with effect from 1st December 1929, the Bombay Port Trust Railway through freight charge on manganese ore and bauxite.

Accidents on the Railway.

77. Twenty-seven accident cases were reported to Government during the year under the provisions of the Indian Railways Act. Twenty-one of these involved injuries, none of which proved fatal. In no case was the Railway held to blame.

Prince's, Victoria and Alexandra Docks.

Fires.

78. There were 7 fires at the docks, wharves and sheds and on board vessels and craft while in the docks. None were serious or involved loss of life.

Accidents to Persons in the Docks.

79. The number of accidents to persons in the docks was 756 of which 12 were fatal, 62 serious and 682 slight. Of the fatal cases, 3 were caused by falling into holds or lighters, 2 by falling into dock basins, 1 by goods falling out of slings, and 6 were due to other causes.

Accidents to Vessels in the Docks.

80. Ten accidents to vessels in the docks occurred during the year, only one of which was serious. In six cases Port Trust officials were held to blame.

Crime in the Docks.

81. The return furnished by the Commissioner of Police of cognizable crime in the docks for the calendar year 1929, gives the following particulars which are compared with the corresponding returns of the two previous years :—

	1927.	1928.	1929.
Persons arrested	14,365	16,482	**11,679**
Number convicted	14,143	15,863	**11,251**
Percentage of convictions	98·5	96·2	**96·3**
Number of cases of theft	239	260	**232**
Number of cases in which property was recovered	277	313	**336**
Value of property stolen	Rs. 10,669	Rs. 9,695	**Rs. 16,541**
Value of property recovered	Rs. 4,053	Rs. 2,975	**Rs. 7,265**
Percentage of value of property recovered ..	37·99	30·69	**43·92**

Testing of Stevedores' Chains.

82. In reply to a reference from the Government of Bombay regarding the compulsory testing of stevedores' chain slings as a precaution against accidents to dock workers, the Trustees expressed their willingness to undertake the work, subject to a revision of the testing charges necessary to cover the additional outlay and an amendment of the Docks By-laws to provide for compulsory periodical testing and annealing of stevedores' chain slings.

Amendment of the Sea Customs Act.

83. In connection with a reference from Government requesting the Trustees' views on the draft amendments of the Sea Customs Act, 1878, proposed in order to bring the provisions of the Act into line with modern conditions and to simplify the procedure generally, the Board submitted to Government a reply detailing their opinion and submitting suggestions as regards certain points on which the new provisions and the existing Port Trust rules and procedure are at variance.

Marking of Weights on Heavy Packages.

84. During the year under review, the Board considered a reference from Government in connection with a Draft Convention adopted by the International Labour Conference held at Geneva in 1929 concerning the marking of the weight on heavy packages transported by vessels, with a view to lessening the risk of accident to dock workers; the Trustees informed Government that they saw no objection to ratification of the Draft Convention and agreed that provision should be made for the approximate weight to be marked in exceptional cases where it is difficult to determine the exact weight and that the obligation for seeing the weight marked should rest with the consignor or his agent.

Alterations and Reductions in Scales of Charges.

85. The following alterations and concessions in the scales of charges were sanctioned during the year :—

Dock Scale of Rates.

(*a*) Provision was made for waivure of Sunday and holiday penalty charges in connection with the landing and shipment of live stock, fodder and fittings in connection therewith.

(*b*) A rule was introduced exempting from wharfage small quantities of oil temporarily pumped out of the pipe-lines into tank barges so as to allow of the pipe-lines being used for other varieties.

(*c*) As vessels of the Royal Indian Marine now fly the White Ensign, provision was made to entitle these vessels to the concessions allowed to vessels of war.

Bunders Scale of Rates.

(*a*) The import wharfage on bulk petrol was further reduced by $33\frac{1}{3}$ per cent. from 9 pies to 6 pies per gallon with effect from 1st April 1930.

Wharfage on Perishable Goods.

86. An amendment of the Docks and Bunders Scales of Rates was approved to provide for assessment of charges, when considered desirable, on the landing weights as ascertained by the Docks or Bunders Department. The object of the amendment was to insure against loss or possible evasion of wharfage charges on perishable goods owing to loss of weight due to deterioration between the time of landing and the presentation of the Customs Bill of Entry or Invoice.

Charges on Goods confiscated by the Customs.

87. The Board sanctioned the application of the Bonded Warehouse rates to dangerous goods confiscated by the Collector of Customs and temporarily stored on Government account pending destruction or re-export.

Vernacular School at Wari Bunder

88. The number of pupils on the rolls of the primary vernacular school maintained by the Trustees for the education of the children of dock labourers was 128 on 31st March 1930. The school was inspected by the Superintendent, Municipal Schools, and a grant-in-aid of Rs. 475 was sanctioned by the Municipality. The net expenditure on the school was Rs. 2,249.

Port and Pilotage Department.

Inspection of Lights.

89. During the year 481 day tours and 361 night tours of inspection were made by the special officer in charge of this work. The number of light passes granted was 3,124 ; 274 lectures were given which were attended by 6,886 tindals and boatmen.

Accidents to Vessels in Pilotage charge.

90. There were no accidents to vessels while in pilotage charge during the year.

Wireless Beacon Station at Kennery Island.

91. On the recommendation of the Chief Inspector of Lighthouses in British India and with the approval of the Government of India, the Trustees have undertaken to erect an experimental wireless beacon as an aid to navigation at Kennery Island and have also agreed to maintain the same on behalf of Government at actual out-of-pocket cost.

Passengers Arriving and Leaving the Port.

92. The number of passengers arriving and leaving the port during the year under report was as follows :—

Overseas.

Arrived.			Left.		
Saloon	Deck	Total	Saloon	Deck	Total
30,796	70,125	100,921	39,351	78,421	117,772

Coasting.

Arrived.	Left.
673,080	527,933

CAPITAL (Expenditure and Works).

Capital Expenditure.

93. The aggregate expenditure on Capital Account during the year was Rs. 20,16,690 apportioned over the various works as follows :—

			Revised Estimates Rs.	Actuals Rs.
Section	I.	New Works, Ordinary	4,39,800	**3,44,400**
,,	II.	Alexandra and Hughes Dock Works	9,42,500	**6,20,301**
,,	III.	Port Trust Railway and Depots	14,98,700	**10,51,989**
			28,81,000	**20,16,690**

This outlay was met as follows :—

	Rs.
From Loan Balances in hand	**19,97,336**
,, Sale proceeds of property	**19,354**
	20,16,690

94. The material for this caisson was received last year from Messrs. Vickers-Armstrong, Ltd. The keel was laid on 4th February 1929 in the inner compartment of the Hughes Dry Dock and the work was completed on the 13th April 1929. The expenditure on the caisson, which replaced one built in 1891, amounted to Rs. 2,00,116, of which Rs. 70,265 was expended during the year under report.

New Caisson for Communication Passage between P. & V. Docks.

95. The new Tug "ZEPHYR," ordered last year from Messrs. Alcock Ashdown & Co., Ltd., was delivered after satisfactory trials on the 5th February 1930 and the vessel was put into commission on the 25th February 1930.

Sea-going Tug to replace "Leda."

96. The attended light vessel built in 1872 was found to be unfit and useless for the purpose for which she was maintained. The Trustees therefore decided to replace her by a new Unattended Light Vessel at an estimated cost of Rs. 1,30,669. The vessel complete with the apparatus was supplied by Messrs. Barbier Benard and Turenne, France, and arrived in parts in Bombay. The re-erection was carried out in the Bombay Port Trust Workshops and the vessel was launched on 2nd October 1929. She then proceeded to the Prince's Dock for completion of the steel tower and mounting of the optic and automatic lighting apparatus. The work was completed on 12th November 1929 and the vessel took her position at the outer station on the 2nd December 1929. The expenditure during the year amounted to Rs. 1,33,338.

Unattended Light Vessel No. 2, to replace Attended Light Vessel "Bombay."

97. This motor pinnace was ordered from Messrs. Alcock Ashdown & Co., Ltd., for the Harbour Police Patrol undertaken last year by the Port Trust under the reorganization of the Harbour Police Force. The launch was completed in August 1929, and after satisfactory official trials was put into commission on 2nd September 1929.

New Motor Pinnace "Vigilant" for Harbour Patrol.

98. On account of the large development at Sassoon Dock in connection with the motor and other trades, the sanitary conveniences were found inadequate for the personnel employed by the firms there. The Trustees sanctioned the erection of two additional latrines of 10 and 5 seats respectively, at an estimated cost of Rs. 9,043, of which Rs. 5,435 was expended during the year under report.

Sassoon Dock : Latrines.

99. The Board sanctioned an estimate of Rs. 4,446 for the construction of footpaths, with paved carriage entrances, around plots Nos. 16—19 on the Apollo Reclamation, which were leased for the erection of residential buildings. The work will be put in hand as the buildings are completed.

Apollo Reclamation: Lay-out of Colaba Cotton Green.

100. Tankers discharging liquid fuel at the Alexandra Dock Harbour Wall were unable to use the 10″ pipe-line when the line was in use for bunkering vessels at the Ferry Wharf. An additional bunkering connection from the 8″ pipe-line was provided during the year, so that the 8″ line can be used for bunkering and the 10″ line for discharging simultaneously.

Bunkering Connection to 8″ pipe-line at Ferry Wharf.

101. The work of paving the existing moorum floor of the Carnac Bunder transit shed with reinforced cement concrete, which was commenced last year, was completed during the year under review.

Concreting floor of shed at Carnac Bunder.

Sett-paving Akbar Press Road.

102. To improve the condition of Akbar Press Road joining Argyle Road and Carnac Bunder Siding Road, which was a constant source of complaint from the iron merchants, the Trustees sanctioned its reconstruction. The road was widened to a uniform width of 20 feet and provided with kerbs and water-tables on both sides, and manholes and water entrances at every 80 feet of length. The surface was given a seal coat of Spramex. The amount expended during the year was Rs. 7,661.

Lighting Malet Bunder

103. Representations having been made by merchants regarding the frequency of theft of goods lying at the Malet Bunder owing to inadequate lighting, the Board sanctioned the provision of 9 lights at a cost of Rs. 2,980.

Latrine at Mazagon Pier.

104. A new latrine was constructed during the year at Mazagon Pier for the use of the Port Trust and Customs staff stationed there.

Protection of Kerosene Oil Pipe-line against Fire.

105. In 1928-29 the Trustees had sanctioned the provision of additional fire precaution measures in connection with the kerosene pipe-lines running from the discharge berths on the Harbour Wall to the installations at Sewri. The work was completed during the year under report, the amount expended being Rs. 15,000, which with Rs. 28,891 spent last year makes a total expenditure of Rs. 43,891 on the scheme.

Pir Pao Bulk Oil Piers.

106. Considerable progress was made during the year under report with the work of installing the necessary plant for lighting the oil pipe-line from Wadala to Pir Pao and for supplying lighting power to vessels discharging at night. The revised estimate for the work, which includes the provision of a cook-house and electric generating station, is Rs. 84,803, of which Rs. 30,324 was expended by 31st March 1930.

The Trustees have also had under consideration proposals for accelerating the rate of discharge of bulk petrol and kerosene at Pir Pao in view of the steady increase in imports of petrol, the anticipated future expansion in volume and the improvement in the discharge capacity of modern oil-tankers. A detailed scheme prepared by the Trustees' Chief Engineer was considered and it was decided to proceed immediately with the first stage of this scheme at an estimated cost of Rs. 86,510. This provides for replacement of the existing 8″ pipe between the pump-house and the pier head by a 10″ pipe and provision of an additional turbine and centrifugal pump and the substitution of a 5″ steam pipe between the boiler-house and the pier head. These improvements will increase the discharge capacity from 320 to 350 tons per hour in the case of kerosene and from 134 to 150 tons per hour in the case of petrol. The remaining two stages of the complete scheme, which is estimated to cost in all about Rs. 11 lakhs, will be taken in hand as the necessity arises. They involve substitution of a 12″ pipe-line for the present 8″ line from the pier head to the installations, provision of an additional steam-turbine and centrifugal pump and three additional boilers with staging. It is calculated that the complete scheme, when brought into effect, will increase the maximum pumping capacity to 530 tons per hour in the case of kerosene and 290 tons in the case of petrol and will also enable simultaneous discharge of petrol and kerosene to be effected at a rate of 400 tons per hour.

Mazagon-Sewri Reclamation : Godown for Havero Trading Co.

107. The Havero Trading Co., Ltd., one of the largest Continental Chemical and Dyestuffs Corporations, applied for a lease of a godown for the storage of their dyestuffs. The Trustees sanctioned the erection of a steel-framed godown 540′ × 115′ wide, with concrete block walls and galvanized corrugated sheeting roof, east of the General Motors Works on the Mazagon-Sewri Reclamation. The godown was fitted with two light crane tracks carried by hangers from roof trusses for overhead travelling cranes. A pinjra was constructed in the north end of the godown and a partitioned enclosure for machinery and packing rooms was provided at the south end. An office enclosure, with sanitary conveniences for the employees, was also provided. The Company desired to have garages and washing places for their labourers which were also provided by the Trustees. The expenditure on the godown and the subsidiary works amounted to Rs. 3,51,911. The rental charged to the Company is based on the capital cost of the works to the Trustees and the term of the lease is 20 years.

Wadala Reclamation : Filling and Roads.

108. A sum of Rs. 10,619 was spent during the year under report on filling and roads on the Wadala Reclamation, being mainly the balance of expenditure in connection with surfacing and developing the area of 45,000 square yards leased to the Standard Oil Co. of New York for a petrol installation.

Wadala Reclamation : Fire Service and Water-supply.

109. An expenditure of Rs. 27,532 was incurred during the year under review in improving the water-supply on the Wadala-Sewri Estate. Owing to the Trustees having leased considerable areas on the Wadala Reclamation for industrial purposes, it was found that the existing supply was entirely inadequate and useless for fire protection purposes at the kerosene and petrol installations at Sewri-Wadala. The question of liability for the provision of fire service and water-supply on Port Trust estates has not yet been finally settled, but in view of the urgency of the work the Board agreed to meet the full expenditure, pending settlement of the incidence of cost. The case submitted to the High Court by mutual agreement between the Municipality and the Port Trust for a ruling on the question of this liability proved abortive as the judgment of the Court was that the matter was primarily one for decision by Government under the provisions of the City of Bombay Municipal Act.

Sewri Overbridge.

110. The Board sanctioned a revised and reduced estimate amounting to Rs. 8.20 lakhs for construction of an overbridge at Sewri over the Port Trust and G. I. P. Harbour Branch Railways, the cost being shared proportionately by the Port Trust and the G. I. P. Railway. This overbridge is an essential link in the Tripartite Road scheme agreed upon several years ago between the Port Trust, the Municipality and the Improvement Trust and designed to open up a through connecting road between Wadala and Sewri on the east side of the Island and Parel and the western districts. The necessity for improving the road communications from east to west of the Island has become more urgent since the opening of the Harbour Branch Railway and the resulting delays to road traffic at the Sewri level crossings. The Port Trust portion of the Tripartite Road was completed several years ago, the Municipal portion including the cutting through Golanji Hill is now

in hand, but the Improvement Trust portion through Old Parel Village has not yet been started. The actual construction of the overbridge will not be put in hand until sufficient progress has been made towards the completion of the Tripartite Road, but a commencement was made on the embankments forming the approaches as moorum filling was available from Golanji Hill. The expenditure during the year under report amounted to Rs. 16,887.

Installation of Transformers for Electric supply at Cotton Depot and Wadala.

111. An expenditure of Rs. 10,216 was incurred during the year under report on the installation of two transformers, one at the Cotton Depot and the other at Wadala, as it was found to be more economical for the Port Trust to take over H. T. current from the B E. S. & T. Co., Ltd., and transform it to L. T.

Cotton Depot.

112. At the Cotton Depot, the construction of 11 open sheds, $77\frac{1}{2}' \times 44' \times 16'$, for storage of cotton during the monsoon months, was completed at a cost of Rs. 68,938. Additional drinking taps were provided for the convenience of the public.

Grain Depot.

113. There was considerable development at the Grain Depot, as will be seen from the following details of expenditure incurred during the year under review :—

	Rs.
New " T " shed, 1,012′ × 126′	3,22,180
New " M " shed, 528′ × 126′	24,141 (part cost).
Extending " B " shed by 500′ to cover north half of " B " plinth	1,36,996
Alterations to " H " shed for lease to Imperial Chemical Industries (India), Ltd., for storage of imported chemicals	14,859
Enclosing platforms for lease to Messrs. Brunner Mond & Co.	627
Total Rs. ..	4,98,803

Port Trust Railway.

114. The wooden floors of 50 " A " class wagons were replaced by steel floors during the year at a cost of Rs. 21,753. New sidings were laid to the plots leased to Messrs. Mawson Vernon & Co., Ltd., at Wadala. The level crossings on Manson Road, which give direct access to the docks, were sett-paved on a concrete foundation at a cost of Rs. 10,565.

Alexandra and Hughes Docks.

115. The expenditure on the Alexandra and Hughes Docks during the year amounted to Rs. 6,20,302, making a total of Rs. 6,27,38,235 since

the commencement of the work in 1904. The following are the principal details of the expenditure during 1929-30 :—

	Rs.
Transit shed at No. 16 berth	3,27,409
Deepening entrance channel	62,815
Paving and metalling of wharves	58,589
Sett-paving of railway tracks	30,090
Railway siding at Ballard Pier station ..	24,008
Surfacing storage area at No. 17 berth ..	19,043
Providing iron roller paths for cranes	15,671
Weighbridge for lorries	9,809

116. In pursuance of the Trustees' programme for the complete development of Alexandra Dock, plans and estimates amounting to Rs. 9,50,164 were sanctioned for a double-storied shed at No. 16 berth with a floor area (excluding galleries) of 64,020 square feet. The work was taken in hand, and by the end of the year the reinforced concrete piled foundations for columns and reinforced concrete founds for the walls were completed.

117. The deepening of the entrance channel to 26 feet below L.O.S T. was continued during the year, the work consisting of cutting the rock in the inner portion of the channel with the Rock Cutter " Nautilus."

118. The wharves of berth No. 17 and portion of No 16, measuring 417 squares, were paved with sett stones on 6″ cement concrete bed. About 317 squares of storage area at No. 17 berth were paved with 9″ rubble packing and 6″ consolidated metal grouted with Mexphalte and the surface treated with Spramex.

119. A considerable area of railway tracks crossing the main roadways in Alexandra Dock were sett-paved during the year.

120. Owing to the increase in the number of trains to be dealt with at the Ballard Pier Station during the busy season, a fourth line and platform were provided.

121. About 1,986 lineal feet of cast-iron roller paths were laid on the granite copings of the Dock Wall, making a total of 9,282 lineal feet since the commencement of the work.

122. The work of installing a 20-ton weighbridge for accommodating road vehicles, including the largest motor lorries, was completed during the year. A chowkey was also provided as an office for the weighbridge clerks.

123. Two office buildings, each 25′ × 15′ inside, were constructed at berths Nos. 10 and 17 for the use of the dock staff posted at these berths.

124. The construction of additional quarters for crews of dock tugs was started and the work was well in hand at the close of the year. The building consists of two storeys, the ground floor to be used as a drying room and the upper floor as a dormitory.

SPECIAL REVENUE WORKS.

Shelter Shed for troops at No. 18 berth, Alexandra Dock.

125. In response to a request by the Embarkation Commandant that the Trustees should provide covered accommodation for troops near No. 18 berth, Alexandra Dock, as the whole of the space at the passenger shed was required for baggage and equipment, the Board sanctioned the erection of a shelter shed (to accommodate 800 men) at a cost of Rs. 23,127. The work was almost completed by the end of the year.

Provision of Sleeping Quarters for Docksstaff on Night duty.

126. A portion of the ground floor of No. 1 Warehouse, Prince's and Victoria Docks, was partitioned off into six cubicles to provide sleeping accommodation for Docks staff on night duty. Washing places, electric lights and fans were provided for the convenience of the staff using the cubicles.

MAINTENANCE DREDGING.

127. The total quantity dredged during the year on Revenue account was 2,591,580 tons as against 3,663,760 tons in the previous year, 1928-29. The average cost per ton on maintenance dredging was 3·55 annas per ton. Consequent on the reduction in the dredging operations, the Board sanctioned a revision of the scheduled dredging staff to correspond with the reduced number of vessels in commission. The dredger "OCTOPUS" and the hopper barges "GULL," "HERON" and PEEWIT," which were surplus to requirements, were sold.

BOARD OF TRUSTEES.

128. During the year under report, 28 general meetings of the Board and 60 meetings of the Committees were held.

Appendix I shows the changes among the members of the Board during 1929-30.

STAFF.

Total Staff.

129. The total approximate number of staff employed during the year as compared with the two previous years was as under :—

	1929-30.	1928-29.	1927-28.
Permanent—Superior	1,996	1,979	1,954
,, —Inferior	441	442	447
Temporary Staff (including casual labour at the Docks)	8,799	9,170	9,806
Total ..	11,236	11,591	12,207

Housing of Staff.

130. Appendix H shows the number of employees housed to the end of the calendar year 1929. In consequence of the curtailment in the Capital programme, no further expenditure was incurred during the year on staff housing.

131. The average daily attendance at the Trustees' Dispensary at Prince's Dock was 85.11. There were 1,177 cases of injuries and 1,505 sick certificates were granted. At the Wadala Dispensary, the average daily attendance was 24.43; 2,661 cases of accidents were treated and 389 sick certificates were issued. At the Antop Village Dispensary, the average daily attendance was 25.8; 88 cases of injuries were treated and 546 sick certificates issued. At the Grain Depot Dispensary, the average daily attendance was 14.40 and 754 cases of injuries were treated; the number of sick certificates granted was 215. During the year 1929-30, there were 20 deaths among the superior and 6 among the permanent inferior staff. **Attendance at Dispensaries.**

132. In accordance with the orders of Government, a statement is printed as Appendix J showing how the vacancies in the permanent superior cadre of appointments with a maximum pay of Rs. 500 and over were filled during the years 1928-29 and 1929-30. The four appointments filled by Europeans during the year 1929-30 consisted of the Deputy Conservator and three Pilots. No statutory Indians with the required qualifications, experience and training were available for these posts. **Recruitment of Superior Staff (Appendix J).**

133. Government were pleased to grant a year's extension of service, from 21st February 1930, to Mr. W. H. Neilson, O.B.E., V.D., M.A., M.A.I., M.Inst.C.E., M.I.Mech.E., the Chairman of the Board, on his attaining the age of 55. **Chairman of the Board.**

134. Mr. W. R. S. Sharpe, M.Inst.T., Deputy Chairman, proceeded on six months' leave from 1st August 1930. **Deputy Chairman.**

135. Mr. J. McClure, M.Inst.C.E., Chief Engineer, proceeded on leave preparatory to retirement from 22nd November 1929, having attained the age limit. Mr. G. E. Bennett, M.Sc., M.Inst.C.E., M.I.M.E., Deputy Chief Engineer, was appointed to act as Chief Engineer *vice* Mr. McClure and was subsequently confirmed as Chief Engineer. **Appointment, Leave and Retirement of Officers.**

Mr. A. Hale-White, M.A., M.Inst.C.E., Executive Engineer, was appointed Deputy Chief Engineer *vice* Mr. Bennett.

136. Mr. C. Pusey Gay, Chief Accountant, proceeded on eight months' leave from 25th March 1930. Mr. J. F. Pereira, B.A., Deputy Accountant, was appointed to act as Chief Accountant *vice* Mr. Gay.

137. Mr. D. G. M. Mearns, Railway Manager, proceeded on 7 months and 15 days' leave from 7th April 1930. Mr. A. F. Watts, Deputy Manager, was appointed to act as Railway Manager *vice* Mr. Mearns.

138. Mr. H. E. Lees, Controller of Stores, proceeded on 8 months' leave from 3rd April 1930. Mr. W. J. Wilson, 1st Assistant Controller of Stores, was appointed to act as Controller *vice* Mr. Lees.

139. Mr. C. N. Rich, B.A., Docks Manager, proceeded on 3 months and 4 days' leave from 9th June 1930. Mr. F. A. Borissow, Deputy Manager, was appointed to act as Docks Manager *vice* Mr. Rich.

140. The Trustees are again pleased to record their cordial appreciation of the efficient work of their officers and staff in all departments throughout the year.

W. H. NEILSON,
Chairman.

6th August 1930.

APPENDIX A.

Comparison of Receipts under the various heads during the past five years ; increases or decreases during 1929-30 as compared with 1928-29 :—

Budget Head.	1925-26.	1926-27.	1927-28.	1928-29.	1929-30.	Increase or decrease during 1929-30 as compared with 1928-29.

APPENDIX B.

Comparison of Revenue Expenditure under the various heads during the past five years; increases or decreases during 1929-30 as compared with 1928-29:—

———	1925-26.	1926-27.	1927-28.	1928-29.	1929-30.	Increase or decrease during 1929-30 as compared with 1928-29.	
						Increase.	Decrease.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs
SECTION I.—General Charges.	22,64,570	24,78,026	25,15,532	25,03,718	25,57,331	53,613	....
SECTION II.—Bunders and Land	15,56,743	19,26,978	14,65,529	16,54,307	15,93,312	....	60,995
SECTION III.—Railway Department	19,41,146	17,26,436	17,03,157	17,32,332	17,10,868	....	21,464
SECTION IV.—Wet Docks ..	69,68,063	67,00,108	70,51,835	72,90,466	71,17,571	....	1,72,895
SECTION V.—Dry Docks ..	2,51,725	2,29,125	2,31,138	2,14,107	2,08,960	....	5,147
SECTION VI.—Rents.. ..	1,34,523	1,34,523	1,34,524	1,34,309	1,34,524	215	....

DETAILS OF CAPITAL EXPENDITURE IN 1929-30.

SECTION I.

NEW WORKS, ORDINARY—CAPITAL.

Expenditure.	Revised Budget Estimates, 1929-30.	Actual Expenditure, 1929-30.
	Rs.	Rs. a. p.
NEW WORKS, ORDINARY.		
GENERAL.		
New caisson for communication passage between Prince's and Victoria Docks	73,800	70,265 3 6
Sea-going Tug to replace Steam Launch "Leda" (half cost)	46,800	22,574 8 0
Unattended Light Vessel to replace attended Light Vessel "Bombay"	1,37,000	1,33,338 4 6
New Motor Launch for Harbour Patrol	15,200	14,823 0 0
SASSOON DOCK.		
Latrines	5,400	5,435 2 0
APOLLO BUNDER.		
Lay-out of Colaba Cotton Green—Paving footpaths near plots 16-19	900	900 15 0
ELPHINSTONE ESTATE.		
Bunkering connection to 8" pipe line at Ferry Wharf	1,300	791 11 0
Lighting Malet Bunder	3,000	1,909 0 0
Concreting floor of Shed at Carnac Bunder	1,900	1,875 3 0
Purchase of plot of land near Masjid Station from Government	8,000	....
Sett-paving Akbar Press Road	9,200	7,661 8 0
MAZAGON AND TANK BUNDER (OLD ESTATE).		
One-seated latrine at Mazagon Pier	1,600	1,571 13 0
Widening 60' road north of Reay Road (Jackeria Bunder Road) to Sewri New Road ..	....	*Cr.* 2,279 11 0
Reclamation for coal north of existing Coal Bunder	....	*Cr.* 1,249 2 0
SEWRI AND WADALA PROPERTIES.		
Road between Texas Company and John Roberts at Sewri	600	471 3 0
Protection of Kerosene Oil Pipe Line against fire	15,700	15,000 9 0
Bulk Oil Installations.		
Electric installation for discharge of bulk petrol by night and cook-house at Pir Pau ..	77,900	30,323 12 0
Stamp duty and expenses in connection with re-issue of loans of 1899 and 1919 ..	41,500	40,986 12 0
Total Rs. ..	4,39,800	*3,44,399 11 0

* Includes Rs. 20,082 on account of Engineering Staff for supervision which has been apportioned *pro rata* over the several works.

Examined and found correct.
